Third Series Library of Congress. Copyright Office,1976 **Thomas Vaughan and the Rosicrucian Revival in Britain** Thomas Willard,2022-09-19 The first scholarly book on Thomas Vaughan 1621 1666 draws from recent studies in Western esotericism

to place his famously difficult writings in their proper context It shows that they develop themes from a distinctively Rosicrucian synthesis of alchemy magic and Christian cabala Vaughan introduced Rosicrucian documents to English readers and placed them in older philosophical contexts during the breakdown of censorship that followed the English Revolution against the old order in politics and religion Willard s book will appeal to students of early modern ideas about religion science and society as they were seen by an intelligent and eloquent outsider

Mystics and Messiahs Philip Jenkins,2000-04-06 In *Mystics and Messiahs* the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism
