end A Midsummer Night's Dream is interpreted through the author's joyous experience of performing the role of Bottom and finding his aesthetic faith in the pantheon of antiquity And the exquisitely poetical history play Richard II intersects with of all things Ru Paul's Drag Race Full of engrossing stories from family secrets to the world of the theater and written with humor and genuine excitement about literary experiences worthy of our attention and our love Reading Shakespeare Reading Me makes Shakespeare's plays come alive in new ways **Do You Read Me?** J.F. Miller,2018-05-11 A fascinating and compelling exploration of the learning process for parents teachers and anyone with an interest in education Reading and writing are fundamentally about the communication of meaning Yet when a child has difficulty in learning to read and write the one area that is never seen as having any relevance is the child's life experiences The author's contention is that the concept of dyslexia is something that has been invented rather than discovered in order to evade the question of meaning and the understanding of the individual Based on the author's thirty years experience of both educational psychology and analytical therapy the book sets out a radical approach to learning difficulties in which the primary assumption is that there will usually be underlying emotional conflicts tensions and anxieties Any learning disability is thus more likely to be the symptom of less evident personal difficulties rather than a problem in itself The book examines with examples typical patterns of personal and emotional difficulty that give rise to learning problems **The Works of the British Dramatists** Sir John Scott Keltie,1875 **Feather Man** Rhyl McMaster,2007-05-01 Set in Brisbane during the stultifying 1950s this account of the betrayal of love throws us into the disordered world of Sookie a young artist As she transits warily to the London of the swinging 70s she comes up against those who would try to steal her very identity Intelligent mordantly funny it is dark comedy with edges **In the Eye of History** William Matson Law,2015-11-11 An oral history of the JFK autopsy Anyone interested in the greatest mystery of the 20th century will benefit from the historic perspective of the attendees of President Kennedy's autopsy For the first time in their own words these witnesses to history give firsthand accounts of what took place in the autopsy morgue at Bethesda Maryland on the night on November 22 1963 Author William Matson Law set out on a personal quest to reach an understanding of the circumstances underpinning the assassination of John F Kennedy His investigation led him to the autopsy on the president's body at the National Naval Medical Center In the Eye of History comprises conversations with eight individuals who agreed to talk Dennis David Paul O Connor James Jenkins Jerrol Custer Harold Rydberg Sandra Spencer and ex FBI Special Agents James Sibert and Frances O'Neill These eyewitnesses relate their stories comprehensively and Law allows them to tell it as they remember it without attempting to fit any pro or anticonspiracy agenda The book also features a DVD featuring these firsthand interviews [Read Me First](#) Lisa Stephenson,2022-01-01 Have you ever heard someone say If only life came with a set of instructions Success coach Lisa Stephenson has hundreds of times Almost every client utters this at some point in some form Read Me First is the book she now gives them It is also the book she wishes someone had given her when she found herself suddenly single with three
