

been used? Why should the tongue of any man give utterance to such thoughts, unless he was conscious of guilt? What danger was there that these men would be arrested, unless they had committed an unlawful act? Why must they stick together, unless they were then casting about for some means of preventing the law from reaching its victims?

These are not the expressions of men conscious of innocence! No! they proceeded from one who knew he had violated the laws of his country. The conclusion to which a candid, an honest and impartial jury must irresistibly be led, is, that these misguided men, who had worked themselves up to the belief that they were about to do a meritorious act; who falsely imagined, that when this deed was done, they should have suppressed abolition, and thereby rendered good service to their country; when the whirlwind of passion had passed, when the hour for reflection had come, realized the enormity of their guilt, and resolved to trample upon other laws than those they had already violated.

Begin → I am no abolitionist. I have no sympathy for the party; no communion with their creed. But I am a friend to law; an enemy to mobs; and an advocate for good order. I am opposed to the lawless acts of an unprincipled, an infuriated, a licentious mob. I am opposed to any resort to brute force, much more when it is resorted to to break down the barriers which the constitution has thrown around us all. Put down the freedom of thought! suppress the freedom of speech! restrain the freedom of the press! Lawless force cannot do it. The effort will be useless; the trial will be as idle, as was that when Canute the Dane planted his chair upon the sea shore, and commanded the waves to roll back from their appointed place. That effort was idle; but not more so than this one. The press still speaks out in tones of thunder, and it will speak out in tones that cannot be resisted, and in a language which cannot be misunderstood or disregarded. You cannot put down the press by force. I warn you; I warn all

Alton Trials The American Journalists:

The Rise and Fall of the Saturday Globe Ralph Frasca, 1992 In the postbellum nineteenth century journalism reached larger audiences with more information in less time With the rise of industrialization and mechanization the means of conveying news to the public improved dramatically In 1873 Frederic Hudson one of the nation's first journalism historians predicted that these technological advances would spawn genuinely national newspapers Such publications would be circulated to all parts of the country by means of pneumatic tubes he wrote which could convey newspapers from one coast to the other within three hours The prophesy of compressed air blowing bunches of newspapers across the length and breadth of the country was so far awry that it is amusing to consider today However Hudson's forecast of a national newspaper which seemed just as far fetched in that era of a distinctly provincial press came to fruition in only the following decade As the population soared due in large measure to immigration as urban areas blossomed and as the public became increasingly literate more people turned to newspapers for information about their community and nation It was against this backdrop that the Saturday Globe was born in 1881 From its auspicious infancy in Utica New York the Saturday Globe grew into a major newspaper with nationwide circulation Through its pioneering use of regional editions it became the first truly national newspaper in United States history It served as a unifying force for disparate communities which were constantly being redefined by the expansion of industry and the increase in population The Saturday Globe's readership which peaked at nearly 300 000 was attracted by its stunning artwork its national scope and its charming miscellany of stories In many ways the Saturday Globe was a theoretical forerunner of USA Today Although it eschewed the political partisanship so common among newspapers of the era the Saturday Globe emanated a morally conservative tenor which was sometimes difficult to reconcile with the newspaper's tendency toward sensationalism Relying on many diverse sources Ralph Frasca constructs a comprehensive social history of the Saturday Globe placing it in a larger context by showing how cultural technological economic demographic and journalistic forces in the late nineteenth and early twentieth centuries both created a milieu for the Saturday Globe's inception and success and lead to its demise forty three years later The story of the Saturday Globe offers insight into the processes by which mighty newspapers rise fall and erode into the deepest recesses of time The survival of America's newspapers is just as much a concern now as when the Saturday Globe a mere husk of its former self folded While the Saturday Globe fought a losing battle against imitators and magazines today's newspapers wage a similar war against the encroachment of the broadcast media The history of the Saturday Globe offers a compelling case study of a major newspaper's rise and fall
