Bomber Harris His Life And Times:

Bomber Harris: His Life and Times Henry Probert, 2016-08-05 This is the definitive biography of one of the most controversial figures of the Second World War Sir Arthur Harris remains the target of criticism and vilification by many while others believe that the contribution he and his men made to the Allied victory is grossly undervalued Harris has been condemned in particular for his Area Bombing tactics which saw civilians and their homes become legitimate targets along with industrial and military installations This is explored by the author and placed fully within its context and just as importantly within the instructions he received from Churchill's administration Henry Probert's critical but highly sympathetic account draws on wide ranging research and for the first time all of Harris' own papers to give an outstanding insight into a man who combined leadership professionalism and decisiveness with kindness humour and generosity

Bomber Harris Henry Probert, 2006 Bomber Harris Air Commodore Henry Probert, 2006-03-17 This is the definitive biography of one of the most controversial figures of World War II Sir Arthur Harris remains the target of criticism and vilification by many while others believe the contribution he and his men made to victory is grossly undervalued Henry Probert's critical but sympathetic new account draws on recent research and for this first time all of Harris's own extensive papers to give outstanding insight into a man who combined leadership professionalism and decisiveness with kindness humour and generosity Probert examines Harris's life from youth in Rhodesia to fighting in World War I the inter war years his two families and his post war years in South Africa and England He reveals and analyses how Harris did his job in RAF Bomber Command during World War II his leadership of his men in the face of appalling casualties his disagreements with higher authority his dealings with Churchill his close links with the Americans his role in directing the bombing raids against Germany most notably at Dresden and the way he was treated afterwards Bomber Harris provides the most complete and rounded picture of one of the great high commanders of modern times and an outstanding military personality of World War II

Bomber Harris John Grehan, Martin Mace, 2014-04-22 The bombing campaign conducted against Germany and German occupied Europe in the Second World War was and remains one of the most controversial operations of the entire war Much of Bomber Command's effort was what was defined as area bombing in which whole cities or districts were targeted The ultimate aim of an attack on a town area Sir Arthur Harris wrote in one of his despatches is to break the morale of the population which occupies it namely to produce i destruction and ii fear of death This strategy was so successful it almost brought Germany to the point of collapse until Churchill worried about the devastation it was causing and the number of civilian deaths which resulted ordered it to cease Harris' despatches explain in great detail the success of his methods which if given full reign may have brought the war to a speedier conclusion but would have meant even more German casualties Such was the controversy surrounding Bomber Command's operations Harris' despatches were not published by the government even though the despatches of every other branch of the armed services and all of their operations were

made public The full text of Harris despatches is reproduced here along with an explanation why these documents were withheld for so many years **Air & Space Power Journal sum 02** , *Dictionary of World Biography* Barry Jones,2022-11-30 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include Decades of Decision 1860 1965 Joseph II 1968 and Age of Apocalypse 1975 and he edited The Penalty Is Death 1968 revised and expanded 2022 Sleepers Wake Technology and the Future of Work was published by Oxford University Press in 1982 became a bestseller and has been translated into Chinese Japanese Korean Swedish and braille The fourth edition was published in 1995 Knowledge Courage Leadership Insights Reflections a collection of speeches and essays appeared in 2016 He received a DSc in 1988 for his services to science and a DLitt in 1993 for his work on information theory Elected FTSE 1992 FAHA 1993 FAA 1996 and FASSA 2003 he is the only person to have become a Fellow of four of Australia s five learned Academies Awarded an AO in 1993 named as one of Australia s 100 living national treasures in 1997 he was elected a Visiting Fellow Commoner of Trinity College Cambridge in 1999 His autobiography A Thinking Reed was published in 2006 and The Shock of Recognition about music and literature in 2016 In 2014 he received an AC for services as a leading intellectual in Australian public life What Is to Be Done was published by Scribe in 2020 **Bomber Command** Roddy MacKenzie,2023-02-16 Roddy MacKenzie s father served in Bomber Command during the Second World War but like so many brave veterans who had survived the war he spoke little of his exploits So when Roddy started on his personal journey to discover something of what his father had achieved he uncovered a great deal about the devastating effectiveness of Bomber Command and the vital role it played in the defeat of Third Reich He realised that the true story of Bomber Command s achievements has never been told nor fully acknowledged Roddy became a man on a mission and this startlingly revealing and often personal study is the result Bomber Command Churchill s Greatest Triumph takes the reader through the early days of the Second World War and introduces all the key individuals who turned the Command into the war winning weapon it eventually became as well as detailing the men and machines which flew night after night into the heart of Hitler s Germany The main focus of his book is the destruction and dislocation wrought by the bombing to reduce and ultimately destroy Germany s ability to make war In

his analysis Roddy dug deep into German archival material to uncover facts rarely presented to either German or English language readers These demonstrate that Bomber Command s continual efforts at appalling cost in aircrew casualties and aircraft losses did far more damage to the Reich than the Allies knew Roddy s father served with the Royal Canadian Air Force and Roddy naturally highlights its contribution to Bomber Command s successes another aspect of this fascinating story which the author believes has not been duly recognized Bomber Command Churchill s Greatest Triumph will certainly raise the debate on the controversial strategy adopted by Bomber Harris and how he was perceived by many to have over stepped his remit But most of all this book will revise people s understanding of just how important the endeavours were of those men who flew through the dark and through the searchlights the flak and the enemy night fighters to bring the Second World War in Europe to its crushing conclusion Sources and Debates in Modern British History Ellis Wasson,2012-01-17 Designed to complement the author s A History of Modern Britain this collection of primary sources illuminates and augments the study of modern Britain with coverage of political imperial and economic history as well as class and cultural issues Features a broad range of documents in a well structured and easy to use format including important well known documents and lesser known excerpts from memoirs and private correspondence Provides up to date balanced coverage of political imperial social economic and cultural history with over 180 documents Offers a thorough rendering of social class and national identity including coverage of changes in British society over the last 20 years Includes discussion questions for each document as well as lists of historical debates and extensive bibliographies of both on line and traditional sources for students further research **A Companion to World War II** Thomas W. Churchill's Eagles Richard Mead,2024-06-30 An in depth overview of the role of the Royal Air Force s leaders during World War II The RAF did not come of age until the Second World War The role of its forerunners in the Great War the Royal Flying Corps and the Royal Naval Air Service although important was peripheral to that of the ground forces The founding father of the RAF Lord Trenchard was determined that it should become a fully fledged third service equal in status to the Royal Navy and British Army and this he succeeded in doing between the wars firstly by setting up the RAF College at Cranwell and Staff College at Andover and secondly by providing a cost effective policeman of the more rebellious parts of the British Empire By 1939 the RAF had grown substantially but of the three best aircraft of the coming War only the Supermarine Spitfire was in service as neither the Avro Lancaster nor the De Havilland Mosquito would be available until early 1942 Aircraft however were not enough It was the leaders of the RAF the subjects of this book who would take the battle to the enemy and who after six long years would prevail

Dambuster-in-Chief Richard Mead,2020-12-30 A fascinating biography of one of the most important figures in Bomber Command during the Second World War History of War Ralph Cochrane was born in 1895 into a distinguished naval family After joining the Royal Navy he volunteered in 1915 to serve with the RNAS in airships and was an early winner of the Air Force Cross In 1918 he transferred to the fledgling RAF and learned to fly serving in Iraq as a flight commander under Bomber Harris His inter war career saw him as a squadron commander in Aden before he became the first Chief of Air Staff of the Royal New Zealand Air Force During the Second World War he served mainly in Bomber Command and commanded 5 Group from early 1943 He formed 617 Squadron and was instrumental in planning the legendary Dambuster Raid the most spectacular of the War as well as the sinking of the battleship Tirpitz An inspirational leader he trained 5 Group in low level target marking skills Post war Cochrane held a string of senior appointments commanding Transport Command Flying Training Command and finally as Vice Chief of Air Staff retiring in 1952 He died in 1977 A brilliantly researched biography of a fascinating fighter adds a new name to rank alongside Great Britain s most heroic warriors Argunners The Dambusters is one of my absolute favourite stories from WWII and this bio of Cochrane tells the story of an extraordinary man Brilliant Books Monthly
