The Hyphenateds Phil Snider, 2011-12-12 Though the emergent church was once viewed as a fringe movement with little to offer established congregations it is now seen as one of the central driving forces shaping the future of postmodern Christianity in North America As an increasing number of mainline communities wonder how the emergent church influences their own structures and practices this book brings together the perspectives of several of the most prominent Hyphenated Christians i e those with one foot in the emergent conversation

and the other foot in the mainline church Presbyterians Anglicans Lutherans Methodists etc With a passion for both mainline traditions and the emergent conversation Hyphenateds offer a vibrant and contagious vision of the ways in which the church might undergo the transformation necessary to faithfully embody the love of Christ in the midst of an ever changing postmodern world The contributors of this book offer wisdom from a variety of contexts and The Hyphenateds reflects the changing dynamics currently taking place in the emergent conversation *Continuing the Reformation* Ruth A. Meyers, 2000-01-01 This book documents the Episcopal Church's developing focus on baptism within the context of the liturgical movement the emerging understanding of the eucharist prayer book revision and the confirmation dilemma Drawing on historical and contemporary sources the author presents a credible case in support of her belief that a baptismal ecclesiology is emerging from these events that have enabled people to accept a radically different initiatory pattern in the church This book exhibits clarity on the issues discussed with the support of solid scholarship and lucid writing

Samuel Austin Allibone, 1896 **Issues in Prayer Book Revision** Robert W. Prichard, 2018-09-17 Essays from academics across a spectrum of perspectives The Standing Commission on Liturgy and Music sought input from multiple sources in order to better understand the charge of the General Convention of 2015 suggesting that it present a plan for the revision of the Book of Common Prayer to the 2018 Convention While the individual chapters of this volume raise a variety of differing issues they share a common assumption that one of the sources of information for the Standing Commission and the Church in its deliberations ought to be the community of academically trained liturgical scholars The hope of this volume is to open a conversation across the church that will continue in the future *Of Thine Own Have We Given Thee* Shawn O.

Strout, 2024-01-01 Every Sunday around the world Christians offer money and in kind gifts to the church traditionally known as alms This act produces questions about what it means to offer God a gift when God has offered humanity the greatest gift in Jesus Christ or the balance of favour or gratitude in the giving of these gifts These very questions and more have had a significant influence on the liturgy particularly in the offertory within Anglicanism In *Of Thine Own Have We Given Thee* Shawn O Strout provides a comprehensive analysis of the offertory rites including in his analysis other churches within the

Anglican Communion beyond the Church of England Ordered historically the book encompasses the sixteenth century through to current times scrutinising the offertory and oblationary changes throughout their religious and historical contexts Strout argues that the development of oblation in the offertory was neither arbitrary nor episodic but rather the result of sustained theological tension Using liturgical theology s tools of historical textual and contextual analyses the book examines why these developments occurred and their importance for the church today **Ambassadors for God** Jennifer Phillips,2010-11-01 In 2006 the General Convention of the Episcopal Church called upon the Standing Commission on Liturgy and Music to develop and revise Reconciliation Rites for the new century Before the task of drafting liturgical materials for new rites begins the Commission felt it would be helpful to gather wisdom from the wider Church This volume is a beginning for this new work in progress The editor asked a variety of people lay and ordained and bishops religious academics penitents developers of new models people in institutional ministries people from various cultural and church backgrounds to address questions including In the current rites and practices of reconciliation what works and what doesn t What s missing How have the needs for such rites changed What new sorts of rites might we need What sort of rites might serve churches in their ethnic diversity Tudor England Arthur F.
