*A Companion to Franklin D. Roosevelt* William D. Pederson, 2011-03-21 A Companion to Franklin D Roosevelt presents a collection of historiographical essays by leading scholars that provides a comprehensive review of the scholarship on the president who led the United States through the tumultuous period from the Great Depression to the waning days of World War II Represents a state of the art assessment of current scholarship on FDR the only president elected to four terms of office and the central figure in key events of the first half of the 20th century Covers all aspects of FDR s life and times from his health relationships and Supreme Court packing to New Deal policies institutional issues and international relations Features 35 essays by leading FDR scholars

**Burdens of War** Jessica L. Adler, 2017-07-19 In the World War I era veterans fought for a unique right access to government sponsored health care In the process they built a pillar of American social policy Burdens of War explores how the establishment of the veterans health system marked a reimagining of modern veterans benefits and signaled a pathbreaking validation of the power of professionalized institutional medical care Adler reveals that a veterans health system came about incrementally amid skepticism from legislators doctors and army officials concerned about the burden of long term obligations monetary or otherwise to ex service members She shows how veterans welfare shifted from centering on pension and domicile care programs rooted in the nineteenth century to direct access to health services She also traces the way that fluctuating ideals about hospitals and medical care influenced policy at the dusk of the Progressive Era how race class and gender affected the health related experiences of soldiers veterans and caregivers and how interest groups capitalized on a tense political and social climate to bring about change The book moves from the 1910s when service members requested better treatment Congress approved new facilities and increased funding and elected officials expressed misgivings about who should have access to care to the 1930s when the economic crash prompted veterans to increasingly

turn to hospitals for support while bureaucrats politicians and doctors attempted to rein in the system By the eve of World War II the roots of what would become the country s largest integrated health care system were firmly planted and primed for growth Drawing readers into a critical debate about the level of responsibility America bears for wounded service members Burdens of War is a unique and moving case study Jennifer D Keene Chapman University author of Doughboys the Great War and the Remaking of America     **Barry Farm-Hillsdale in Anacostia: A Historic African American**

**Community** Alcione M. Amos,2021 Barry Farm Hillsdale was created under the auspices of the Freedmen s Bureau in 1867 in what was then the outskirts of the nation s capital Residents built churches and schools and the community became successful In the 1940s youth from the community courageously desegregated the Anacostia Pool and the Barry Farm Dwellings was built to house war workers In the 1950s community parents joined the fight to desegregate schools in Washington D C as local leaders fought off plans to redevelop the area Both the women and the youth of Barry Farm Dwellings then public housing were at the forefront of the fight to improve their lives and those of their neighbors in the 1960s but community identity was being subsumed into the larger Anacostia neighborhood Curator and historian Alcione M Amos tells these little remembered stories back covers     The Other American Moderns ShiPu Wang,2017-07-14 In The Other American Moderns ShiPu Wang analyzes the works of four early twentieth century American artists who engaged with the concept of Americanness Frank Matsura Eitar Ishigaki Hideo Noda and Miki Hayakawa In so doing he recasts notions of minority artists contributions to modernism and American culture Wang presents comparative studies of these four artists figurative works that feature Native Americans African Americans and other racial and ethnic minorities including Matsura and Susan Timento Pose at Studio ca 1912 The Bonus March 1932 Scottsboro Boys 1933 and Portrait of a Negro ca 1926 Rather than creating art that reflected Asian aesthetics Matsura Ishigaki Noda and Hayakawa deployed imagery of the Other by the Other as their means of exploring understanding and contesting conditions of diaspora and notions of what it meant to be American in an age of anti immigrant sentiment and legislation Based on a decade long excavation of previously unexamined collections in the United States and Japan The Other American Moderns is more than a rediscovery of forgotten minority artists it reconceives American modernism by illuminating these artists active role in the shaping of a multicultural and cosmopolitan culture This nuanced analysis of their deliberate engagement with the ideological complexities of American identity contributes a new vision to our understanding of non European identity in modernism and American art     200 Notable Days Richard A. Baker,2006 Comprised of 200 readable and informative historic vignettes reflecting all areas of Senate activities from the well known and notorious to the unusual and whimsical Prepared by Richard A Baker the Senates Historian these brief sketches each with an accompanying illustration and references for further reading provide striking insights into the colorful and momentous history of The World s Greatest Deliberative Body Review from Goodreads Jason rated this book with 3 stars and had this to say This coffee table book on Senate History comes from none other than the U S

Senate Historian Richard Baker The House of Representatives recently acquired noted historian of the Jacksonian era Robert Remini as the official House Historian He recently wrote a pretty impressive tomb on the House of Representatives The Senate already has a 4 volume history written by US Senator Robert C Byrd of West Virginia so the Senate could not reply in that manner So I think the coffee table book was the best that we could muster I think this is the first time I have actually read a coffee table book from cover to cover It is a chatty little story book filled with useful cocktail party history of the US Senate That s useful knowledge to me as I never know what to say at Washington cocktail parties Perhaps anecdotes about Thomas Hart Benton will help break the ice The most striking thing to me about the book was the number of attacks on the Capitol I had heard about all the incidents individually but it is more jolting to see them sequentially 3 bombings 2 gun attacks and then the attempt on September 11th In a way its remarkable that the Capitol complex remained so open for so long Note I use the past tense here As any of you who have visited the capitol recently will have noted it is increasingly difficult to get in And once the Capitol Visitor Center is completed I expect it will be very much a controlled experience like the White House In any case Baker s prose is breezy and he is dutifully reverent to the institution without missing the absurdities of Senate life You also get a sense of the breakdown in lawfulness that preceded the Civil War Its not just the canning of Charles Sumner its also the Mississippi Senator pulling a gun on Missouri Senator Thomas Hart Benton in the Senate chamber Then there is the case of California Senator David Broderick an anti slavery Democrat being killed in a duel by the pro slavery Chief Justice of the California Supreme Court Apparently back in those days California was a lot more like modern Texas In any case the slide toward anarchy can definitely be found long before Fort Sumter Another interesting aside that I really never knew concerns the order of succession All of us learn in school that it is the President then the Vice President then the Speaker of the House and then President Pro Tempore of the Senate After that you get the members of the Cabinet and I was aware that as new departments were created they have been shuffled up a bit What I did not know is that Congress was not always in the order of succession at all For a long time it devolved from the President to the VP and then directly to the Secretary of State Furthermore when they first inserted Congress it was the President Pro Tempore of the Senate who was third in line over the Speaker of the House The structure we all know and love was only finalized in 1947 after some hard thinking in light of FDR s demise and the Constitutional Amendments on succession that followed Anyway this is a book for government geeks If you are one its a nice read and about as pleasant a way to introduce yourself to Senate history as I have found If not there are prettier coffee table books to be had

**Yearbook of Experts, Authorities and Spoke** Mitchell P. Davis, 2006-02 The purpose of the Yearbook of Experts is to provide bona fide interview sources to working members of the news media Page 2

**Generals in the Making** Benjamin Runkle, 2019-07-26 Shakespeare famously wrote that some men are born great some achieve greatness and some have greatness thrust upon them Part military history and part group biography Generals in the Making tells the amazing true story of how George Marshall Dwight Eisenhower

Douglas MacArthur George Patton and their peers became the greatest generation of senior commanders in military history As the U S Army s triumphant homecoming from World War I was quickly forgotten amidst two decades filled with economic depression and growing isolationism Marshall Eisenhower MacArthur Patton Omar Bradley Lucian Truscott Matthew Ridgway and their brothers in arms toiled in a profession most Americans viewed with distrust Before they became legends these young officers served their country in posts from Washington D C to Panama from West Point to war torn China They taught and studied together in the Army s schools attempting to innovate in an era of shrinking budgets obsolete equipment and skeletal forces Beyond these professional challenges they endured shattering personal tragedies the sudden deaths of children or spouses divorce depression and court martial Yet when the world faced possibly its darkest hour as fascism and barbarism were on the march they stood ready to lead America s young men in the fight for civilization By the end of World War II even German commanders expressed amazement at the dynamic change in American military leadership since the Great War

**Generals in the Making** is the first comprehensive history of America s World War II generals between the wars an invaluable prequel to every history of that war Army ,2004 A Companion to American Military History James C. Bradford,2009-11-03 With more than 60 essays A Companion to American MilitaryHistory presents a comprehensive analysis of the historiographyof United States military history from the colonial era to thepresent Covers the entire spectrum of US history from the Indian andimperial conflicts of the seventeenth century to the battles inAfghanistan and Iraq Features an unprecedented breadth of coverage from eminentmilitary historians and emerging scholars including little studiedtopics such as the military and music military ethics care of thedead and sports Surveys and evaluates the best scholarship on every importantera and topic Summarizes current debates and identifies areas whereconflicting interpretations are in need of further study A Companion to Dwight D. Eisenhower Chester J. Pach,2017-04-10 A Companion to Dwight D Eisenhower brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history **The 5th Marine Regiment Devil Dogs in World War I** Michael A. Eggleston,2016-03-15 More than 8 000 men served in the Fifth Marine Regiment during World War I and the occupation of Germany Marine units were among the first to arrive in war torn Europe in 1917 and they sustained greater casualties than other American units This book tells the story of the Devil Dogs in World War I and the years after through

the recollections of veterans recorded over the past century The influenza epidemic that raged during the war is discussed An annotated roster of the regiment lists each Marine with service details provided where known

**The Oxford Encyclopedia of American Military and Diplomatic History** Timothy J. Lynch, 2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in History

*Dogface Soldier* Wilson A. Heefner, 2010-05-05 On July 11 1943 General Lucian Truscott received the Army's second highest decoration the Distinguished Service Cross for valor in action in Sicily During his career he also received the Army Distinguished Service Medal with Oak Leaf Cluster the Navy Distinguished Service Medal the Legion of Merit and the Purple Heart Truscott was one of the most significant of all U S Army generals in World War II pioneering new combat training methods including the famous Truscott Trot and excelling as a combat commander turning the Third Infantry Division into one of the finest divisions in the U S Army He was instrumental in winning many of the most important battles of the war participating in the invasions of North Africa Sicily Anzio and southern France Truscott was not only respected by his peers and dogfaces common soldiers alike but also ranked by President Eisenhower as second only to Patton whose command he took over on October 8 1945 and led until April 1946 Yet no definitive history of his life has been compiled Wilson Heefner corrects that with the first authoritative biography of this distinguished American military leader Heefner has undertaken impressive research in primary sources as well as interviews with family members and former associates to shed new light on this overlooked hero He presents Truscott as a soldier who was shaped by his upbringing

civilian and military education family life friendships and evolving experiences as a commander both in and out of combat Heefner's brisk narrative explores Truscott's career through his three decades in the Army and defines his roles in key operations It also examines Truscott's postwar role as military governor of Bavaria particularly in improving living conditions for Jewish displaced persons removing Nazis from civil government and assisting in the trials of German war criminals And it offers the first comprehensive examination of his subsequent career in the Central Intelligence Agency where he served as senior CIA representative in West Germany during the early days of the Cold War and later as CIA Director Allen Dulles's deputy director for coordination in Washington Dogface Soldier is a portrait of a man who earned a reputation for being honest forthright fearless and aggressive both as a military officer and in his personal life a man who at the dedication ceremony for the Anzio Nettuno American cemetery in 1945 turned away from the crowd and to the thousands of crosses stretching before him to address those buried there Heefner has written a definitive biography of a great soldier and patriot

**A Nation of Veterans** Olivier Burtin, 2022-09-20 A Nation of Veterans examines how the United States created the world's most generous system of veterans benefits Though we often see former service members as an especially deserving group the book shows that veterans had to wage a fierce political battle to obtain and then defend their advantages against criticism from liberals and conservatives alike They succeeded in securing their privileged status in public policy only by rallying behind powerful interest groups including the Veterans of Foreign Wars the Disabled American Veterans and the American Legion In the process veterans formed one of the most powerful movements of the early and mid twentieth century though one that we still know comparatively little about In examining how the veterans movement inscribed martial citizenship onto American law politics and culture A Nation of Veterans offers a new history of the U.S. welfare state that highlights its longstanding connection with warfare It shows how a predominantly white and male group such as military veterans was at the center of social policy debates in the interwar and postwar period and how women and veterans of color were often discriminated against or denied access to their benefits It moves beyond the traditional focus on the 1944 G.I. Bill to examine other important benefits like pensions civil service preference and hospitals The book also examines multiple generations of veterans by shedding light on how former service members from both world wars as well as Korea and the Cold War interacted with each other This more complete picture of veterans politics helps us understand the deep roots of the military welfare state in the United States today

**Presidents and Civil Liberties from Wilson to Obama** Samuel Walker, 2012-04-16 This book is a history of the civil liberties records of American presidents from Woodrow Wilson to Barack Obama It examines the full range of civil liberties issues First Amendment rights of freedom of speech press and assembly due process equal protection including racial justice women's rights and lesbian and gay rights privacy rights including reproductive freedom and national security issues The book argues that presidents have not protected or advanced civil liberties and that several have perpetrated some of the worst violations Some Democratic presidents Wilson and Roosevelt

moreover have violated civil liberties as badly as some Republican presidents Nixon and Bush This is the first book to examine the full civil liberties records of each president thus placing a president's record on civil rights with his record on national security issues and also to compare the performance on particular issues of all the presidents covered Rendering Nature Marguerite S. Shaffer, Phoebe S. K. Young, 2015-08-28 We exist at a moment during which the entangled challenges facing the human and natural worlds confront us at every turn whether at the most basic level of survival health sustenance shelter or in relation to our comfort driven desires As demand for resources both necessary and unnecessary increases understanding how nature and culture are interconnected matters more than ever Bridging the fields of environmental history and American studies Rendering Nature examines the surprising interconnections between nature and culture in distinct places times and contexts over the course of American history Divided into four themes animals bodies places and politics the essays span a diverse array of locations and periods from antebellum slave society to atomic testing sites from gorillas in Central Africa to river runners in the Grand Canyon from white sun tanning enthusiasts to Japanese American incarcerated from taxidermists at the 1893 World's Fair to tents on Wall Street in 2011 Together they offer new perspectives and conceptual tools that can help us better understand the historical realities and current paradoxes of our environmental predicament Contributors Thomas G Andrews Connie Y Chiang Catherine Cocks Annie Gilbert Coleman Finis Dunaway John Herron Andrew Kirk Frieda Knobloch Susan A Miller Brett Mizelle Marguerite S Shaffer Phoebe S K Young **Shantytown, USA** Lisa Goff, 2016-04-25 Shantytowns once occupied a central place in America's urban landscape Lisa Goff shows how these resourceful dwellings were not merely the byproducts of hardship but potent assertions of self reliance Their legacy is felt in sites of political activism from campus shanties protesting apartheid to the tent cities of Occupy Wall Street *Failing Our Veterans* Mark Boulton, 2014 Returning Vietnam veterans had every reason to expect that the government would take care of their readjustment needs in the same way it had done for veterans of both World War II and Korea But the Vietnam generation soon discovered that their G I Bills fell well short of what many of them believed they had earned Mark Boulton's groundbreaking study provides the first analysis of the legislative debates surrounding the education benefits offered under the Vietnam era G I Bills Specifically the book explores why legislators from both ends of the political spectrum failed to provide Vietnam veterans the same generous compensation offered to veterans of previous wars *Failing Our Veterans* should be essential reading to scholars of the Vietnam War political history or of social policy Contemporary lawmakers should heed its historical lessons on how we ought to treat our returning veterans Indeed veterans wishing to fully understand their own homecoming experience will find great interest in the book's conclusions
