Am Wisdoms Child:

Am Wisdom's Child Liz Siva, 2005 In her first novel Liz Siva takes the reader on an engaging sometimes exciting sometimes sentimental journey from despair to hope to ultimate success through her central character Benjamin Jones a struggling African American child in Harlem

Wisdom's Children Lin Northrup, 2007-02 While in meditation I sensed the familiar urging of my inner voice and reached for a pen Children are arriving in vast numbers to assist in the crossover to an enlightened age They are a new prototype of human being and their soul purpose is to help humanity return to love Wisdom's Children describes a new generation of highly sensitive children whose heightened vibration and consciousness can bring about a transformation in the hearts of humanity It blends metaphysical information the author received intuitively with her experiences as a teacher and a parent She has witnessed the beauty of these children as they struggle to adapt to a world and an outmoded educational system that doesn't recognize their expanded perceptions and abilities The young beings among you carry an intuitive knowledge of universal truth and reflect your deepest longing as spiritual beings to live in harmony with each other and the earth Today's high vibrational children require a new understanding of child development They need parents and educators who will nurture their universal way of thinking and multisensory gifts so they can manifest their vision of global cooperation and peace

Wisdom justified of her children. A sermon [on Matt. xi. 19], etc Jonathan PARSONS (and MAC GREGORE (David)), 1742

The Mage's Daughter Leslie Kennedy, 2012-12-29 About the Mage's Daughter By Leslie Kennedy Having a bad day Wake up not knowing who you are where you are or the language of the person around you Then just as you are getting comfortable with the language and the routine of the way of life around you your only link with wherever you are is wounded and locked inside her cottage and it is set on fire and once the people who have done this leave you have no choice but to go to her and the man who was trying to save her rescue Oh I forgot you only look to be about nine and the man is in full armor So is your day better than hers If not make sure you get plenty of rest so you have a fresh mind for what faces you tomorrow and stay alert for whatever is left of today

I AM WISDOM, Have we met? J.D. Moore, 2012-08-19 A book that will change the world for those ready to let go of their most prized possessions their egos beliefs and modern philosophies This book will tell you Why your democracies and economies are doomed Why your politicians will grow more and more helpless Why there are so many religious sects and denominations How the extraordinary wisdom of Jesus came to be lost as you may have suspected How all your religions have kept you from acquiring wisdom How to start a benevolent world changing revolution before it's too late Why the age of reason and secular humanism have brought you crushing debt and higher taxes Why you are wasting trillions in tax money on problems Wisdom would fix for free

Challenging the Conventional Wisdom about Residential Care for Children and Youth Bruce B. Henderson, 2023-12-01 Is residential care inherently harmful This book argues that this conventional wisdom is wrong and is itself harmful to a significant number of children and youth The presumptive view is based largely on overgeneralizations

from research with infants and very young children raised in extremely deprived environments A careful analysis of the available research supports the use of high quality residential care as a treatment of choice with certain groups of needy children and youth not a last resort intervention The nature of high quality care is explored through child development theory and research and two empirically supported models of care are described in detail It will be of interest to all scholars and students of child development child welfare youth work social work and education as well as professionals working within these fields

Social and Physical Ecologies for Child Resilience: Wisdom from Asia and Africa Haibin Li,Guanglun Michael Mu,Linda Theron,2023-11-16 Since Emmy Werner and her team discovered on the Hawaiian island of Kauai the invincible children who fared well despite exposure to significant household risks there has been proliferating research on child resilience as a positive response to adverse conditions The past five decades have seen significant advancements in and diverse approaches to understanding challenges facilitative factors and positive outcomes in the resilience process that involve children Despite existing and continuously emerging modelings and framings there appears a common understanding that child resilience unfolds through the interactions between individuals and the environments surrounding them This Research Topic therefore takes an ecological approach to child resilience While ecologies constitute social spaces that nurture child resilience they can also refer to the physical environments surrounding children There has been robust empirical evidence suggesting resilience is a shared capacity of the individual and the social ecology e g families schools and communities and more recently of the individual and the physical ecology e g the built or natural environment
