Alpha Ruins Series In Contemporary Poetry:

Readings in Contemporary Poetry Vincent Katz, 2017-01-01 Culled from Dia Art Foundation's Readings in Contemporary Poetry series this anthology includes ninety four poets who have participated in the reading series from 2010 to 2016 Edited by poet and author Vincent Katz the book stresses the experimental aspects of contemporary poetic practice highlighting commonalities among poets and placing their diverse voices in conversation with one another The Disappearing Poet Blues Marc Hudson, 2002 The poems in Marc Hudson's *The Disappearing Poet Blues* are driven by a moral anguish how do we live they ask in strict circumstances what is the worth of profoundly limited human life how can one be both a good father and a good artist BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Poems and Elegies** Ольга Седакова, Catriona Kelly, 2003-12 An intensely philosophical and religious poet Olga Sedakova writes of nature music and the inner spiritual life As one of the preservers of traditional Russian culture she stands in stark contrast to the rampant commercialization in contemporary Russian life instead tracing her poetic roots back to the early avant garde movements of pre revolutionary Russia For that stance she endured years of censorship and silencing during the Soviet regime her poems distributed by hand in mimeographed copies or by word of mouth This volume introduces to an English speaking audience an extensive selection of poems by one of Russia's most distinguished lyric poets writing today The Fiddler's Trance Floyd Skloot, 2001 Poet essayist and novelist Floyd Skloot continues his exploration of human resilience in *The Fiddler's Trance* his third full length collection of poems Skloot's poems investigate the phenomenon of sudden change in our lives when all we understood about ourselves and our worlds is called into question and we must find a new way of seeing **The Ten Lights of God** Afaa Michael Weaver, 2000 The vatic reach of these poems is contextualized in notions of the human interior as its own universe seeking life and death themselves as the bridges to the unknowable Weaver seeks to travel the interior of lyricism itself the nakedness of human consciousness and its own nervous arrangement which we know as language BOOK JACKET **Swimming with Dolphins** Adrian Oktenberg, 2002 A poetry collection that explores themes of nature human connection and personal reflection **American Book Publishing Record**, 2000 *Alluvial* Katherine Soniat, 2001 *Alluvial* charts the course of individual and collective histories influenced by the rich alluvium of culture and geography ecology and autobiography These beautiful poems dance in memory's drift and to filter a future always infused with the past *The Power of Pygmalion* Liana Giannakopoulou, 2007 This book explores the relationship between ancient Greek sculpture and modern Greek poetry between 1860 and 1960 It examines in some detail poems by Vasileiadis Rangavis Palamas Cavafy Sikelianos and Seferis and shows how these poets appropriate the art of sculpture and in what ways this contributes to our understanding of each poet's poetics Ancient Greek sculpture and sculptural imagery related to it are inevitably associated with the Classical heritage and bring the issue of ancient tradition and its relation to the modern artist into a prominent position What is more sculpture is particularly important for the erotic

dimension through which the poets perceive their relation with art and each poet systematically uses the image of the sculptor to define his perception of the artist In both cases the myth of Pygmalion may be seen as successfully embodying each poet's relation with art and tradition Savoir-fear Charles Borkhuis,2003 Poetry Also the author of HYPNOGOGIC SONNETS ALPHA RUINS and MOUTH OF SHADOWS this latest work by Charles Borkhuis is not to be missed One could call Charles Borkhuis a hardboiled Hegelian cyberpunk and that's just for starters In this latest book he offers a witty if disturbing set of lessons in fear that move between weightlessness and the visceral with amazing speed Decadent satiric surreal his poems are like probes exploring the corpse of culture His lyric power has never shined brighter than in this dark light Elain Equi *Contemporary Poets* Tracy Chevalier,1991 Contains biographical entries a list of separately published books and an essay on each poet *Telling it Slant* Mark Wallace,Steven Marks,2002 This collection demonstrates the breadth and openness of the field of avant garde poetry by introducing a wide range of work in poetics theory and criticism from emerging writers Examining the directions innovative poetry has taken since the emergence and success of the Language movement the essays discuss new forms and the reorientation of older forms of poetry in order to embody present and ongoing involvements The essays center around four themes the relation between poetics and contemporary cultural issues new directions for avant garde practices in depth explorations of current poets and their predecessors and innovative approaches to the essay form or individual poetics Diverging from the traditional linear argumentative style of academic criticism many of the essays in this collection instead find critical forms more subtly related to poetry Viewed as a whole the essays return to a number of shared issues namely poetic form and the production of present day poetry While focusing on North American poetry the collection does reference the larger world of contemporary poetics including potential biases and omissions based on race and ethnicity Amazon.com **The Cambridge Conference of Contemporary Poetry**,2002

Rain Taxi Review of Books,2000 **Alpha Ruins** Charles Borkhuis,2000 Alpha Ruins was written as a collection of poems of sensual abstraction that attempts to advance the perimeters of a post modern critical lyric The project was to create poems that work in the gap between the analytical social and semiotic concerns of contemporary language writing and that of a more dream like mythic existential awareness of the body as an ontological presence in the writing process
