Skinner,2017-07-25 The book of Ezekiel has caused a lot of controversy in Christian circles concerning the End of Days the Day of the Lord and the re establishment of Israel as God s people Although this volume doesn t give any for sure answers it helps us to look at the issues with a critical mind so that we can decide for ourselves what God s plan for His people Israel is and the rest of the nations **The Holy Bible According to the Authorized Version (a.D. 1611): Ezekiel to the Minor Prophets. 1892** ,1892 *The Oxford Handbook of Ezekiel* Corrine Carvalho,2023 The current state of scholarship on the book of Ezekiel one of the three Major Prophets is robust Ezekiel unlike most pre exilic prophetic collections contains overt clues that its primary circulation was as a literary text and not a collection of oral speeches The author was highly educated the theology of the book is dim and its view of humanity is overwhelmingly negative In *The Oxford Handbook of Ezekiel* editor Corrine Carvalho brings together scholars from a diverse range of interpretive perspectives to explore one of the Bible s most debated books Consisting of twenty seven essays the Handbook provides introductions to the major trends in the scholarship of Ezekiel covering its history current state and emerging directions After an introductory overview of these trends each essay discusses an important element in the scholarly engagement with the book Several essays discuss the history of the text its historical context redactional layers text criticism and use of other Israelite and near eastern traditions Others focus on key themes in the book such as temple priesthood law and politics while still others look at the book s reception history and contextual interpretations including art Christian use gender approaches postcolonial approaches and trauma theory Taken together these essays demonstrate the vibrancy of Ezekiel research in the twenty first century **The Book of Ezekiel, Chapters 25-48** Daniel I. Block,1998-06-19 This work completes Daniel Block s two volume commentary on the book of Ezekiel The result of twelve years of studying this difficult section of Scripture this volume like the one on chapters 1-24 provides an excellent discussion of the background of Ezekiel and offers a verse by verse exposition that makes clear the message of this obscure and often misunderstood prophet

Block also shows that Ezekiel's ancient wisdom and vision are still very much needed as we enter the twenty first century
