## **Bonapartes Warriors:**

**Bonaparte's Warriors** Richard Howard, 2018-08-09 Lausard must prevent a plot against Napoleon himself It is September 1803 and the uneasy peace between Bonaparte's France and his great rivals looks ever more precarious The English are suspicious that Napoleon's motive for signing the treaty of Amiens was to buy time to mobilise his forces and they were right 200 000 soldiers are arriving on the French coast readying for invasion Amongst them is Alain Lausard and his fellow dragoons veterans of Bonaparte's greatest battles But whilst Lausard lives for war even he feels hesitant about the imminent attack The French Army may be the greatest in Europe but England dominates the high seas And whilst Napoleon is confident of victory he cannot but be distracted by intelligence reports of those plotting against him from within Suddenly the campaign is not what it seems The fourth book in The Alain Lausard Adventures is perfect for fans of Bernard Cornwell and Conn Iggulden

**The British Bonapartes** Edward Hilary Davis, 2022-09-15 A hitherto unexamined history of the wider Bonaparte family presented in a new way and shedding fresh light on their eventful lives in Britain From duels on Wimbledon Common and attempted suicides in Hyde Park to public brawls and arrests in Shropshire and the sexual adventures of a princess who rescued Freud from the Nazis and brought him to Britain this book exposes the curious events surrounding the family's exploits in England Scotland and Ireland Originally an island family themselves the Bonapartes have had a surprisingly good relationship with the British Isles In just two generations the Bonapartes went from being Britain's worst enemy to one of Queen Victoria's closest of friends Far from another mere history of Napoleon Bonaparte this book is divided into different branches of the Bonaparte family detailing in an anecdotal and amusing way their rather scandalous lives in Britain For example few will know that Napoleon III was once a volunteer constable in London and arrested a drunk woman or that Princess Marie Bonaparte sponsored Prince Philip's education as well as conducted her own research into the clitoris in her quest to achieve an orgasm or that Napoleon IV fought for the British army and was killed by the Zulus or that one Bonaparte was even made a High Sheriff in a British town Today the head of the family is London based and works in finance The Bonapartes are known to most as the enemies of Britain but the truth is quite the opposite and far more entertaining

**Bonaparte's Horsemen** Richard Howard, 2018-08-09 An exhausted Grand Arme must battle both foe and elements Poland 1807 As the Grand Arme continues its march ever eastwards Napoleon faces his most difficult challenge to date Sergeant Alain Lausard and his loyal dragoons have never known a campaign like it Anything but fresh from their victory over Frederick's Prussian forces Napoleon orders his men onwards into Poland and headfirst into battle with General Bennigsen and his Russian troops And the Tsar is not the only enemy that must be overcome country and climate conspire to make conditions impossible The Grande Arme may be renowned for its ability to move with speed and purpose but as torrential rain turns Polish roads to quagmires Europe's finest are facing a battle hardened foe without their greatest strength Perhaps not even Bonaparte's tactical brilliance will be enough to save Lausard and his men from a deadly debacle

The sixth book in The Alain Lausard Adventures is perfect for fans of Richard Holmes Ben Kane and Iain Gale Warrior's Dishonour George Kassimeris,2016-02-17 The characteristic act of men at war is not killing It is killing by committing shocking and unspeakable atrocities when circumstances permit What drives ordinary people into hatred genocide inhumanity and evil What turns friends and neighbours against each other with such savagery Where does such barbarity come from This collection examines the anarchy cruelty and overwhelming confusion of modern warfare In particular it analyzes what happens when morality vanishes from the battlefield and why torture is endemic in modern warfare how human rights in times of war lose meaning as a set of principles whether official propaganda and enemy demonization make barbaric behaviour easier how we can develop cultures opposed to torture that damage the legitimacy of our societies Through a wealth of case studies that have been carefully selected in terms of their themes approaches and methodologies this comprehensive volume provokes discussion and enhances understanding from a variety of disciplinary perspectives

give a full and unprejudiced history of the Women Bonapartes call for no apology and I may even venture to believe that  
whatever their shortcomings they will be welcomed by the English and American public as an attempt to fill a place in our
