Right Thoughts at the Last Moment Jacqueline I. Stone, 2016-11-30 Buddhists across Asia have often aspired to die with a clear and focused mind as the historical Buddha himself is said to have done This book explores how the ideal of dying with right mindfulness was appropriated disseminated and transformed in premodern Japan focusing on the late tenth through early fourteenth centuries By concentrating one's thoughts on the Buddha in one's last moments it was said even an ignorant and sinful person could escape the cycle of deluded rebirth and achieve birth in a Buddha's pure land where liberation would be assured Conversely the slightest mental distraction at that final juncture could send even a devout practitioner tumbling down into the hells or other miserable rebirth realms The ideal of mindful death thus generated both hope and anxiety and created a demand for ritual specialists who could act as religious guides at the deathbed Buddhist death management in Japan has been studied chiefly from the standpoint of funerals and mortuary rites *Right Thoughts at the Last Moment* investigates a largely untold side of that story how early medieval Japanese prepared for death and how desire for ritual assistance in one's last hours contributed to Buddhist preeminence in death related matters It represents the first book length study in a Western language to examine how the Buddhist ideal of mindful death was appropriated in a specific historical context Practice for one's last hours occupied the intersections of multiple often disparate approaches that Buddhism offered for coping with death Because they crossed sectarian lines and eventually permeated all social levels deathbed practices afford insights into broader issues in medieval Japanese religion including intellectual developments devotional practices pollution concerns ritual performance and divisions of labor among religious professionals They also allow us to see beyond the categories of old versus new Buddhism or establishment Buddhism versus marginal heterodoxies which have characterized much scholarship to date Enlivened by cogent examples this study draws on a wealth of sources including ritual instructions hagiographies doctrinal writings didactic tales courtier diaries historical records letters and relevant art historical material to explore the interplay of doctrinal ideals and on the ground practice

Destiny in Empty Places Apostle Wanda N. Williams, 2009-04-13 For I know the plans that I have for you declares the LORD plans to prosper you and not harm you plans to give you hope and a future Then you will call upon me and I will listen to you you will seek me with all your heart Jeremiah 29 1113 *Destiny in Empty Places* is a book that is a result of every man and woman's journey a journey many lives follow every day going through life just merely existing The average life is lived trying to seek out and fulfill a purpose looking for meaning and seeking an understanding of the broken pieces in their lives The average life in humanity is also void for years and years without a single purpose One never knows where his or her absolute destiny lies We spend a lifetime fulfilling either our parents' dreams or that which we think we should be We have even convinced ourselves that our chosen purpose is clearly what we were created to be If one would go beyond their past and look beyond their

natural essence back to their spiritual essence one would then find purpose for his or her own life This book *Destiny in Empty Places* challenges every traveler on the road of destiny Your road to destiny is predetermined but not by you who travels it This simply means that God has given you a destiny that is predetermined Whether or not you will travel or find that road of destiny will be up to your wisdom knowledge and understanding of God of who he is and your purpose in destiny According to statistical research there are approximately 6 670 985 957 people in the world who live their lives from day to day without purpose plan or form Purpose is the intent that is set up for us as an object or an end to attain the intention at the end a resolution determination the action in course of execution People have arrived at a place in life where it looks like they are not accomplishing anything Their lives are spent as if they are traveling in a circle People are seeking out randomly striving to fill the void in their lives leaving them discouraged and vacillated into an empty place This emptiness is only on the surface of the face of the deep At your choice lies your destiny
