Of Resemblances The Ineffaceable The Unperceived:

The Book of Resemblances: The ineffaceable. The unperceived Edmond Jabès, 1990 **Living in the Margins** Terry A. Veling, 2002-11-12 A gifted theologian sheds light on the meaning and value of intentional faith communities in the margins of parish life **Interrupting Auschwitz** Josh Cohen, 2005-06-01 Josh Cohen argues that Auschwitz is a key problem for how we think and therefore we cannot be assured that Auschwitz will not repeat itself Divine Enticement: Theological Seductions Karmen Mackendrick, 2013 Divine Enticement argues for a reconception of theology and its subject matter as modes of seduction of both body and mind Theological language as evocation opens onto rereadings of faith sacrament ethics prayer and scripture The conclusion argues for a sense of theology as calling upon infinite possibility **The Invention of Jewish Identity** Aaron W. Hughes, 2010-10-29 Jews from all ages have translated the Bible for their particular times and needs but what does the act of translation mean Aaron W Hughes believes translation has profound implications for Jewish identity The Invention of Jewish Identity presents the first sustained analysis of Bible translation and its impact on Jewish philosophy from the medieval period to the 20th century Hughes examines some of the most important Jewish thinkers Saadya Gaon Moses ibn Ezra Maimonides Judah Messer Leon Moses Mendelssohn Martin Buber and Franz Rosenzweig and their work on biblical narrative to understand how linguistic and conceptual idioms change and develop into ideas about the self The philosophical issues behind Bible translation according to Hughes are inseparable from more universal sets of questions that affect Jewish life and learning Immemorial Silence Karmen MacKendrick, 2001-03-01 Drawing on philosophy theology and literature from the early Middle Ages to the present Immemorial Silence traces a series of intertwined ideas Exploring silence as the absence of language which is nonetheless inherent in language itself and eternity as the outside of time cutting through time itself the book unfolds a series of connections between these temporal and linguistic themes **The Waste Fix** William G. Little, 2020-03-11 First published in 2002 This book explores the philosophical social and aesthetic implications of twentieth century America's obsession with eliminating waste Through interdisciplinary engagement with fiction and popular culture William Little traces the way this obsession finds expression in powerful social forces e.g. the drive to consume conspicuously the Progressive era campaign to manage scientifically the current demand to reduce reuse recycle and shows how such forces are governed by an idealism that links proper treatment of waste with the promise of salvation *The Work of Mourning* Jacques Derrida, 2003-09-15 Jacques Derrida is in the words of the New York Times perhaps the world's most famous philosopher if not the only famous philosopher He often provokes controversy as soon as his name is mentioned But he also inspires the respect that comes from an illustrious career and among many who were his colleagues and peers he inspired friendship The Work of Mourning is a collection that honors those friendships in the wake of passing Gathered here are texts letters of condolence memorial essays eulogies funeral orations written after the deaths of well known figures Roland Barthes Paul de Man Michel Foucault Louis Althusser Edmond

Jab s Louis Marin Sarah Kofman Gilles Deleuze Emmanuel Levinas Jean Fran ois Lyotard Max Loreau Jean Marie Benoist Joseph Riddel and Michel Servi re With his words Derrida bears witness to the singularity of a friendship and to the absolute uniqueness of each relationship In each case he is acutely aware of the questions of tact taste and ethical responsibility involved in speaking of the dead the risks of using the occasion for one s own purposes political calculation personal vendetta and the expiation of guilt More than a collection of memorial addresses this volume sheds light not only on Derrida s relation to some of the most prominent French thinkers of the past quarter century but also on some of the most important themes of Derrida s entire oeuvre mourning the gift of death time memory and friendship itself In his rapt attention to his subjects work and their influence upon him the book also offers a hesitant and tangential retelling of Derrida s own life in French philosophical history There are illuminating and playful anecdotes how Lyotard led Derrida to begin using a word processor how Paul de Man talked knowledgeably of jazz with Derrida s son Anyone who still thinks that Derrida is a facetious punster will find such resentful prejudice unable to survive a reading of this beautiful work Steven Poole Guardian Strikingly simple meditations on friendship on shared vocations and avocations and on philosophy and history Publishers Weekly Israel in Exile Ranen Omer-Sherman,2010-10-01 Israel in Exile is a bold exploration of how the ancient desert of Exodus and Numbers as archetypal site of human liberation forms a template for modern political identities radical skepticism and questioning of official narratives of the nation that appear in the works of contemporary Israeli authors including David Grossman Shulamith Hareven and Amos Oz as well as diasporic writers such as Edmund Jab s and Simone Zelitch In contrast to other ethnic and national representations Jewish writers since antiquity have not constructed a neat antithesis between the desert and the city or nation rather the desert becomes a symbol against which the values of the city or nation can be tested measured and sometimes found wanting This book examines how the ethical tension between the clashing Mosaic and Davidic paradigms of the desert still reverberate in secular Jewish literature and produce fascinating literary rewards Omer Sherman ultimately argues that the ancient encounter with the desert acquires a renewed urgency in response to the crisis brought about by national identities and territorial conflicts *For You Alone* Terry A. Veling,2014-04-18 The works of Emmanuel Levinas a survivor of the Nazi horror are striking in the constancy of their thought and the strength of their appeal We are not condemned to evil and hatred rather we are called to be for each other *For You Alone* explores the relational and religious quality of Levinas work Our lives are always twofold rather than one and the same A relational life is dependent on encounters that are revelatory Revelation means that life is no mere sameness but is tied to the revelation of the other to you Here is transcendence par excellence Here is what the name of God signifies the relational and ethical bond that takes us outside ourselves toward the other in our midst What could be more natural more human or more divine than to speak of the relational quality of life An answerable life means that we are asked after called required Here I am under your gaze Levinas writes obliged to you your servant In the name of God **Writing At Risk** Jason Weiss,1991-10-01 Much has

been made of the image of writers in Paris romanticized and idealized in fiction and on screen these migr artists in sidewalk caf s spark our imagination with unusual force But rarely do the real life figures speak to us directly to comment on their work their lives and their reasons for choosing to live and work in Paris In these striking interviews E M Cioran Julio Cort zar Brion Gysin Eug ne Ionesco Carlos Fuentes Jean Claude Carri re Milan Kundera Nathalie Sarraute and Edmund Jab s do just this as they speak out on the risks they ve taken on their struggles and discoveries on tradition challenge and their near unanimous status as migr s A consummate interviewer Jason Weiss spoke in depth with these pathbreaking artists regarding their lives their craft and their very special relationship to Paris Their writings were naturally the main focus of investigation but Weiss concern was always to build on previous interviews to deepen certain lines of inquiry and open new ones to contribute fresh material to the ongoing record The result is a series of invigorating detailed portraits that go beyond personality habits and pleasures to examine some of the causes and effects in the unique relationship of place and temperament Writing at Risk suggests that there is more than we suspect binding writers of such disparate cultures and genres perhaps their attitudes toward writing perhaps their common attraction to risk Readers will relish the immediacy of these interviews and will want to re discover the work of these exceptional artists

Sexual Disorientations Kent L. Brintnall, Joseph A. Marchal, Stephen D. Moore, 2017-11-07 Sexual Disorientations brings some of the most recent and significant works of queer theory into conversation with the overlapping fields of biblical theological and religious studies to explore the deep theological resonances of questions about the social and cultural construction of time memory and futurity Apocalyptic eschatological and apophatic languages frameworks and orientations pervade both queer theorizing and theologizing about time affect history and desire The volume fosters a more explicit engagement between theories of queer temporality and affectivity and religious texts and discourses
