David Nelson, 2021-06-10 An overview and analysis of John Webster's seminal contributions to Christian theology At the time of his death John Webster was widely hailed as one of the leading Christian theologians in the world Over the course of three decades he produced groundbreaking studies on the theologies of Eberhard Jüngel and Karl Barth and especially since the turn of the millennium numerous books and essays on various themes in Christian dogmatics He then intended to write an encyclopedic systematic theology a project he was unable to complete No substitute is possible for that lost opus but the contributors offer this volume as an homage to Webster and an aid to those who want to learn from him A Companion to the Theology of John Webster begins with an introductory section on Webster's theological development then continues into an extensive overview of Webster's contributions to contemporary discussions of particular doctrines An epilogue suggests how Webster's theology might have unfolded had he lived longer and imagines the continuing influence of his work on the enterprise of Christian dogmatics Readers hoping to understand the legacy of this great theologian and also those eager for fresh insights into the present state and future trajectories of contemporary Protestantism will find much to offer here      The Massachusetts Teacher, 1852      **John Webster** Don D. confederation of states any one of which could decide whether to leave the compact of 1789 and a lasting union based on the principles of the revolution      The Dictionary Wars Peter Martin, 2019-05-28 Peter Martin recounts the patriotic fervor in the early American republic to produce a definitive national dictionary that would rival Samuel Johnson's 1755 Dictionary of the English Language But what began as a cultural war of independence from Britain devolved into a battle among lexicographers authors scholars and publishers all vying for dictionary supremacy and shattering forever the dream of a unified American language      *The Ohio Educational Monthly* ,1855      **The Oxford History of English Lexicography** A.
