Olson, John J. Boll, 2001-09-15 A detailed analysis of the complex process of providing subject access in online catalogues The text examines the interaction of the several necessary components such as the catalogue database users hardware and software and search and retrieval software [The Yale Law School Guide to Research in American Legal History](#) John B. Nann, Morris L. Cohen, 2018-06-19 The study of legal history has a broad application that extends well beyond the interests of legal historians An attorney arguing a case today may need to cite cases that are decades or even centuries old and historians studying political or cultural history often encounter legal issues that affect their main subjects Both groups need to understand the laws and legal practices of past eras This essential reference is intended for the many nonspecialists who need to enter this arcane and often tricky area of research **The Journal of Library History**, 1984 *Introduction to Technical Services* G. Edward Evans, Sandra M. Heft, 1994 This classic text has been welcomed by all who want a thorough understanding of technical services It covers all aspects of the field emphasizing automation as it affects technical services work and those skills that can be developed through work experience or classroom instruction Various automated acquisition systems are described

and a lengthy section on automated serials systems is included Contains numerous illustrations statistics and study guide questions **Library Literature** H.W. Wilson Company,1983 An index to library and information science *Dewey Decimal Classification, 20th Edition* Jeanne Osborn,1991 This work traces recent developments in the Dewey Decimal Classification and points to those characteristics which appear to be shaping its future Although designed for use with previous editions of DDC this offers reliable explanation and drill The present study is more concerned with differences between DDC 19 and DDC 20 *Journal of Education* ,1881 *Dewey Decimal Classification, 21st Edition* Mona L. Scott,1998 A book of cataloging exercises for practicing the placing of Dewey Decimal numbers in library materials In librarian s office *A Reference Guide for English Studies* Michael J. Marcuse,1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal *The American Bookseller* ,1877
