Mark T. McNally

Like No Other:

Like No Other Mark T. McNally, 2015-12-31 *Like No Other* Exceptionalism and Nativism in Early Modern Japan probes the association of the early modern Japanese intellectual institution called Kokugaku with the phenomenon of nativism Uncovering profound differences that cast serious doubt on this association Mark McNally argues that what Japanologists viewed as nativistic about Kokugaku were actually more typical of what Americanists call exceptionalism By severing the link between Kokugaku and nativism he is able to explore within early modern Japanese history instances that were more genuinely nativistic such as the upheaval associated with the intercultural encounters with Westerners during the 1850s and 1860s that culminated in the overthrow of Japan's last shogun He also documents for the first time in Japanese studies the ways in which exceptionalism applies to Japanese history not by focusing on either Nihonjinron or on Kokugaku the connection between the former and exceptionalism is one that Americanists have already made and the connection between the two Japanese institutions is one that Japanologists already know well but by highlighting the central role of Confucianism While Americans looked to the Judeo Christian tradition for their exceptionalist ideas their counterparts in early modern Japan looked to Confucianism whose foundational connections to exceptionalism were perhaps stronger than any analogous tradition in the West Despite the fact that exceptionalism and nativism occupy distinct positions within the historiographical traditions of both the United States and Japan they also intersect and overlap in the latter case which strongly suggests that this situation may also be true in other places including the United States *Like No Other Business* Bob

Israel is a nation formed by its army The Israeli army officially named the Israel Defence Forces IDF was established in 1948 by David Ben Gurion Israel's first prime minister who believed that the whole nation is the army In his mind the IDF was to be an army like no other It was the instrument that might transform a diverse population into a new people Since the foundation of Israel therefore the IDF has been the largest richest and most influential institution in Israel's Jewish society and is the nursery of its social economic and political ruling class In this fascinating history Bresheeth charts the evolution of the IDF from the Nakba to the continued assaults upon Gaza and shows that the state of Israel has been formed out of its wars He also gives an account of his own experiences as a young conscript during the 1967 war He argues that the army is

embedded in all aspects of daily life and identity And that we should not merely see it as a fighting force enjoying an international reputation but as the central ideological political and financial institution of Israeli society As a consequence we have to reconsider our assumptions on what any kind of peace might look like **A War Like No Other** Richard C. A God Like No Other: Depaganizing the God of the Hebrew Bible David A. Brondos, 2024-07-15 For centuries scholars and interpreters of the Hebrew Scriptures or Old Testament have read those Scriptures as if they spoke of a God whose desires concerns and interests were essentially no different than those of the other gods of antiquity known to us Like those gods what the God of Israel supposedly sought above all else was the honor worship and obedience of human beings and their submission to his will as his faithful and devoted servants While he undoubtedly demanded the practice of what was good right and merciful among his people in a way that set him apart from other gods ultimately he did so for his own sake in order to bring about in them the type of behavior that pleased him and compel them to live in conformity with his justice holiness and righteousness Those who sought to enjoy his blessings and avoid his fierce wrath and punishments had no choice but to strive to keep him content by observing all that he had commanded and making atonement for the sins and offenses they committed by offering him the sacrifices that appeased him Although he loved his people deeply his righteous and holy nature placed limits on that love and prevented him from showing them his favor unless the demands of his nature were satisfied When we abandon such an understanding of the God of Israel and instead read the Hebrew Bible on its own terms in order to grasp the logic underlying its narratives however a very different portrait of God emerges The God of whom the biblical texts speak is a God who desires nothing but the good for all those whom he has created and refuses to back down from his efforts to bring them to live in ways that will allow them to enjoy the wholeness and well being he desires for all when they insist on filling their lives with injustice suffering and violence When he demands that they obey all that he has commanded by practicing justice and compassion and avoiding behaviors that do them harm he does so not for his sake but for theirs If he jealously refuses to let his people serve and worship other gods it is only because those gods bring death and destruction rather than the life that is found in him alone While at times he must himself resort to violence and even bring down evil on human beings in order to put a stop to oppression and injustice he does so only because his passionate and unbending commitment to the well being of all of the families of the earth together with his beloved people Israel will not allow him to hold back or relent in his efforts to save them not from him but from themselves Christian and Jewish readers alike will find in the present volume a God who is very different from the God they have been taught to encounter previously in the biblical texts a God whose ultimate concern is not for his own glory honor or worship or for the demands of a righteous and holy nature that holds him captive but for the healing wholeness and well being of all of his creatures Such an understanding of God not only calls into question traditional interpretations of the Hebrew Bible but also lays the basis for a

Like No Other Time Tom Daschle, Michael D'Orso, 2003-11-04 Tom Daschle the Majority Leader of the historic 107th Senate presents a candid insider's account of the workings of the U S government during two of the most tumultuous years in the nation's history The 107th Congress faced a time like no other in the life of the nation This was the era of the first presidential election to be decided by the United States Supreme Court the fifty-fifty Senate the horror of September 11 the anthrax attacks on media and the government including Daschle's own office the war on terrorism corporate scandals that shook the economy the inexorable move toward war with Iraq and other dramatic events all leading up to the historic midterm elections of 2002 Through it all Senator Tom Daschle had with the exception of the President the most privileged view of these unfolding developments both in front of and behind the closed doors of government In *Like No Other Time* Daschle offers a riveting account of his singular perspective on a time when the nation faced deadly and elusive external enemies and a level of domestic political contention rarely seen in American history Senator Daschle is unflinching in his impressions of the key political figures of our time from both parties The result is an acutely perceptive assessment of how our government met and sometimes did not meet the challenges of a remarkable era As it was during the years of the 107th Congress the United States is once again at a critical and historic crossroads Our choices based on what we have learned from our recent past will affect our future in profound ways For Senator Daschle the first and perhaps most important choice lies with what kind of representation and leadership we want in government It is a choice between a political party with a core philosophical belief in the power of our collective will to confront these challenges through our government and one dominated by a group of people who don't like and don't believe in government

A War Like No Other Owen Fiss, 2004-04-15 A scholarly and cautionary collection of essays focusing on what Fiss views as the post 9/11 debasements of key provisions of the Constitution Kirkus Reviews A leading legal scholar for more than thirty years Owen Fiss's focus was civil procedure and equal protection But when the War on Terror began to shroud legal proceedings in secrecy he realized the bulwarks of procedure that shield the individual from the awesome power of the state were dissolving perhaps irreparably and that it was time for him to speak up The ten chapters in this volume cover the major legal battlefronts of the War on Terror from Guantanamo to drones with a focus on the constitutional implications of those new tools The underlying theme is Fiss's concern for the offense done to the US Constitution by the administrative and legislative branches of government in the name of public safety and the refusal of the judiciary to hold the government accountable *A War Like No Other* is an essential intellectual foundation for all concerned about constitutional rights and the law in a new age Fiss is one of our most clear-eyed and hard-edged constitutional analysts and this critique of the damage done to our constitutional heritage in the name of waging a war on terror is the most devastating I have seen Stanley N Katz director of the Princeton University Center for Arts and Cultural Policy Studies An essential contribution from one of the country's
