The Consul's File Paul Theroux, 2011-08-04 Award winning writer Paul Theroux takes us on a journey through small town Malaysia through the eyes of the exuberant Spencer Savage in his breathtaking novel *The Consul's File* Spencer Savage a young American consul is posted to Ayer Hitam a small Malaysian town in the 1970s Told to close down this remote outpost in the sweltering jungle he instead finds himself drawn to the many characters he meets among the Malays Indians Japanese Chinese and the clubbable expat Brits Through his eyes we see the rich tapestry of multi ethnic life in post colonial Malaysia from adultery to murder from ghost stories to the murky waters of diplomatic politics It is a brilliant portrait of a vanished time a lost landscape and scattered peoples A cool and witty sequence a polished and professional performance Guardian Theroux's writing is at its most adventurous in *The Consul's File* There is no book I can compare this to Mr Theroux's artistry is individual serene yet also grainy with fierce truths The Times American travel writer Paul Theroux is known for the rich descriptions of people and places that is often streaked with his distinctive sense of irony his novels and collected short stories *My Other Life* *The Collected Stories* *My Secret History* *The Lower River* *The Stranger at the Palazzo d'Oro* *A Dead Hand* *Millroy the Magician* *The Elephanta Suite* *Saint Jack* *The Family Arsenal* *The Mosquito Coast* and his works of non fiction including the iconic *The Great Railway Bazaar* are available from Penguin **Mexican Consuls and Labor**

Organizing Gilbert G. González, 2010-07-05 Chicano history from the early decades of the twentieth century up to the present cannot be explained without reference to the determined interventions of the Mexican government asserts Gilbert G. González In this pathfinding study he offers convincing evidence that Mexico aimed at nothing less than developing a loyal and politically dependent emigrant community among Mexican Americans which would serve and replicate Mexico's political and economic subordination to the United States González centers his study around four major agricultural workers strikes in Depression era California Drawing on a wide variety of sources he documents how Mexican consuls worked with U.S. growers to break the strikes undermining militants within union ranks and in one case successfully setting up a grower approved union Moreover González demonstrates that the Mexican government's intervention in the Chicano community did not end after the New Deal rather it continued as the Bracero Program of the 1940s and 1950s as a patron of Chicano civil rights causes in the 1960s and 1970s and as a prominent voice in the debates over NAFTA in the late 1980s and early 1990s

Public Record Office, 1964 *Circulars* United States Department of State, 1921 **The Master Architects** Richard Hume Werking, 2014-07-15 During the twenty years before World War I several key figures worked to improve the foreign service and to reform its appointment system Richard Hume Werking explores both the methods and the motives of these master architects Unlike other scholars Werking finds that the foundations and general structure of the United States foreign service emerged before World War I He sees its development as prompted less by foreign crises than by economic conditions particularly the need to stimulate export trade Indispensable to its growth were

the dedicated efforts of bureaucrats who were loyal to national interests but wished the opportunity to do interesting work and to receive recognition when they did it well

Introduction **Even the Women Are Leaving** Larisa L. Veloz, 2023-05-09 The first decades of the twentieth century were crucial for the development of Mexican circular family migration a process shaped by family and community networks as much as it was fashioned by labor markets and economic conditions Even the Women Are Leaving explores bidirectional migration across the US Mexico border from 1890 to 1965 and centers the experiences of Mexican women and families Highlighting migrant voices and testimonies Larisa L Veloz depicts the long history of family and female migration across the border and elucidates the personal experiences of early twentieth century border crossings family separations and reunifications This book offers a fresh analysis of the ways that female migrants navigated evolving immigration restrictions and constructed binational lives through the eras of the Mexican Revolution the Great Depression and the Bracero Program

Hugo Grotius's Remonstrantie of 1615 David Kromhout, Adri Offenbergh, 2019-04-09 Grotius wrote the Remonstrantie around 1615 at the request of the States of Holland to define the conditions under which Jews were to be admitted to the Dutch Republic At that time he was already an internationally recognized legal expert in civic and canon law The position taken by Grotius with respect to the admission of the Jews was strongly connected with the religious and political tensions existing in the Dutch Republic of the early 17th century The Remonstrantie shows how Grotius's views

evolved within the confines of the philosophical and religious concepts of his time It is an example of tolerance within political limits analyzed by the author David Kromhout and made accessible through a modern translation **The Trans-Mississippi West, 1804-1912: A guide to records of the Department of State for the territorial period** ,1993
