Nayan Shah

Epidemics and Race in
San Francisco's Chinatown

Contagious Divides

Judy Tzu-Chun Wu

Contagious Divides:

Contagious Divides Nayan Shah, 2001-10-29 Nayan Shah has written a book of exceptional originality and importance. With a focus on issues of body, family and home, central concerns of urban health reform, he illuminates the role of political leaders, public opinion and professionals in the construction and reconstruction of race and the making of citizens in San Francisco. He brilliantly analyzes the politics of the movement from exclusion to inclusion, regulation to entitlement, showing it to be an interactive process. Yet as he shows with great subtlety, the mark of race remains. As a study of citizenship and difference, this work speaks to a central theme of American history. Thomas Bender, Director of the International Center for Advanced Studies at NYU and editor of *Rethinking American History in a Global Age*. *Contagious Divides* is an ambitious contribution to our understanding of the troubled history of race in America. Nayan Shah offers new insight into the ways that race was inscribed on the streets, the bodies and the institutions of San Francisco's Chinatown. Above all, he offers powerful examples of the impact of ideas about disease, sexuality and place on the rhetoric and practice of racial inequality in modern America. Thomas J. Sugrue, author of *The Origins of the Urban Crisis*. **Immigration and Apocalypse** Yii-Jan Lin, 2024-11-26 Tracing the metaphor of America as the Book of Revelation's New Jerusalem, Yii-Jan Lin shows how apocalyptic narratives have been used to exclude unwanted immigrants. America appeared on the European horizon at a moment of apocalyptic expectation and ambition. Explorers and colonizers imagined the land to be paradise, the New Jerusalem of the Bible's Book of Revelation. This groundbreaking volume explores the conceptualization of America as the New Jerusalem from the time of Columbus to the Puritan colonists through U.S. expansion and from the eras of Reagan to Trump. While the metaphor of the New Jerusalem has been useful in portraying a shining, God-blessed refuge with open gates, it has also been used to exclude, attack and criminalize unwanted peoples. Yii-Jan Lin shows how newspapers, political speeches, sermons, cartoons and novels throughout American history have used the language of Revelation to define immigrants as God's enemies who must be shut out of the gates. This book exposes Revelation's apocalyptic logic at work in the history of Chinese exclusion, the association of the unwanted with disease, the contradictions of citizenship laws and the justification for building a U.S.-Mexico wall like the wall around the New Jerusalem. This book is a fascinating analysis of the religious, biblical and apocalyptic in American immigration history and a damning narrative that weaves together American religious history, immigration and ethnic studies and the use of biblical texts and imagery. *Faith and Reckoning after Trump* De La Torre, Miguel, 2021-10-20 Essays by religious scholars and activists assess the lessons of the Trump era both for the nation and the religious community. **Segregation** Carl H. Nightingale, 2012-05-01 When we think of segregation, what often comes to mind is apartheid South Africa or the American South in the age of Jim Crow, two societies fundamentally premised on the concept of the separation of the races. But as Carl H. Nightingale shows us in this magisterial history, segregation is everywhere, deforming cities and societies worldwide. Starting with segregation's ancient roots and what the

archaeological evidence reveals about humanity's long standing use of urban divisions to reinforce political and economic inequality Nightingale then moves to the world of European colonialism It was there he shows segregation based on color and eventually on race took hold the British East India Company for example split Calcutta into White Town and Black Town As we follow Nightingale's story around the globe we see that division replicated from Hong Kong to Nairobi Baltimore to San Francisco and more The turn of the twentieth century saw the most aggressive segregation movements yet as white communities almost everywhere set to rearranging whole cities along racial lines Nightingale focuses closely on two striking examples Johannesburg with its state sponsored separation and Chicago in which the goal of segregation was advanced by the more subtle methods of real estate markets and housing policy For the first time ever the majority of humans live in cities and nearly all those cities bear the scars of segregation This unprecedented ambitious history lays bare our troubled past and sets us on the path to imagining the better more equal cities of the future **Not Fit to Stay** Sarah Isabel

Wallace,2017-01-31 In the early 1900s panic over the arrival of South Asian immigrants swept up and down the west coast of North America While racism and fear of labour competition were at the heart of this furor public leaders including physicians union leaders civil servants journalists and politicians latched on to unsubstantiated public health concerns to justify the exclusion of South Asians from British Columbia Washington Oregon and California Not Fit to Stay examines how and why South Asians were excluded from immigration through legislation that took effect in Canada and the United States in the early twentieth century This book is an important study of how white North Americans saw first wave South Asian immigrants as separate from and inferior to other groups in the evolving racial hierarchy on the west coast of North America

Subverting Exclusion Andrea Geiger,2011-11-29 Concerned with people called variously eta burakumin buraku jumin buraku people outcasts or the lowest of the low this book examines how their experience of caste status based discrimination in 19th century Japan affected their experience of race based discrimination in the West of the US and Canada in the 19th and early 20th centuries **Asian American Histories of the United States** Catherine Ceniza

Choy,2022-08-02 An inclusive and landmark history emphasizing how essential Asian American experiences are to any understanding of US history Original and expansive Asian American Histories of the United States is a nearly 200 year history of Asian migration labor and community formation in the US Reckoning with the onset of the COVID 19 pandemic and the surge in anti Asian hate and violence award winning historian Catherine Ceniza Choy presents an urgent social history of the fastest growing group of Americans The book features the lived experiences and diverse voices of immigrants refugees US born Asian Americans multiracial Americans and workers from industries spanning agriculture to healthcare Despite significant Asian American breakthroughs in American politics arts and popular culture in the twenty first century a profound lack of understanding of Asian American history permeates American culture Choy traces how anti Asian violence and its intersection with misogyny and other forms of hatred the erasure of Asian American experiences and contributions and Asian

American resistance to what has been omitted are prominent themes in Asian American history This ambitious book is fundamental to understanding the American experience and its existential crises of the early twenty first century *Fit to Be Citizens?* Natalia Molina, 2006-03-13 Meticulously researched and beautifully written *Fit to Be Citizens* demonstrates how both science and public health shaped the meaning of race in the early twentieth century Through a careful examination of the experiences of Mexican Japanese and Chinese immigrants in Los Angeles Natalia Molina illustrates the many ways local health officials used complexly constructed concerns about public health to demean diminish discipline and ultimately define racial groups She shows how the racialization of Mexican Americans was not simply a matter of legal exclusion or labor exploitation but rather that scientific discourses and public health practices played a key role in assigning negative racial characteristics to the group The book skillfully moves beyond the binary oppositions that usually structure works in ethnic studies by deploying comparative and relational approaches that reveal the racialization of Mexican Americans as intimately associated with the relative historical and social positions of Asian Americans African Americans and whites Its rich archival grounding provides a valuable history of public health in Los Angeles living conditions among Mexican immigrants and the ways in which regional racial categories influence national laws and practices Molina s compelling study advances our understanding of the complexity of racial politics attesting that racism is not static and that different groups can occupy different places in the racial order at different times

Queering the Countryside Mary L. Gray, Colin R. Johnson, Brian J. Gilley, 2016-03-15 This collection of original essays confronts the assumption that queer desires depend upon urban life for meaning By considering rural queer life the contributors challenge readers to explore queer experiences in ways that give greater context and texture to modern practices of identity formation The book s focus on understudied rural spaces throws into relief the overemphasis of urban locations and structures in the current political and theoretical work on queer sexualities and genders It highlights the need to rethink notions of the closet and coming out and the characterizations of non urban sexualities and genders as isolated and in need of outreach Provided by publisher

The Queerness of Home Stephen Vider, 2022-01-21 Stephen Vider considers how the meanings of domesticity shifted for gay men and lesbians from the late 1960s to early 1980s from a site of supposed isolation or deviance to a source of identity community and pleasure His manuscript reveals the multiple uses appeals and limits of domesticity for LGBTQ people in the post World War II period in their efforts to make social and sexual connections and to appeal for expanded rights and freedoms For example the 1970s witnessed an efflorescence of gay communal households that proved to be seedbeds for alternative modes of domesticity using the privacy of domestic space to achieve broader social and political changes Vider brings a novel perspective to gay identity and culture examining domesticity as a meeting point between practices and discourse the local and national the private and the public

Driven Out Jean Pfaelzer, 2008-08 This sweeping and groundbreaking work presents the shocking and violent history of ethnic cleansing against Chinese Americans from the Gold Rush era to the turn of the century

Doctor Mom Chung of the Fair-Haired Bastards Judy Tzu-Chun Wu, 2005-02-28 During World War II Mom Chung was the place to be in San Francisco. Soldiers, movie stars, and politicians gathered at her home to socialize, to show their dedication to the Allied cause, and to express their affection for Dr. Margaret Chung. 1889-1959. The first known American-born Chinese female physician, Chung established one of the first Western medical clinics in San Francisco's Chinatown in the 1920s. She also became a prominent celebrity and behind-the-scenes political broker during World War II. Chung gained national fame when she began adopting thousands of soldiers, sailors, and flyboys, including Ronald Reagan, Admiral Chester W. Nimitz, and Admiral William F. Halsey Jr. A pioneer in both professional and political realms, Chung experimented in her personal life as well. She adopted masculine dress and had romantic relationships with other women, such as writer Elsa Gidlow and entertainer Sophie Tucker. This is the first biography to explore Margaret Chung's remarkable and complex life. It brings alive the bohemian and queer social milieus of Hollywood and San Francisco, as well as the wartime celebrity community Chung cultivated. Her life affords a rare glimpse into the possibilities of traversing racial, gender, and sexual boundaries of American society from the late Victorian era through the early Cold War period. **The Children of**

Chinatown Wendy Rouse, 2009-10-01. Revealing the untold stories of a pioneer generation of young Chinese Americans, this book places the children and families of early Chinatown in the middle of efforts to combat American policies of exclusion and segregation. Wendy Rouse challenges long-held notions of early Chinatown as a bachelor community by showing that families, and particularly children, played important roles in its daily life. She explores the wide-ranging images of Chinatown's youth created by competing interests with their own agendas, from anti-immigrant depictions of Chinese children as filthy and culturally inferior to exotic and Orientalized images that catered to the tourist's ideal of Chinatown. All of these representations, Rouse notes, tended to further isolate Chinatown at a time when American-born Chinese children were attempting to define themselves as Chinese American. Facing barriers of immigration, exclusion, cultural dislocation, child labor, segregated schooling, crime, and violence, Chinese American children attempted to build a world for themselves on the margins of two cultures. Their story is part of the larger American story of the struggle to overcome racism and realize the ideal of equality.

Democracies in America D. Berton Emerson, Gregory Laski, 2023-01-04. Ask someone their thoughts about democracy, and you'll get many different responses. Some may presume it a thing once established, yet now under threat. Others may believe that democracy has always been compromised by the empowered few. In the contemporary United States, marked by constituencies across the political spectrum believing that their voices have gone unheard, democracy gets wielded in so many divergent directions as to be rendered nearly incoherent. *Democracies in America* reminds us that this reality is nothing new. Focusing on the various meanings of democracy that circulated in the long nineteenth century, the book collects twenty-five essays, each taking up a keyword in the language we use to talk about democracy. Penned by a group of diverse intellectuals, the entries tackle terms both commonplace (citizenship and representation) and paradigm stretching

disgust and sham The essays thus consider the relationship between America and democracy from multiple disciplinary angles and from different moments in a major historical period amidst the vitality of the revolutionary epoch in the contentious lead up to the Civil War and through the triumphs and failures of Reconstruction and the early reforms of the Progressive Era while making both forward and backward glances in time The book frames its keywords around a series of enduring democratic dilemmas and questions and provides extensive resources for further study Ultimately the volume cultivates for students and teachers in classrooms as well as citizens in libraries and caf s a language to deliberate about the possibilities and problems of democracy in America *Cigarettes, Inc.* Nan Enstad, 2018-12-10 Traditional narratives of capitalist change often rely on the myth of the willful entrepreneur from the global North who transforms the economy and delivers modernity for good or ill to the rest of the world With *Cigarettes Inc* Nan Enstad upends this story revealing the myriad cross cultural encounters that produced corporate life before World War II In this startling account of innovation and expansion Enstad uncovers a corporate network rooted in Jim Crow segregation that stretched between the United States and China and beyond *Cigarettes Inc* teems with a global cast from Egyptian American and Chinese entrepreneurs to a multiracial set of farmers merchants factory workers marketers and even baseball players jazz musicians and sex workers Through their stories *Cigarettes Inc* accounts for the cigarette s spectacular rise in popularity and in the process offers nothing less than a sweeping reinterpretation of corporate power itself **Dos X** Sony Coráñez Bolton, 2025 The author uses three themes to explore disability and racial dysphoria in Latinx and Filipinx culture the politics of language and translation the politics of racial passing and misrecognition and how the use of x defines and reshapes identity **Heterosexual Histories** Rebecca L. Davis, Michele Mitchell, 2021-02-09 The history of heterosexuality in North America across four centuries Heterosexuality is usually regarded as something inherently natural but what is heterosexuality and how has it taken shape across the centuries By challenging ahistorical approaches to the heterosexual subject *Heterosexual Histories* constructs a new framework for the history of heterosexuality examining unexplored assumptions and insisting that not only sex but race class gender age and geography matter to its past Each of the fourteen essays in this volume examines the history of heterosexuality from a different angle seeking to study this topic in a way that recognizes plurality divergence and inequity Editors Rebecca L Davis and Michele Mitchell have formed a collection that spans four centuries addressing the many different racial groups geographies and subcultures of heterosexuality in North America The essays range across disciplines with experts from various fields examining heterosexuality from unique perspectives a historian shows how defining heterosexuality sex and desire were integral to the formation of British America and the process of colonization a legal scholar examines the connections between race sexual citizenship and nonmarital motherhood a gender studies expert analyzes the Clinton Lewinsky scandal and explores the intersections of heterosexuality with shame and second wave feminism Together these essays explain how differently earlier Americans understood the varieties of gender and different

sex sexuality how heterosexuality emerged as a dominant way of describing gender and how openly many people acknowledged and addressed heterosexuality's fragility By contesting presumptions of heterosexuality's stability or consistency *Heterosexual Histories* opens the historical record to interrogations of the raced classed and gendered varieties of heterosexuality and considers the implications of heterosexuality's multiplicities and changes Providing both a sweeping historical survey and concentrated case studies *Heterosexual Histories* is a crucial addition to the field of sexuality studies

Animacies Mel Y. Chen, 2012-07-10 Rethinks the criteria governing agency and receptivity health and toxicity productivity and stillness **Chinatown, Honolulu** Nancy E. Riley, 2024-06-11 The Chinese experience in Hawai'i has long been told as a story of inclusion and success During the Cold War the United States touted the Chinese community in Hawai'i as an example of racial harmony and American opportunity claiming that all ethnic groups had the possibility to attain middle class lives Today Honolulu's Chinatown is not only a destination for tourism and consumption but also a celebration of Chinese accomplishments memorializing past discrimination and present prominence within a framework of multiculturalism This narrative however conceals many other histories and processes that played crucial roles in shaping Chinatown This book offers a critical account of the history of Chinese in Hawai'i from the mid nineteenth century to the present in this context of U S empire settler colonialism and racialization Nancy E Riley foregrounds elements that are often left out of narratives of Chinese history in Hawai'i particularly the place of Native Hawaiians geopolitics and U S empire building and the ongoing construction of race and whiteness Tracing how Chinatown became a site of historical remembrance she argues that it is also used to reinforce the ideology of neoliberal multiculturalism which upholds racial hierarchy by lauding certain ethnic groups while excluding others An insightful and in depth analysis of the story of Honolulu's Chinatown this book offers new perspectives on the making of the racial landscape of Hawai'i and the United States more broadly [Chinatown Film Culture](#) Kim K. Fahlstedt, 2020-08-14 *Chinatown Film Culture* provides the first comprehensive account of the emergence of film and moviegoing in the transpacific hub of San Francisco in the early twentieth century Working with materials previously left in the margins of grand narratives of history Kim K Fahlstedt uncovers the complexity of a local entertainment culture that offered spaces where marginalized Chinese Americans experienced and participated in local iterations of modernity At the same time this space also fostered a powerful Orientalist aesthetic that would eventually be exported to Hollywood by San Francisco showmen such as Sid Grauman Instead of primarily focusing on the screen spectator relationship Fahlstedt suggests that immigrant audiences role in the proliferation of cinema as public entertainment in the United States saturated the whole moviegoing experience from outside on the street to inside the movie theater By highlighting San Francisco and Chinatown as featured participants rather than bit players *Chinatown Film Culture* provides an historical account from the margins alternative to the more dominant narratives of U S film history

Contagious Divides Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Contagious Divides**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound affect our existence. Throughout this critique, we shall delve in to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Contagious Divides Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Contagious Divides free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Contagious Divides free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Contagious Divides free PDF files is convenient, its important to note that copyright laws

must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Contagious Divides. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Contagious Divides any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Contagious Divides Books

1. Where can I buy Contagious Divides books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Contagious Divides book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Contagious Divides books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Contagious Divides audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide

selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Contagious Divides books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
