Constitutional Problem In Kenya:

Britain and Kenya's Constitutions, 1950-1960, Grigg Baron Altrincham, 1933 **The constitutional problem in Kenya** Edward William Macleay, 2025-06-10

A key book about rights separation of powers and the State which assesses a decade and a half of transformative constitutionalism in Kenya through the lens of landmark constitutional judgments discussing their international import and suggesting new pathways towards democratic constitutionalism. In 2010 after more than two decades of struggle Kenya's new Constitution was born. Widely accepted to be transformative in nature in the decade and a half since it was enacted the Constitution has been at the centre of national discourse. And in that time the country's courts have been confronted with crucial and high stakes constitutional disputes which are both distinctively Kenyan in nature but also are disputes that have long been common to constitutional democracies around the world. They include issues around constitutional change, federalism, imperial presidencies, the role of the legislature, election disputes, land rights and horizontality among others. Drawing comparisons with constitutional jurisdictions globally which often rely upon precedent from each other's jurisdictions, this book examines transformative constitutionalism under the 2010 Constitution and shows that while Kenyan courts have been informed by and been in conversation with global precedent, they have crafted unique and particular solutions. The book excavates the engagement of Kenyan Courts with the 2010 Kenyan Constitution to highlight the unique and innovative contributions that Kenyan courts have made to global constitutional problems and to suggest pathways for the future. Showcasing the jurisprudence of the courts in action, this book discusses how and when the power to amend a constitution can be limited or constrained and how constitutional change can be insulated from political interference. It examines issues of parliamentarianism and devolution in the context of the national controversy around constituency development funds and reveals how Kenya provides a model for understanding constitutional separation of powers. It looks at the process for challenging presidential elections and details how the Supreme Court has aimed to set out clear legal and evidentiary standards for how a court ought to deal with a pure political dispute, something with which judiciaries around the world have struggled. It explores the evolution of socio-economic rights including the right to housing, non-discrimination and equality before the law as well as the question of how transformative constitutionalism interrogates private power. Placing contemporary Kenyan constitutionalism at its heart, this work of comparative constitutional law asks what the ongoing global constitutional conversation can learn from the Kenyan experience under its new order. Young,2012-12-04 Minority and indigenous women in Kenya are discriminated against on multiple levels they are targeted because of their identification with a minority or indigenous group and as women both by cultural practices within their own community and because of gender discrimination more widely This report examines the challenges and the new opportunities that have emerged with the passing of the new Constitution in 2010 The goal of the report is to reflect the voices and experiences of women from diverse minority and indigenous communities in Kenya For hunter gatherer women many of whom have been displaced and forced to become squatters community land rights are a primary concern They view their lack of opportunities basic services and education for girls as a direct result of their displacement For pastoralist women insecurity and conflict in areas where they live has a disproportionate impact on them Cultural practices that are harmful to girls such as female genital mutilation and early marriage reduce girls access to education and entrench women s poverty For fisher peoples environmental degradation and collapsing fish stocks are major fears Women from these communities expressed their frustration at traditional gender roles that place much of the responsibility for meeting the family s basic needs on women While there is strong leadership from individual women in many of the minority and indigenous communities described in this report the majority of women face ongoing violations of their human rights Trapped in a cycle of poverty that they attribute directly to decades of marginalization they fear that they and their children will not be able to take advantage of gains in the new Constitution This report highlights actions identified by minority and indigenous women that should be taken by the government and other actors to support women s empowerment and participation in the decision making processes that directly affect them

Election Njogu, Kimani,Wekesa, Peter Wafula,2017-08-09 When voters enthusiastically turn up to cast their vote during

general elections they expect that their action would meaningfully change their lives But in most of Africa even when elections are held on a regular basis voters are quite often disappointed by the performance of their leaders who use the new positions as an opportunity to loot public resources and consolidate power It is almost as if elections are of minimal value to the populace Notwithstanding this trend when they are free and fair general elections can be transformative They can bring into the political arena men and women of integrity committed to service and accountability Inspired by the determination to have inclusive governance and the advancement of democracy Kenya s 2013 General Election Stakes Practices and Outcomes asks important questions related to political participation coalition building politics of identity the international criminal

court electoral systems and institutions and the judiciary The papers are written by mainly Kenyan academics and civil society actors who examine the drivers of the 2013 general elections and the sources of the mandate to lead This book is part of publications by Twaweza Communications on democratic practice and accountable governance in Kenya *Kenya National Assembly Official Record (Hansard)* ,2010-10-05 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya *Kenya National Assembly Official Record (Hansard)* ,2000-07-27 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya *Kenya National Assembly Official Record (Hansard)* ,1999-04-07 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya

Maxon,2011-04-01 Kenya s Independence Constitution Constitution Making and End of Empire is a narrative of the evolution of the constitution that was put into effect as Kenya s history as a colonial possession came to an end It details the attempts of the colony s political elite and the British Colonial Office to find a constitutional means to move Kenya to the status of independent state As this process moved forward political ethnicity assumed central significance This produced an environment in which demands for a federal constitution popularly termed majimbo came to dominate constitutional discourse Deep disagreement among Kenya s political elite over this issue marked the remainder of the colonial period That

elite now represented by the Kenya African National Union KANU and the Kenya African Democratic Union KADU advocated different constitutional paths to independence KADU s demands for a majimbo constitution dominated discourse during 1962 and early 1963 but deep disagreement characterized the constitutional negotiations This resulted in a constitution for self government introduced on June 1 1963 that was regional in character but fell short of a federal system Almost as soon as it came into existence this constitution faced pressure for substantial change from KANU the party that won the 1963 general election As a result the British government was forced to make alterations in what became the independence constitution The latter proved a prelude to the destruction of majimbo a year later Kenya s Independence Constitution provides the first in depth description of the final stage of colonial Kenya s constitutional evolution This book not only provides a detailed account of the process of constitution making including definitive treatments of the final two constitutional conferences of 1962 and 1963 Utilizing British and Kenya cabinet papers and secret intelligence reports never featured in earlier accounts the narrative also destroys many of the myths Kenya National Assembly Official Record (Hansard) ,2008-08-06 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya
