Circular, 1966 *Reference on Foreign Languages in the Elementary School* Elizabeth Keese, 1960

A Student's Introduction to English Grammar Rodney Huddleston, Geoffrey K. Pullum, 2005-02-17

This groundbreaking undergraduate textbook on modern Standard English grammar is the first to be based on the revolutionary advances of the authors previous work The Cambridge Grammar of the English Language 2002 The analyses defended there are outlined here more briefly in an engagingly accessible and informal style Errors of the older tradition of English grammar are noted and corrected and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called incorrect and show

why those authorities are mistaken This book is intended for students in colleges or universities who have little or no previous background in grammar and presupposes no linguistics It contains exercises and will provide a basis for introductions to grammar and courses on the structure of English not only in linguistics departments but also in English language and literature departments and schools of education
