**Misreading Shakespeare** Wagdi Zeid, 2012-10 A dynamic new study in literary and dramatic influence Misreading Shakespeare defines and explores the relation between two modern plays Edward Bond's *Lear* and Tom Stoppard's *Rosencrantz and Guildenstern Are Dead* and Shakespeare's *King Lear* and *Hamlet* While some see the modern plays as derivative others claim that they are as original as the Shakespearean plays The effort to define and explore this relationship is a challenge for critics and readers alike Here Wagdi Zeid a playwright and professor of Shakespeare and drama puts forth a theoretical perspective derived from W Jackson Bate and Harold Bloom's theories of influence Zeid's study manages to define and explore not only this intriguing and ambiguous relationship but the concept of originality itself Furthermore while theorists like Bate and Bloom are wholly concerned with just general statements and concepts Misreading Shakespeare goes inside the dramatic texts themselves and this practical aspect makes a big difference Also neither Bate nor Bloom has tried to apply his theory to dramatic texts Misreading Shakespeare offers readers both theory and practice Misreading Shakespeare was written for an eclectic audience including scholars of drama theatre Shakespeare and literary theory and criticism playwrights and other writers striving for originality and theatrical artists and audiences alike

[Adapting King Lear for the Stage](#) Lynne Bradley, 2016-03-16

Questioning whether the impulse to adapt Shakespeare has changed over time, Lynne Bradley argues for restoring a sense of historicity to the study of adaptation. Bradley compares Nahum Tate's *History of King Lear* (1681) adaptations by David Garrick in the mid-eighteenth century and nineteenth century Shakespeare burlesques to twentieth century theatrical rewritings of *King Lear* and suggests latter day adaptations should be viewed as a unique genre that allows playwrights to express modern subject positions with regard to their literary heritage while also participating in broader debates about art and society. In identifying and relocating different adaptive gestures within this historical framework, Bradley explores the link between the critical and the creative in the history of Shakespearean adaptation. Focusing on works such as Gordon Bottomley's *King Lear's Wife* (1913), Edward Bond's *Lear* (1971), Howard Barker's *Seven Learns* (1989), and the Women's Theatre Group's *Lear's Daughters* (1987), Bradley theorizes that modern rewritings of Shakespeare constitute a new type of textual interaction based on a simultaneous double gesture of collaboration and rejection. She suggests that this new

interaction provides constituent groups such as the feminist collective who wrote *Lear's Daughters* a strategy to acknowledge their debt to Shakespeare while writing against the traditional and negative representations of femininity they see reflected in his plays
