Appearing and Empty Dalai Lama,Thubten Chodron,2023-08-29 In this final volume on emptiness the Dalai Lama skillfully reveals the Prasangikas view of the ultimate nature of reality so that

we will gain the correct view of emptiness the selflessness of both persons and phenomena and have the means to eliminate our own and others dukkha In this last of three volumes on emptiness the Dalai Lama takes us through the Sautrantika Yogacara and Svatantrika views on the ultimate nature of reality and the Prasangikas thorough responses to these so that we gain the correct view of emptiness the selflessness of both persons and phenomena This view entails negating inherent existence while also being able to establish conventional existence emptiness does not mean nothingness We then learn how to meditate on the correct view by cultivating pristine wisdom that is the union of serenity and insight as taught in the Pali Chinese and Tibetan traditions Such meditation when combined with the altruistic intention of bodhicitta leads to the complete eradication of all defilements that obscure our minds This volume also introduces us to the tathagatagarbha the buddha essence and how it is understood in both Tibet and China Is it permanent Does everyone have it In addition the discussion of sudden and gradual awakening in Zen Chan Buddhism and in Tibetan Buddhism is fascinating **The Firefly**
