Real World Faith Walter Brueggemann, 2023-09-12 Real World Faith articulates a faith that is effectively linked to our real world the world of our bodies and of the body politic The real world of our bodies causes us to be largely preoccupied with our health security dignity and sexuality and causes concern for food and shelter for ourselves and for our neighbors The real world of the body politic puts us in inescapable touch with issues of money power weapons policies treaties taxes and trade agreements These are the matters that occupy us most of the time on most of our days They are the proper agenda of our faith because our faith consists in trust in the One who governs our bodily life in the world Our interpretive work is to try to articulate the ways albeit hidden ways in which the agency and character of God make effective contact with our world This is real life faith

**Living Devotions** Mary Clark Moschella, 2008-01-01 Living Devotions explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration These matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines

these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice

**Bitter Fruit** Keith Gordon Ford,2021-06-17 No church founder or planter likely intends to start a church with the stated goal of allowing abuse or abusing those within it Yet sadly and too often even in the best of churches abuse does occur The bitter fruit of abuse does not appear from nowhere Its origins the soil in which it grows and the structures that support it need be understood if we are to eradicate this fruit from within our churches and

Christian organizations Bitter Fruit Dysfunction and Abuse in the Local Church describes those psychologies social psychologies and inadequate theologies that are frequently true in churches that enable abuse regardless of the form the abuse may take It is vital that you understand these things if you are a pastor leader or lay person seeking to maintain a healthy church environment The Anglican Communion at a Crossroads Christopher Craig Brittain, Andrew McKinnon, 2018-04-17 Worldwide debates over issues of sexuality and gender have come to a head in recent years in mainline and evangelical churches with the Anglican Communion a worldwide network of churches that trace their practice to Canterbury and claim some 85 million members among the most publicly visible sites of contestation This thorough and compelling analysis of the conflicts within the Communion argues that they are symptoms of long simmering issues that must be addressed when Anglican bishops and archbishops meet at the 2020 Lambeth Conference To many the disagreements over such issues as LGBTQ clergy same sex marriage and women s ordination suggest an insurmountable crisis facing Anglicans one that may ultimately end the Communion Christopher Craig Brittain and Andrew McKinnon argue otherwise Drawing on extensive empirical research and interviews with influential Anglican leaders they show how these struggles stem from a complex interplay of factors notably the forces and effects of globalization new communications technology and previous decisions made by the Communion In clarifying both the theological arguments and social forces at play as the bishops and primates of the Anglican Communion prepare to set the Church s course for the next decade Brittain and McKinnon combine sociological and theological methodologies to provide both a nuanced portrait of Anglicanism in a transnational age and a primer on the issues with which the Lambeth Conference will wrestle Insightful informative and thought provoking The Anglican Communion at a Crossroads is an invaluable resource for understanding the debates taking place in this worldwide community Those interested in Anglicanism sexuality and the Christian tradition the sociology of religion and the evolving relationship between World Christianity and churches in the Global North will find it indispensable

**Women, Politics, and Social Networks in the Sagas of Norwegian Kings** Markus Eldegard Mindrebø, 2025-05-19 The Old Norse Icelandic konungas gur kings sagas have been thoroughly studied for centuries for their vivid representation of Scandinavia's Viking Age past but women have frequently been overlooked in scholarly discussions of the political culture found within the texts *Women Politics and Social Networks in the Sagas of Norwegian Kings* shows that in their accounts of early Norwegian history the kings sagas portray aristocratic and royal women as able to participate in politics at a similar level to men but only within certain social parameters Women are structurally enabled to enter male dominated political spaces and positions through their participation in interaction with and manipulation of multifaceted aristocratic networks based around interpersonal bonds of kinship friendship and lordship Inspired by advancements within medieval network theory and studies of aristocratic group behaviour and women's social agency in medieval historiography the book demonstrates that the sagas portray elite women as utilising the same network strategies as men and potentially exercising similar levels of political power as a consequence while being excluded from the institutionalised roles of kingship chieftaincy and military and judicial leadership
