**Addiction and God** Michael K. Mason,2016-01-21 The roots of the modern disease theory of addiction can be traced back to the archaic medical philosophies of the eighteenth century This popular theory is based primarily on the assumption that so called addicts are physically unable to resist the call of addictive chemicals They are presumably stricken from birth with this unlucky condition and all but helpless in the fight against the unhealthy symptoms of the so called disease The problem is that contemporary addiction research shows that substance abusers are not genetically or biologically different from anyone else In fact a growing group of physicians and researchers contend that addicts are simply guilty of making self destructive choices in response to the commonplace stresses of everyday life When addicts begin to take responsibility for their calculated chemical choices they ultimately come to view their abusive behaviors in terms of not sickness but sin They can then learn how to achieve forgiveness of their sins and deliverance from their addictions by offering their hearts minds and bodies to Jesus Christ This is a skillfully written and powerful book about addiction and recovery Having seen the devastating effects of addiction first hand Mr Mason was able to use his own personal experiences to develop a one of a kind text that dispels the myths about addiction and beautifully outlines the connection between the Spirit and recovery After 14 years of working in the field of chemical dependency I have never found a more complete and insightful view of addiction recovery and spirituality Cindy Tidwell MS LPC Professional Addiction Counselor      **Amazing Grace Addiction Bible**

**Study** Michael K. Mason,2016-08-05 The current success rate for addiction treatment is less than 30 percent which means that 7 out of 10 recovering addicts are not being cured of the so called disease of addiction Why doesn t treatment work The answer is simple addiction is not a disease In fact the mainstream mythology of Once and addict always and addict falls apart upon close inspection Therefore addictive behaviors must be evaluated within the context of not sickness but sin Through the study of the Bible so called addicts can learn how to achieve forgiveness of their sins and deliverance from their addictions by offering their hearts minds and bodies to Jesus Christ They can then be taught how to take advantage of the powerful indwelling presence of the Holy Spirit to wage war against their persistent addictive thoughts Ultimately this study has been designed to help substance abusers to focus their minds on God instead of chemicals in order to subdue their stubborn cravings for the seductive forbidden fruit of intoxication      [The Web Designer's Idea Book Volume 2](#) Patrick
