## **Bone Lady Life As A Forensic Anthropologist:**

**The Bone Lady** Mary H. Manhein, 1999-03-01 On the first day of the search I failed to find the body So writes forensic anthropologist and bioarchaeologist Mary H Manhein or the bone lady as law enforcement personnel call her In this one of dozens of stories recollected in her powerful memoir Manhein and the state police eventually unearth a black plastic bag buried in the banks of the Mississippi River containing the body of a man who has been missing for five years After the painstaking process of examining the remains confirming the victim s identity and preparing a formal report for the police Manhein testifies for the prosecution at the murder trial The defendant is convicted in no small part because of Manhein and the bone lady has helped solve yet another mystery As director of the Forensic Anthropology and Computer Enhancement Services FACES Laboratory at Louisiana State University Manhein unravels mysteries of life and death every day In *The Bone Lady* she shares with the compassion and humor of a born storyteller many fascinating cases that include the science underlying her analyses as well as the human stories behind the remains Manhein an expert on the human skeleton assists law enforcement by providing profiles of remains that narrow the identification process when the traditional means used by medical examiners or coroners to conduct autopsies are no longer applicable simply put when bones are all that are left to tell the story She assesses age sex race height signs of trauma and time since death and creates clay facial reconstructions Although Manhein enjoys solving high profile cases her personal crusade is identifying the John and Jane Does who wait in her lab Manhein s own words perfectly characterize her mission Identifying a victim can bring peace of mind to the family and can help them to go on with their lives Sometimes peace of mind is the only gift that I can give *Trail of Bones* Mary H. Manhein, 2005-09-01 A fellow of the American Academy of Forensic Sciences and an expert on the human skeleton Mary H Manhein assists law enforcement officials across the country in identifying bodies and solving criminal cases In *Trail of Bones* her much anticipated sequel to *The Bone Lady* Manhein reveals the everyday realities of forensic anthropology Going beyond the stereotypes portrayed on television this real life crime scene investigator unveils a gritty exhausting exacting alternately rewarding and frustrating world where teamwork supersedes individual heroics and some cases unfortunately remain unsolved A natural storyteller Manhein provides gripping accounts of dozens of cases from her twenty four year career Some of them are famous She describes her involvement in the hunt for two serial killers who simultaneously terrorized the Baton Rouge Louisiana region for years her efforts to recover the remains of the seven astronauts killed in the Columbia space shuttle crash in 2003 and her ultimately successful struggle to identify the beheaded toddler known for years as Precious Doe Less well known but equally compelling are cases involving the remains of a Korean War soldier buried for more than forty years and the mystery of Mardi Gras Man who was wearing a string of plastic beads when his body was discovered Manhein describes how the increased popularity of tattoos has aided her work and how forensic science has labored to expose frauds including a fake big foot track she examined from Louisiana s Kisatchie National Forest She also

shares ambitious plans to create a database of biological and DNA profiles of all of the state's missing and unidentified persons Possessing both compassion and tenacity Mary Manhein has an extraordinary gift for telling a life story through bones Trail of Bones takes readers on an entertaining and educating walk in the shoes of this remarkable scientist who has dedicated her life to providing justice for those no longer able to speak for themselves , Histories of American Physical Anthropology in the Twentieth Century Michael A.
