Death Liturgy and Ritual Paul P.J. Sheppy, 2017-07-05 This title was first published in 2003 *Death Liturgy and Ritual* is a two volume study of Christian funerary theology and practice presenting an invaluable account of funeral rites and the central issues involved for compilers and users Paul Sheppy writes from direct experience of conducting funerals and of drafting liturgical resources for others In Volume I *A Pastoral and Liturgical Theology* Sheppy argues that the Church ought to construct its theological agenda in dialogue with other fields of study He proposes a Christian statement about death that finds its basis in the Paschal Mystery since human death must be explained by reference to Jesus' death, descent to the dead and resurrection Using the three phases of van Gennep's theory of rites of passage the author shows how the Easter triduum may be seen as normative for Christian liturgies of death The companion volume Volume II *A Commentary on Liturgical Texts* reviews a wide range of current Christian funeral rites and examines how they reflect both the Church's concern for the death and resurrection of Christ and the contemporary secular demand for funerals which celebrate the life of the deceased

Death and Religion in a Changing World Kathleen Garces-Foley, 2006 Looking at how religious people approach death in the twenty first century this is a comprehensive study of the intersection of death and religion It describes how people from a variety of faiths draw on and adapt traditional beliefs and practices as they deal with death in modern societies
