Bombay Teachers and the Cultural Role of Cities Bryan P. Sharpe, 1973 **The Indian City** John Van Willigen, 1979 **Contradictions and Conflict** Donald V. Kurtz, 2024-01-08 This work analyzes the history of conflict in one Indian university Scholars representing Maharashtrian Brahman and non Brahman castes embedded in the university's postgraduate campus and urban and rural colleges have fought for over forty years to control university government The structure of these castes institutional and regional contradictions suggests that conflict will persist The book explores the history of conflict from 1924 to 1989 and proposes a dialectical methodology to analyze the conflict It examines the agents and dramatic conflicts that engaged them Finally it suggests a dialectical political anthropology for understanding politics anthropologically The work suggests that a dialectical methodology focused on internal social contradictions provides a superior analysis of conflicts that impel historical agency and that universities largely ignored by anthropologists are exciting reservoirs for ethnographic research
