of radio Radio Benjamin gathers the surviving transcripts which appear here for the first time in English This eclectic collection demonstrates the range of Benjamin s thinking and his enthusiasm for popular sensibilities His celebrated Enlightenment for Children youth programs his plays readings book reviews and fiction reveal Benjamin in a creative rather than critical mode They flesh out ideas elucidated in his essays some of which are also represented here where they cover topics as varied as getting a raise and the history of natural disasters subjects chosen for broad appeal and examined with passion and acuity Delightful and incisive this is Walter Benjamin channeling his sophisticated thinking to a wide audience allowing us to benefit from a new voice for one of the twentieth century s most respected thinkers **Walter Benjamin**

and the Actuality of Critique Carlo Salzani,2021-07-28 The striking actuality of Walter Benjamin s work does not rest on a supposed usefulness of his philosophy for current concerns but rather on the high legibility to which his oeuvre has come in the present Indeed this legibility is a function of critique which unearths the truth content of a work in a constellation of reading with the present and assures thereby that the work lives on Following this methodological tenet this book approaches Benjamin s work with two foci the actuality of his critique of violence a central and unavoidable topic in the contemporary political philosophical debate and the actuality of his critique of experience which perhaps is not as conspicuous as that of his critique of violence but constitutes nonetheless the bedrock upon which his whole philosophy rests
