Kine weekly, 1942 *In Theaters Everywhere* Brian Hannan, 2019-01-09 Conflicts among Hollywood studios and exhibitors have been going on for years At their heart are questions about how films should be released where when and at what speed Both sides of this disagreement are losers with exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output In the Silent Era movies were not released nearly as widely as they are now This book tells the story of how the few became the many It explores the contraction of the release cycle the maximization of the marketing dollar and the democratization of consumer access It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found

The Mountains Within Ram Thakur, 2021-11-22 The story of *The Mountains Within* is prototypical of the people who grew into first ever consciousness of their own identities from the obscurity of innumerable socio cultural microcosms that had existed at the subterranean level for centuries and millennia over the length and breadth of India before the Independence The story moves from present to past to future with the main protagonist's grand daughter setting out to reconstruct the life story of her grand father she admires The story is contemporary and relevant to a whole lot of Indians who finished their journeys of existence at the beginning of the new

millennium As they sit back vacuous and dazed after the retirement they cannot help ruminating over the past vis vis their own lives No matter how objective their self appraisal they cannot escape being dubbed a generation of ineffectual crusaders who fell from grace by succumbing to hypocrisies both personal and collective They cannot exonerate themselves from the stigma of making a mess of a newly liberated country through moral turpitude and lack of individual will They cannot face up to the younger generation of today and convince them they had no role to play in the fabrication of myths such Mera Bharat Mahaan There are no Nuremberg Trials for the crimes we commit within our minds and souls However if history is continuity between the past and the present then The Mountains Within does leave some doors open for Nuremberg Trials of the mind and the souls for these Indians

Hollywood Remaking Kathleen Loock, 2024-03-26 From the inception of cinema to today's franchise era remaking has always been a motor of ongoing film production Hollywood Remaking challenges the categorical dismissal in film criticism of remakes sequels and franchises by probing what these formats really do when they revisit familiar stories Kathleen Loock argues that movies from Hollywood's large scale system of remaking use serial repetition and variation to constantly negotiate past and present explore stability and change and actively shape how the film industry cinema and audiences imagine themselves Far from a simple profit making exercise remaking is an inherently dynamic practice situated between the film industry's economic logic and the cultural imagination Although remaking developed as a business practice in the United States this book shows that it also shapes cinematic aesthetics and cultural debates fosters film historical knowledge and promotes feelings of generational belonging among audiences *The Rough Guide to Thailand's Beaches and Islands (Travel Guide eBook)* Rough Guides, 2019-01-01 Discover Thailand's tropical coastline with the most incisive and entertaining
