Stories About People With ALS Pasquale De Marco,2025-05-08 Stories About People With ALS is a collection of personal stories from people who have been affected by amyotrophic lateral sclerosis ALS also known as Lou Gehrig s disease This devastating disease robs people of their ability to move speak eat and breathe but it cannot take away their courage strength and determination The people in this book have faced ALS with incredible resilience and grace They have shown that even in the face of adversity it is possible to live a full and meaningful life Their stories are an inspiration to us all They remind us that we are all capable of great things even when we are faced with challenges They also remind us that we are not alone There are people who care about us and there are people who are willing to help us If you or someone you know has been diagnosed with ALS this book is for you These stories will give you hope and inspiration They will remind you that you are not alone and that there is still much to live for This book is also for anyone who wants to learn more about ALS It is a valuable resource for family members friends caregivers and anyone else who wants to understand this disease and its impact on people s lives The stories in this book are raw honest and heartbreaking But they are also full of hope and inspiration They are a testament to the power of the human spirit and they will stay with you long after you finish reading them If you like this book write a review on google books

Making Decisions about People Alex Dennis,2023-01-31 This title was first published in 2001 Engaging with both management science and interactionist sociology this book employs a case study of stroke rehabilitation in hospitals to clarify a range of practical organizational concerns and conceptual issues related to decision making in complex organizations

Policing Is

About People Martin J. Schwartz, 2019-08-28 We often hear about acts of violence in our country which may require an intervention by the police. But sometimes the actions, techniques and methods used generate questions or criticism about the lawfulness and necessity of policing. Thus many in and out of law enforcement continue to look for ways to improve what we view as inappropriate police conduct. Who are these men and women called upon to keep the order, peace and safety of our communities? How are they recruited, trained and supervised as they perform the duties we demand of them? Martin J. Schwartz's book *Policing Is About People* examines the lawfulness and methodology of police actions and considerations in evaluating them. More importantly, it identifies the humanness of the police as told by a police officer. The book offers an opportunity to view policing as a function demanded by the people, our constitutional founders. Finally, the book considers how to make policing better, safer and smarter for both the citizenry and the police.

Social Media Is About People Cassandra M. Bailey, Dana M. Schmidt, 2022-07-13 This book takes a people first approach to social media that centers on how to best communicate with others using the social media platforms Facebook, Instagram, LinkedIn, Pinterest, Twitter, TikTok. The one thing that unites them all is that they are used by people, real human beings. Too often today, marketers are focused on algorithms and analytics instead of simply trying to help their company meaningfully connect with the humans that are going to help them grow. This book takes a people first approach to social media that centers on how to best communicate with others using the social media platforms. While each and every social network changes constantly, this underlying approach never will. By ensuring that people are first in all social media strategies, marketers will deliver more value to their companies and the people they serve.

It's All About People Skills Jerry Boyle, 2011-12-16 Teaching like many service professions requires the appropriate interpersonal skills. Although academic expertise is and always will be the foundation of instruction, educators must be able to translate their knowledge both affectively and effectively in order to better inform their students. *It's All About People Skills* provides teachers with information upon which they can improve themselves in the classroom, calling to attention the necessity for interpersonal skills in order to be successful in front of the classroom. Offering educators print-to-practice instructional strategies, models of classroom management plans and planning modules, *It's All About People Skills* will not only improve teachers' instructional delivery and therefore engage more students in a positive school culture, but will also prepare teachers to meet the challenges of contemporary schooling such as adapting to technology, working with home-schooled children and addressing school violence.

People's Diplomacy of Vietnam Harish C. Mehta, 2019-08-20 This is the first full-length book on the concept of People's Diplomacy promoted by the president of North Vietnam, Ho Chi Minh, at the peak of the Vietnam War from 1965-1972. It holds great appeal for historians, international relations scholars, diplomats and the general reader interested in Vietnam. A form of informal diplomacy, people's diplomacy was carried out by ordinary Vietnamese including writers, cartoonists, workers, women, students, filmmakers, medical doctors.

academics and sportspersons They created an awareness of the American bombardment of innocent Vietnamese civilians and made profound connections with the anti war movements abroad People s diplomacy made it difficult for the United States to prolong the war because the North Vietnamese together with the peace movements abroad exerted popular pressure on the American presidents Lyndon Johnson and Richard Nixon to end the conflict It was much more effective than the formal North Vietnamese diplomacy in gaining the support of Westerners who were averse to communism It damaged the reputation of the United States by casting North Vietnam as a victim of American imperialism **The People's Bible: John Joseph**

Parker,1893 *The Measure of a Person* Pasquale De Marco,2025-07-19 In a world where inequality persists in many forms this book offers a comprehensive exploration of the concept of equality examining its different manifestations causes and consequences Drawing on the work of Nobel Prize winning economist Amartya Sen the book argues that equality should be understood in terms of people s capabilities to achieve their goals and live the lives they value The book examines the relationship between equality and other important social values such as justice fairness and social welfare It explores the challenges of balancing these values against each other in the real world and considers the role of public policy in promoting equality The book also looks to the future and considers the challenges of achieving equality in the 21st century It examines the impact of technological change globalization and other factors on inequality and discusses the role that governments businesses and civil society can play in creating a more just and equitable world With its in depth analysis of the concept of equality this book is an essential read for anyone interested in social justice political theory or public policy It is a timely and important contribution to the ongoing debate about how to create a more just and equitable world This book is divided into ten chapters each of which explores a different aspect of equality The chapters cover topics such as the myth of equality capabilities and freedoms justice and fairness inequality and social welfare gender and inequality race and inequality disability and inequality health and inequality education and inequality and the future of equality The book is written in a clear and accessible style making it suitable for a wide audience It is essential reading for anyone who wants to understand the concept of equality and its implications for social justice and public policy If you like this book write a review

Learning Disability Gordon Grant,Paul Ramcharan,Margaret Flynn,Malcolm Richardson,2010-05-16 With its spread of chapters covering key issues across the life cycle this text has established itself as the foundational primer for those studying the lived experiences of people with learning disabilities and their families and outcomes achieved through services and support systems Recognising learning disability as a lifelong disability this accessible book is structured around the life cycle The second edition is refreshed and expanded to include seven new chapters covering Aetiology Breaking news about disability and early intervention Transition to adulthood The sexual lives of women Employment Personalisation People with hidden identities With contributions from respected figures from a range of disciplines the book draws heavily upon multidisciplinary perspectives and is based on the latest research and evidence for practice The text is informed by medical

social and legal models of learning disability exploring how learning disability is produced reproduced and understood Extensive use is made of real life case studies designed to bring theory values policy and practice to life Narrative chapters describe in the words of people with learning disabilities themselves their lives and aspirations They helpfully show readers the kinds of roles played by families advocates and services in supporting people with learning disabilities New exercises and questions have been added to encourage discussion and reflection on practice Learning Disability is core reading for students entering health and social care professions to work with people with learning disabilities It is a compelling reference text for practitioners as it squarely addresses the challenges facing people with learning disability their loved ones and the people supporting them Contributors Dawn Adams Kathryn Almack Dorothy Atkinson Nigel Beail Christine Bigby Alison Brammer Jacqui Brewster Hilary Brown Jennifer Clegg Lesley Cogher Helen Combes Clare Connors Bronach Crawley Eric Emerson Margaret Flynn Linda Gething Dan Goodley Peter Goward Gordon Grant Chris Hatton Sheila Hollins Jane Hubert Kelley Johnson Gwynnyth Llewellyn Heather McAlister Michelle McCarthy Alex McClimens Roy McConkey David McConnell Keith McKinstrie Fiona Mackenzie Ghazala Mir Ada Montgomery Lesley Montisci Elizabeth Murphy Chris Oliver Richard Parrott Paul Ramcharan Malcolm Richardson Bronwyn Roberts Philippa Russell Kirsten Stalker Martin Stevens John Taylor Irene Tuffrey Wijne Sally Twist Jan Walmsley Kate Woodcock The editors and contributors are to be congratulated on the production of a relevant and contemporary text that I have no hesitation in both endorsing and recommending to all involved in supporting and or caring for people with learning disabilities Professor Bob Gates Project Leader Learning Disabilities Workforce Development NHS Education South Central UK This is a seminal text for students and practitioners researchers and policy makers Associate Professor Keith R McVilly Deakin University Australia If I were to personally recommend any book for budding or current learning disability professionals then this would be it James Grainger Student Nurse Social Worker Sheffield Hallam University UK The book gives a true wealth of good practice scenarios that can only help practitioners be good at what they do and aspire to be Lee Marshall Student Nurse Sheffield Hallam University UK

Human Rights and the Body Dr Annabelle Mooney, 2014-09-28 Human Rights and the Body is a response to the crisis in human rights to the very real concern that without a secure foundation for the concept of human rights their very existence is threatened While there has been consideration of the discourses of human rights and the way in which the body is written upon research in linguistics has not yet been fully brought to bear on either human rights or the body Drawing on legal concepts and aspects of the law of human rights Mooney aims to provide a universally defensible set of human rights and a foundation or rather a frame for them She argues that the proper frames for human rights are firstly the human body seen as an index reliant on the natural world secondly the globe and finally language These three frames generate rights to food water sleep and shelter environmental protection and a right against dehumanization This book is essential reading for researchers and graduate students in the fields of human rights and semiotics of law
