

Of Sake

Hermann Candahashi

Of Sake:

The Book of Sake Philip Harper, Haruo Matsuzaki, 2006 Once found only in sushi bars and Japanese restaurants Sake now lines the shelves of gourmet food shops supermarkets and restaurants of all persuasions listed alongside the customary wine selections Written by a Sake brewmaster this book shows how to select a good sake and how to match an evening's selection with food Once found only in sushi bars and Japanese restaurants Sake now lines the shelves of gourmet food shops supermarkets and restaurants of all persuasions listed alongside the customary wine selections With demand on the rise the timing of The Book

Exploring the World of Japanese Craft Sake Nancy Matsumoto, Michael Tremblay, 2022-05-10

ING_08 Review quote *Devouring Japan* Nancy K. Stalker, 2018 In recent years Japan's cuisine or washoku has been eclipsing that of France as the world's most desirable food UNESCO recognized washoku as an intangible cultural treasure in 2013 and Tokyo boasts more Michelin starred restaurants than Paris and New York combined International enthusiasm for Japanese food is not limited to haute cuisine it also encompasses comfort foods like ramen which has reached cult status in the U S and many world capitals Together with anime pop music fashion and cute goods cuisine is part of the Cool Japan brand that promotes the country as a new kind of cultural superpower This collection of essays offers original insights into many different aspects of Japanese culinary history and practice from the evolution and characteristics of particular foodstuffs to their representation in literature and film to the role of foods in individual regional and national identity It features contributions by both noted Japan specialists and experts in food history The authors collectively pose the question what is washoku What culinary values are imposed or implied by this term Which elements of Japanese cuisine are most visible in the global gourmet landscape and why Essays from a variety of disciplinary perspectives interrogate how foodways have come to represent aspects of a unique Japanese identity and are infused with official and unofficial ideologies They reveal how Japanese culinary values and choices past and present reflect beliefs about gender class and race how they are represented in mass media and how they are interpreted by state and non state actors at home and abroad They examine the thoughts actions and motives of those who produce consume promote and represent Japanese foods

Tears of Longing Christine Reiko Yano, 2002 Enka a sentimental ballad genre epitomizes for many the nihonjin no kokoro heart soul of Japanese To older members of the Japanese public who constitute enka's primary audience this music of parted lovers long unseen rural hometowns and self sacrificing mothers evokes a direct connection to the traditional roots of Japaneseness Overlooked in this emotional invocation of the past however are the powerful commercial forces that since the 1970s have shaped the consumption of enka and its version of national identity Informed by theories of nostalgia collective memory cultural nationalism and gender this book draws on the author's extensive fieldwork in probing the practice of identity making and the processes at work when Japan becomes Japan

The Japanese Restaurant Iori Hamada, 2023-08-04 This book explores the growth and operations of the Japanese restaurant in Australia since the early 2000s from perspectives of

both restaurant workers and consumers Through first hand testimonies collected from chefs restaurateurs gourmets and casual diners it demonstrates how Japanese restaurants act as cultural hubs connecting a diverse community of migrants Australian citizens and international tourists while also disseminating knowledge of Japanese culinary cultures The ethnographic evidence presented challenges the colonialist and essentialist understandings of the exotic and Japaneseness as the inferior other to the West In so doing the book highlights the complex manifestations of cross cultural desires translating practices and the performative racial ethnic mimesis of Japanese ethnicity Featuring critical investigation into the fixed notions of otherness race ethnicity and authenticity this book will be a valuable resource to students and scholars of Japanese society and culture particularly Japanese food culture

The Oxford History of the Laws of England Volume II John Hudson, 2012-03-22 This volume in the landmark Oxford History of the Laws of England series spans three centuries that encompassed the tumultuous years of the Norman conquest and during which the common law as we know it today began to emerge The first full length treatment of all aspects of the early development of the English common law in a century featuring extensive research into the original sources that bring the era to life and providing an interpretative account a detailed subject analysis and fascinating glimpses into medieval disputes Starting with King Alfred 871 899 this book examines the particular contributions of the Anglo Saxon period to the development of English law including the development of a powerful machinery of royal government significant aspects of a long lasting court structure and important elements of law relating to theft and violence Until the reign of King Stephen 1135 54 these Anglo Saxon contributions were maintained by the Norman rulers whilst the Conquest of 1066 led to the development of key aspects of landholding that were to have a continuing effect on the emerging common law The Angevin period saw the establishment of more routine royal administration of justice closer links between central government and individuals in the localities and growing bureaucratization Finally the later twelfth and earlier thirteenth century saw influential changes in legal expertise The book concludes with the rebellion against King John in 1215 and the production of the Magna Carta Laying out in exhaustive detail the origins of the English common law through the ninth to the early thirteenth centuries this book will be essential reading for all legal historians and a vital work of reference for academics students and practitioners

Tales from the Land of the Rising Sun Pasquale De Marco, 2025-07-23 Tales from the Land of the Rising Sun is the definitive guide to book topic In this comprehensive and accessible book writer s name provides a clear and concise overview of the most important aspects of book topic Tales from the Land of the Rising Sun is perfect for anyone who wants to learn more about book topic Whether you re a student a professional or simply someone who is curious about the world around you this book has something to offer writer s name has written Tales from the Land of the Rising Sun in a clear and engaging style The book is full of real world examples and case studies which help to illustrate the concepts being discussed writer s name also provides helpful tips and advice which can help you to apply the information in the book to your own life Tales from the Land of the Rising
