Bonnard Francis Bouvet, 1981-01-01 **Pierre Bonnard, the Graphic Art** Pierre Bonnard, Colta Feller Ives, Helen Emery Giambruni, Sasha M. Newman, Museum of Fine Arts, Houston, Museum of Fine Arts, Boston, 1989
Tentoonstellingscatalogus Met bibliografie en register **Bonnard** Francis Bouvet, 1981 *Art Books* Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition **The Poster** Ruth E. Iskin, 2014-10-07 The Poster Art Advertising Design and Collecting 1860s 1900s is a cultural history that situates the poster at the crossroads of art design advertising and collecting Though international in scope the book focuses especially on France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the fields of art design advertising and collecting Iskin s insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising

In the Public Eye James Smith Allen, 2014-07-14 Robert Darnton Roger Chartier and others have written much on the history of reading in the Old Regime but this is the first broad study of reading to focus on the period after 1800 How and why did people understand texts as they did in modern France In answering this question James Allen moves easily from one interpretive framework to another and draws on a wide range of sources novels diaries censor reports critical reviews artistic images accounts of public and private readings and the letters that readers sent to authors about their books As he analyzes reading in the public eye the author explores the formation of interpretive communities during the years when reading silently and alone gradually became more common than reading aloud in a group In the Public Eye discusses printing

publishing literacy schooling criticism and censorship to study the social cultural economic and political forces that shaped French interpretive practice Examining the art and act of reading by different audiences it discloses the mentalities of literate people for whom few other historical records exist The book will be essential reading for those interested in modern French history post structuralist literary theory and criticism reader response theory and criticism and social and intellectual history in general Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Cézanne to Picasso Rebecca A. Rabinow, Douglas W. Druick, Maryline Assante di Panzillo, Metropolitan Museum of Art (New York, N.Y.), Art Institute of Chicago, Musée d'Orsay, 2006

Pierre Bonnard Françoise Heilbrun, Pierre Bonnard, Philippe Néagu, 1988 The first collection of the photographs of master Impressionist painter Pierre Bonnard this work of scholarship documents the existing oeuvre of Bonnard s work from delicate nature studies and landscapes in his native France and elsewhere in Europe to striking portraiture and intimate images of lovers friends and family The more than 276 photographs and illustrations demonstrate the range and genius of Bonnard s work and offer insights into his process as an artist Bonnard s photographs were the inspiration for several of his well known works among them the illustrations for *Parallèle* by Verlaine 1900 and *Daphnis and Chloé* by Longus 1902 The texts and critical annotations make important connections between Bonnard s photographs and his drawings and paintings
