R. Dobbs, SubGenius Foundation, 1983 A parody of religious cults and fanaticism looks at nuclear war world hunger UFOs the environment and the future **The Book of the SubGenius** J. R. Dobbs, 1983 **Invented Religions** Carole M. Cusack, 2016-05-06 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation *Handbook of Hyper-real Religions* Adam Possamai, 2012-03-28 Hyper real religions are innovative religions and spirituality that mix elements of religious tradition with popular culture Through various case studies this book studies the on and off line religious spiritual consumption of these narratives through a social scientific approach *Making Sense of Marshall Ledbetter* Daniel M. Harrison, 2014-11-11 Armed with an empty whiskey bottle and wearing a tie dyed Jimi Hendrix T shirt Florida State University dropout Marshall Ledbetter broke into the Florida State Capitol early one morning in June 1991 He occupied the Sergeant of Arms suite demanding an extra large Gumby s pizza and 666 donuts for the cops waiting outside He hoped to garner media attention for his protest of poverty homelessness and cuts to higher education After an eight hour standoff Ledbetter was betrayed by the very media he had counted on to tell his story his demands were not broadcast on CNN as he had been promised but streamed into the office on closed circuit TV Although he left the building peacefully the ensuing trial his trips in and out of the state s mental health institutions over the following decade and his eventual suicide in 2003 speak to how difficult it is to untangle addiction isolation brilliance and deviance Ledbetter s invasion of the Capitol remains the biggest security breach of

the building's history but Daniel Harrison's telling of the Ledbetter saga is about more than one misguided young man's breaking and entering into the state's most secure building Making Sense of Marshall Ledbetter thoughtfully and honestly explores the ways society manages deviant people in real world situations and whether or not our law enforcement and justice systems are adequately equipped to handle mental illness **Magic, Rhetoric, and Literacy** William A.

Covino,1994-07-28 This book presents a selective introductory reading of key texts in the history of magic from antiquity forward in order to construct a suggestive conceptual framework for disrupting our conventional notions about rhetoric and literacy Offering an overarching pointed synthesis of the interpenetration of magic rhetoric and literacy William A Covino draws from theorists ranging from Plato and Cornelius Agrippa to Paulo Freire and Mary Daly and analyzes the different magics that operate in Renaissance occult philosophy and Romantic literature as well as in popular indicators of mass literacy such as The Oprah Winfrey Show and The National Enquirer Magic Rhetoric and Literacy distinguishes two kinds of magic rhetoric that continue to affect our psychological and cultural life today Generative magic rhetoric creates novel possibilities for action within a broad sympathetic universe of signs and symbols Arresting magic rhetoric attempts to induce automatistic behavior by inculcating rules and maxims that function like magic ritual formulas JUST SAY NO In this connection the literate individual is one who can interrogate arresting language and generate counter spells

Hyper-reality Carole M. Cusack, Pavol Kosnác, 2016-11-18 The twentieth century was a period of rapid change for religion Secularisation resulted in a dramatic fall in church attendance in the West and the 1950s and 1960s saw the introduction of new religions including the International Society for Krishna Consciousness ISKCON the Church of Scientology and the Children of God New religions were regarded with suspicion by society in general and Religious Studies scholars alike until the 1990s when the emergence of a second generation of new new religions based on popular cultural forms including films novels computer games and comic books and highly individualistic spiritualities confirmed the utter transformation of the religio spiritual landscape Indeed Scientology and ISKCON appeared almost traditional and conservative when compared to the radically de institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions In this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with

contributions by representatives of Dudeism the Church of All Worlds the Temple of the Jedi Order and Tolkien spirituality groups This book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements *Ordinary Lifestyles: Popular Media, Consumption And Taste* Bell, David, Hollows, Joanne, 2005-09-01 *Ordinary Lifestyles* contains a collection of new essays that explore how various media texts bring ideas about taste and fashion to consumers helping audiences to fashion their lifestyles as well as defining what constitutes an appropriate lifestyle for particular social formations **Weekly World News** , 1999-04-20 Rooted in the creative success of over 30 years of supermarket tabloid publishing the *Weekly World News* has been the world's only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site [There Is No God and He Is Always with You](#) Brad Warner, 2013-05-17 Can you be an atheist and still believe in God Can you be a true believer and still doubt Can Zen give us a way past our constant fighting about God Brad Warner was initially interested in Buddhism because he wanted to find God but Buddhism is usually thought of as godless In the three decades since Warner began studying Zen he has grappled with paradoxical questions about God and managed to come up with some answers In this fascinating search for a way beyond the usual arguments between fundamentalists and skeptics Warner offers a profoundly engaging and idiosyncratic take on the ineffable power of the ground of all being [Ramble](#) Eric Peterson, 2006 *Ramble* is a hybrid travel guide travelogue based in fact but like a good road trip is ultimately a flight of fancy a departure from the usual Disinfected of the P R inspired copy that dominates travel writing this book celebrates the USA as the best destination in the world for a road trip because not in spite of its warts Highlighting the country's 250 most definitively American attractions and six of its most mythic road trips seasoned travel writer Eric Peterson describes seven regions from coast to coast with a sociologist meets Gonzo writing style bellying up to the ugly truth and the bizarre at every stop Each regional chapter offers maps oddball stats as well as required reading viewing and listening and about thirty to forty listings per area of not so run of the mill tourist destinations think graves vices sin grub sleeps drinks American lore and the like As a topper a predestined road trip is presented to the reader with themes such as Atomic Vacation Road Trip of the Third Kind and Down at the End of Lonely Street A Denver based freelance writer Eric Peterson contributes to numerous periodicals and travel guides His recent credits include *Scooters Red Eyes White Walls Blue Smoke* the fifth edition of *Frommer's Montana Wyoming Roadside Americana* and *The Great American Road Trip* One of Peterson's earliest travel memories is a visit to Paul Bunyan in Bemidji Minnesota **Arcane Lore** Scribe 27, 2002-07-04 This is guaranteed to be completely unlike any other occult text you've ever read whether it be some wussified New Age book about crystals and guardian angels or some classic tome of barely decipherable ceremonial evocations No this book is really something different You will find no references to potions poppets or pendulums nor shall you find illustrations of magic squares voodoo ververs or Enochian script Incantations folk magic numerology and the Seals of Solomon have also been excluded from this work What then remains

Quite simply a magical philosophy which can be applied with great success by students at any level of advancement Great emphasis has been placed upon self knowledge and common sense secrets have also been divulged as to various tried and true methods which will enable a besieged magician to kick the boogyman s ass Although presented as a work of fiction this extensively researched text contains within it a great deal of occult Truth and it is highly entertaining as well The author is clearly either a genius or a madman perhaps both

Masocriticism Paul Mann,1998-12-03 These provocative inventive and at times outrageous essays on literary theory philosophy and cultural criticism describe in their form and content the end of criticism even while performing the endlessness of that endgame In a sense the book deconstructs all forms of critique and criticism including deconstruction and including its own self That the book is so painfully aware of the futility of its own enterprise even while pursuing it relentlessly and with such critical rigor is what makes this a book of masocriticism as well as about masocriticism

Religion, Media, and Social Change Kennet Granholm,Marcus Moberg,Sofia Sjö,2014-09-19 In an era of heightened globalization macro level transformations in the general socioeconomic and cultural makeup of modern societies have been studied in great depth Yet little attention has been paid to the growing influence of media and mass mediated popular culture on contemporary religious sensibilities life and practice Religion Media and Social Change explores the correlation between the study of religion media and popular culture and broader sociological theorizing on religious change Contributions devote serious attention to broadly defined media including technologies institutions and social and cultural environments as well as mass mediated popular culture such as film music television and computer games This interdisciplinary collection addresses important theoretical and methodological questions by connecting the study of media and popular culture to current perspectives approaches and discussions in the broader sociological study of religion
