examine how Guns N Roses impacted popular culture Unlike those who have penned other treatments of what might be considered a clichéd subject Art Tavana is not writing as a GNR patriot or former employee His book aims to provide an untethered exploration that machetes through the jungle of propaganda camouflaging GNR's explosive appeal After circling the band's three decade plundering of American culture Goodbye Guns N Roses uncovers a postmodern portrait that persuades its viewer to think differently about their symbolic importance This is not a rock bio but a biography of taste that treats a former hair metal band like a decomposing masterpiece This is the first Guns N Roses book written for everyone from the Sunset Strip to a hyper digital generation's connection to Woke Axl it is a pop investigation that dodges no bullets
