Hogg's Instructor, 1852 **The British Toy Business** Kenneth D. Brown, 1996-01-01 At its height British toymaking was a significant industry with famous names such as Britains and Meccano known throughout the world While in essence a specialised form of small scale engineering its products and market have always been unique reflecting the current priorities of both parents and children Yet while individual toys and marques have been catalogued extensively no previous history of toymaking as a whole exists The British Toy Business provides a fascinating example of the development of a specific industry Many early toys were home made From the eighteenth century with its growing recognition of children as something other than small adults date the beginnings of specialised toys usually produced by small workshops and sold by street sellers The nineteenth century with its industrial growth and middle class prosperity saw an expansion of toymaking The 1960s and 1970s were the most successful years of British toymaking with companies like Lesney making record profits Yet British toy makers failed to solve a number of fundamental problems Following an unexpected sudden downturn in sales at a time of high interest rates the major names in British toy making Lesney Airfix Mettoy and Dunbee Combex Marx all collapsed between 1979 and 1985 leaving the business to be dominated largely by importers Chambers's Journal of Popular Literature, Science and Arts, 1869 *Lost Lake Erie* Jennifer Boresz Engelking, 2023-10-09 Serene one moment and destructive the next Lake Erie's moods mirror its tumultuous role in history As the site of Cleveland's Great Lakes Exposition the lake offered visitors a respite from the Great Depression and Hotel Victory once considered the world's largest summer

resort drew thousands to Put In Bay Daring postal workers dangerously crossed the ice covered surface on hybrid boats and by foot Canal Street at the Buffalo Wharf was once called the Wickedest Street in America The Erie is one of thousands of ships that lie in a solemn graveyard below the surface And rum runners turned the lake into a watery highway for illegal booze during Prohibition Author Jennifer Borez Engelking reveals entertaining heartbreaking and nostalgic stories of the lost sites businesses and industries of Lake Erie

Toys, Games, and Media Jeffrey Goldstein, David Buckingham, Gilles Brougere, 2004-09-10 This book is a state of the art look at where toys have come from and where they are likely to go in the years ahead The focus is on the interplay between traditional toys and play and toys and play that are mediated by or combined with digital technology As well as covering the technical aspects of computer mediated play activities the authors consider how technologically enhanced toys are currently used in traditional play and how they are woven into childrens lives The authors contrast their findings about technologically enhanced toys with knowledge of traditional toys and play They link their studies of toys to goals in education and to entertainment and information transfer This book will appeal to students researchers teachers child care workers and more broadly the entertainment industry It is appropriate for courses that deal with the specialized subject of toys and games media studies education and teacher training and child development

Vignelli Massimo Vignelli, 2007 This superbly presented volume is a treasure trove of the thoughts of internationally acclaimed designers Lella and Massimo Vignelli For the past ten years Massimo Vignelli has taught a summer course at the School of Design and Architecture at Harvard on subjects that were initially alphabetized for convenience but now

Early Childhood Education From an Intercultural and Bilingual Perspective Huertas-Abril, Cristina A., Gómez-Parra, María Elena, 2018-05-11 Around the world school districts and institutions are exploring ways to provide quality education to their students With this there is a deeper need for multiculturalism in classrooms as many students are from varying cultures and speak different languages Early Childhood Education From an Intercultural and Bilingual Perspective provides emerging research on the use of play toys and games as tools for meaningful multicultural and bilingual education By highlighting topics such as cross cultural psychology classroom management and second language acquisition this publication explores the importance of culture in games and play This book is an important resource for educators academicians researchers and students seeking current research on the role of intercultural education in society and modern approaches to early education

Kids' Stuff Gary Cross, 1999-11-15 To sort out who's who and what's what in the enchanting vexing world of Barbies R and Ninja Turtles R Tinkertoys R and teddy bears is to begin to see what's become of childhood in America It is this changing world and what it unveils about our values that Gary Cross explores in Kids Stuff a revealing look into the meaning of American toys through this century Early in the 1900s toys reflected parents ideas about children and their futures Erector sets introduced boys to a realm of business and

technology while baby dolls anticipated motherhood and building blocks honed the fine motor skills of the youngest children Kids Stuff chronicles the transformation that occurred as the interests and intentions of parents children and the toy industry gradually diverged starting in the 1930s when toymakers marketing playthings inspired by popular favorites like Shirley Temple and Buck Rogers began to appeal directly to the young TV advertising blockbuster films like Star Wars R and Saturday morning cartoons exploited their youthful audience in new and audacious ways Meanwhile powerful social and economic forces were transforming the nature of play in American society Cross offers a richly textured account of a culture in which erector sets and baby dolls are no longer alone in preparing children for the future and in which the toys that now crowd the racks are as perplexing for parents as they are beguiling for little boys and girls Whether we want our children to be high achievers in a competitive world or playful and free from the worries of adult life the toy store confronts us with many choices What does the endless array of action figures and fashion dolls mean Are children or parents the dupes of the film television and toy industries with their latest fads and fantasies What does this say about our time and what does it bode for our future Tapping a vein of rich cultural history Kids Stuff exposes the serious business behind a century of playthings

The Bookseller and the Stationery Trades' Journal ,1899 Official organ of the book trade of the United Kingdom

Beyond Text Jennifer Buckley,2019-10-09 Taking up the work of prominent theater and performance artists Beyond Text reveals the audacity and beauty of avant garde performance in print With extended analyses of the works of Edward Gordon Craig German expressionist Lothar Schreyer the Living Theatre Carolee Schneemann and Guillermo G mez Pe a the book shows how live performance and print aesthetically revived one another during a period in which both were supposed to be in a state of terminal cultural decline While the European and American avant gardes did indeed dismiss the dramatic author they also adopted print as a theatrical medium altering the status form and function of text and image in ways that continue to impact both the performing arts and the book arts Beyond Text participates in the ongoing critical effort to unsettle conventional historical and theoretical accounts of text performance relations which have too often been figured in binary chronological from page to stage or hierarchical terms Across five case studies spanning twelve decades Beyond Text demonstrates that print as noun and verb has been integral to the practices of modern and contemporary theater and performance artists
