Contemplation Willigis Jäger, 1994 A provocative new study of the Christian contemplative tradition and its relevance to contemporary daily life in a cogent synthesis of scholarship and creative analysis Willigis Jäger is a Benedictine monk and author of three previous books the most recent being *The Way to Contemplation Encountering God Today* *Enjoy the Lord* John T. Catoir, 1979 Christian Growth Through Contemplation Todd Mund, 2003-03-27 Like many people Todd lived his life questioning the meaning of God and why he was not close to God As he searched he found the practice of Christian contemplation Used by Jesus and other Christian patriarchs this had to be the answer After a short period of practice Todd could begin to see subtle changes in himself and in his life The anxiety resentment and worry that were so prevalent in his life began to disappear Entering his life were the two things that he had always searched for calm and serenity As his practice continued he began to feel immense changes and had several epiphanies of the presence of God As these awakenings continued the teachings of Jesus came to have a deeper meaning and understanding than ever before *Christian Growth Through Contemplation* is a fresh insightful and illuminating book that describes the contemplative process and the truth of the Christian teachings It is a must read for every Christian Whether you are content in the Christian faith or have drifted away from the church this book will help you grow closer to God than you could ever imagine and live a happy and fulfilling life **Contemplation and Classical Christianity** John Peter Kenney, 2013-11 This study explores Augustine's developing understanding of contemplation beginning with his earliest accounts written before his baptism and ending with the *Confessions* The arc of Augustine's thought through these years of transition leads into the *Confessions* giving a vantage point to survey its classical Christian theology of contemplation Paths to Contemplation Yves Raguin, 1974

Contemplative Prayer at Work in Our Lives Geoff Colvin, 2021-05-24 While many practicing Christians are relatively satisfied with their prayer life others are not The latter often find their prayer practice has dried up Their traditional forms of prayer at churches have become routine and empty In a very real sense there is a void in their spiritual lives They want a deeper union with God yet experience an unsettling estrangement with their current pathway in prayer In *Contemplative Prayer at Work in Our Lives* Geoff Colvin draws on his own experiences studies of spiritual literature and participation in retreats and meditation groups to unravel the challenging practice of contemplative prayer a unique form of meditation involving very few words in silence and stillness Contemplative prayer centers on the fundamental belief that God dwells not only in the world at large but also at the center of our being This book offers Christians an approach for understanding contemplative prayer followed by hands on detail for developing and sustaining a practice that hopefully leads to a richer and fuller spiritual journey to union with God *Spirituality, Contemplation, and Transformation* Thomas Keating, 2007-11 In *Spirituality Contemplation and Transformation* some of the leading practitioners of centering prayer the contemporary expression of the Christian contemplative tradition as developed by the desert fathers and mothers and elaborated by mystics

Thomas Merton's Dark Path William Henry Shannon, 1981

The Poetization of Metaphors in the Work of Novalis Veronica Freeman, 2006 The poet Friedrich von Hardenberg Novalis 1772-1801 exemplifies romantic ideals in his nostalgic yearning for spiritual fulfillment and in doing so invokes the language of authentic mystics While romantics and mystics believe in the common goal of original union the path toward wholeness has led them down separate roads which it may be argued have converged only linguistically This book therefore emphasizes the importance of examining metaphors in their respective traditions

30 Frequently Asked Questions about Christian Meditation Paul T. Harris, 2018-03

Contemplating God Changing the World Mario L. Aguilar, 2009-01-01 Mario Aguilar skillfully elegantly and clearly presents the life and thought of some of the major spiritual forces of our time as a starting point for his own compelling reflections on the relationship between contemplation and politics We need more books like this one Professor Ivan Petrella University of Miami Contemplation and political action defined the lives and work of six of the most inspiring Christian leaders of the twentieth century Thomas Merton Ernesto Cardenal Daniel Berrigan Sheila Cassidy

Desmond Tutu and Mother Teresa Each one embraced a silent purposeful life of prayer contemplation and conversation with God which the author contends was the very foundation for their public activism Aguilar profiles these outstanding religious figures illustrating how their contemplation of God gave them courage and understanding not just to grow in personal holiness but to become one with God through responding to the needs of others It was their spiritual life that gave them the energy commitment and strength to help feed the hungry clothe the naked and liberate the oppressed even in the darkest most difficult times Yet as Aguilar shows it is not just a chosen few who are called to combine prayer with political action through the regular contemplation of God all Christians can be empowered to work toward social transformation and a just world

Answering the Contemplative Call Carl McColman, 2021-11-16 The mystical path is not some sort of static experience for the select few says Carl McColman rather it is a living tradition a rich and many layered dimension of spirituality that is in large measure a quest to find the mysteries at the heart of the universe paradoxically nestled within the heart of your own soul McColman first introduced readers to Christianity's lost mystical roots in his popular book *The Big Book of Christian Mysticism* Now McColman is back with *Answering the Contemplative Call* to show readers how to apply the riches of the mystical tradition to daily living McColman quotes from the great mystics of the Christian tradition who have also traveled this path including Teresa of Avila Thomas Merton Evelyn Underhill and more In *Answering the Contemplative Call* McColman offers a practice that will help readers come to a place meaning and purpose in their lives

The Path to Obviousness Ivan A. Ilyin, *Christian Contemplation* Joseph H. Nguyen, 2020-12-02 Spiritual practitioners and experts across religious traditions are convinced that contemplation cultivates an awareness of the deeper desires of the human heart But many will ask does contemplation still exist If one has been led to believe that there indeed exists the art of contemplation one will still perhaps wonder what it is and whether or not it is still relevant and applicable today For many the term contemplation itself perhaps connotes a sense of an exotic practice from a distant past unrelated and impractical to the contemporary life In this book the author explores the nature and functions of Christian contemplation and offers the reader a wide variety of contemplative prayer methods that can help cultivate an awareness of the spiritual dimension of the human life The author argues that Christian contemplation is the work of the Holy Spirit While drawing upon a variety of Christian traditions the author bases his discussion on the Jesuit tradition of prayer discernment and spiritual growth as revealed in the *Spiritual Exercises* of St Ignatius
