*Echoes of the Most Holy* André Reis, 2022-03-01 The Day of Atonement was a day of rest penitence and purification for Israelites of loyal character On this day sins and impurities that had accumulated throughout the year were removed from the tabernacle by the application

of sacrificial blood to its altars and compartments and transferred by the high priest's confession onto the goat for Azazel which carried them to the desert. Israel was thus rendered clean before the Lord ensuring that he would continue to dwell in their midst. As it became ingrained in the veil of Jewish consciousness the Day of Atonement underwent a process of reflection and reimagination as shown in Second Temple literature where Azazel plays a significant eschatological role. Arriving in New Testament times the day's imagery and typology presented irresistible motifs which its authors used to proclaim Jesus Christ's atoning death and heavenly intercession on behalf of believers. By utilizing a coherent intertextual approach this book explores how John wove the Day of Atonement into the colorful literary tapestry of Revelation.
