Of Acts In Its Palestinian Setting:

The Book of Acts in Its Palestinian Setting Bauckham, 1995-07-24 The Book of Acts in Its Palestinian Setting is devoted to a series of studies of those parts of the narrative of Acts that are specifically set in Palestine The geographical political cultural social and religious aspects of first century Jewish Palestine are all explored in order to throw light on Luke's account of the Palestinian origins of early Christianity There are fresh assessments of the historical significance of key features persons and events in Luke's narrative *The Book of Acts in Its First Century Setting* Richard Bauckham, 1996-01-01 *The Book of Acts in Its Palestinian Setting* Richard Bauckham, 1995 Volume 4 of this intriguing series examines the Palestinian social and political settings which serve as background to the Book of Acts Topics covered include Paul's pre-Christian career the relationship of the early church to the Essenes speeches of Peter and Stephen Palestinian politics and more **The Book of Acts and Paul in Roman Custody** Brian Rapske, Rapske, 2004-09-24 This volume provides a unique opportunity not only to learn about the custodial system of the Graeco-Roman world but to better view Paul's persona and Christian mission as well Brian Rapske's outstanding study shows Luke himself to be an ardent helper of Paul the missionary prisoner The author has produced an invaluable resource for both Acts and Pauline scholars having placed the prison narratives of Paul in both their cultural and literary settings The footnotes alone demonstrate the wealth of socio-cultural knowledge that Rapske brings to his reading of the Acts account as well as his understanding of the Pauline missions via his suffering in prison Journal for the Study of the New Testament Backgrounds of Early Christianity Everett Ferguson, 2003 New to this expanded updated edition are revisions of Ferguson's original material updated bibliographies a fresh discussion of first century social life the Dead Sea Scrolls much else **James the Just and Christian Origins** Bruce D. Chilton, Craig A. Evans, 2014-04-09 The lack of serious and sustained investigation of the historical figure of James the Just brother of Jesus is one of the curious oversights in modern critical study of Christian origins James the Just and Christian Origins addresses this problem The questions that surround this exceedingly important yet largely ignored figure are several and complicated Was he really the brother of Jesus How influential was he in the early church What was the nature of his relationship to the other apostles especially to Paul How did James understand Christianity's relationship to Judaism and to the people of Israel Out of this grows a very important question In its generative moment was Christianity in fact as well as in its self-awareness a species of Judaism Contributors from several countries are currently engaged in collaborative study in James and early Jewish Christianity James the Just and Christian Origins is the first of several planned volumes to be published Every Pilgrim's Guide to the Journeys of the Apostles Michael Counsell, 2002 A handy pocket-sized guide to the lands of the early church Historical notes maps local information and illustrations bring these Bible lands to vivid life Beginning from Jerusalem James D.G. Dunn, 2009-03-16 Beginning from Jerusalem covers the early formation of the Christian faith from 30 to 70 C.E. After outlining the quest for the historical

church parallel to the quest for the historical Jesus and reviewing the sources James Dunn follows the course of the movement stemming from Jesus beginning from Jerusalem He opens with a close analysis of what can be said of the earliest Jerusalem community the Hellenists the mission of Peter and the emergence of Paul Then Dunn focuses solely on Paul the chronology of his life and mission his understanding of his call as apostle and the character of the churches that he founded The third part traces the final days and literary legacies of the three principal figures of first generation Christianity Paul Peter and James the brother of Jesus Each section includes detailed interaction with the vast wealth of secondary literature on the many subjects covered

A Handbook on the Jewish Roots of the Christian Faith Craig Evans, David Mishkin, 2021-04-18 A Handbook on the Jewish Roots of the Christian Faith is a comprehensive handbook that serves as an introduction to the Jewish roots of the Christian Faith It includes Old Testament background Second Temple Judaism the life of Jesus the New Testament and the early Jewish followers of Jesus It is intended as a resource for college and or higher education It is no longer a novelty to say that Jesus was a Jew In fact the term Jewish roots has become something of a buzzword in books articles and especially on the internet But what does the Jewishness of Jesus actually mean and why is it important This collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the Jewish roots of the Christian faith It consists of thirteen chapters most of which are divided into four or five articles It is in a handbook format meaning that each article is brief but informative The thirteen chapters are grouped into four major sections 1 The Soil 2 The Roots 3 The Trunk and 4 The Branches Craig A Evans PhD DHabil is the John Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas He is a frequent contributor to scholarly journals and the author or editor of over seventy books Evans resides in Houston TX David Mishkin PhD serves on the faculty of Israel College of the Bible in Netanya Israel He is the author of The Wisdom of Alfred Edersheim and Jewish Scholarship on the Resurrection of Jesus

A Handbook on the Jewish Roots of the Gospels Craig Evans, David Mishkin, 2022 A survey of the historical theological and practical issues of reading the Gospels as Jewish literature Includes over thirty articles by well known experts on current topics relating to Jesus and the Gospels in light of new developments in archaeology ancient texts and Jewish society in late antiquity

Christian Origins and the Ancient Economy David A. Fiensy, 2014-07-22 What does economics have to do with Christian origins Why study such a connection First of all the New Testament makes many direct references to economic issues But second the economy affects every other aspect of life family religion community work health and politics To understand what it was like to live in a society one must understand what the economy was doing The study of the economy includes not only the goods and services of a society but also human labor and its control For one it entails the size of the pie of goods How prosperous was first century Galilee But the study of economy also takes account of the slice of the pie that each family obtained How fair was the economy to each family Those involved in the quest for the historical Jesus have discovered that the ancient economy is a major point of dispute among various interpreters Was the

early Jesus movement a socioeconomic protest Or was it primarily a religious reform These two approaches understand Jesus in remarkably different ways This volume seeks to guide readers through some of the most controversial issues raised in the last twenty years on this important topic The Historical Reliability of the New Testament Craig L. Blomberg, 2016-11 This book is a fully stocked toolbox for anyone interested in whether we can still trust the New Testament in the twenty first century

Theology through Community Richard A. Pruitt, 2019-02-14 Since the 1980s renewal scholars have given considerable attention to the role of the believing community in the interpretive process A broad consensus has emerged that a triad involving Scripture the Spirit and the believing community forms a cooperative relationship resulting in theological development followed by commensurate action identified in this research as theological creativity In the context of this research to be creative with theology is to take an existing theological assumption and broaden or adapt it to current circumstances given the Spirit s evidential work and a consensual understanding of Scripture But how does the community negotiate between Spirit and Scripture without subsuming either into its own predilections For Luke the first century community of believers in Acts functions as an indispensable character in the formation of theological creativity This work will demonstrate how Luke positions the community as a character in story form between Spirit and Scripture functioning as a bridge through which its testimony of the Spirit s evidential work and its application of Scripture interact In order to illustrate this balancing act we will use a modified configuration of the triadic notion Spirit Community Scripture

Serve the Community of the Church Andrew D. Clarke, 2000 Serve the Community of the Church the second volume in the First Century Christians in the Graeco Roman World series explores the nature of organization and leadership roles in the first century Christian community especially as they were variously taught by Paul and practiced in the earliest congregations Drawing from ancient source material as well as from the New Testament Andrew Clarke describes the theories and practices of organization and leadership in key areas of first century Graeco Roman society the city the colony voluntary associations Jewish synagogues the family and discusses the extent to which these models influenced the first Christians in defining their own communities Clarke then turns to the Christian community itself discussing how Paul through correspondence with a number of congregations laid out important parameters for leadership that he considered appropriate to the new Christian context Some of these parameters Clarke shows were defined in express contrast to the patterns of leadership widely practiced in Graeco Roman society and occasionally also in the early Christian communities Providing a fascinating look at the social and historical background of the New Testament this volume is also important for its discussion of a subject that has implications for the organization of church life in our own time

Jews Or Christians? Giorgio Jossa, 2006 When was Christianity born When was it that Christianity born as a particular current within Judaism constituted itself as a religion different and separate from the Jewish religion The question has been asked and the problem has therefore been considered since the historical critical investigation of Christian origins began However the problem has become acute

only in the last few decades because of the occurrence of a whole series of circumstances and of reflections that have deeply changed the historiographic understanding regarding Judaism in the first century and thus the origins of Christianity as well. Traditional opinion considered the founders of Christianity to be Jesus of Nazareth and Paul of Tarsus. Recent studies, however, affirm that a Christian religion as distinct from the Jewish religion can be spoken of only much later and that for the entire first century and for at least a part of the second century Christianity was nothing more than a sect within Judaism. Dealing with the problem from an historical point of view and thus considering not only Christianity of Jewish origin but also that of gentile origin, Giorgio Jossa demonstrates that the birth of a Christian identity as distinct from Jewish identity must actually be dated back to the first period of life of the community of Jesus. Luke's Wealth Ethics Christopher M. Hays, 2010. Christopher M. Hays addresses the apparent incongruity in Luke's ethical paraenesis and argues that Luke's Gospel depicts a spectrum of behaviors which actualize the basic principle of renunciation of all. Contextualization or Syncretism? Derek Brotherson, 2021-11-11. As Christians seek to follow Paul's example of becoming like all people in order to win them to Christ, a key question arises: How far is too far? Is there a point where appropriate contextualization becomes gospel-distorting syncretism? With the growing prominence of Insider Movements in the Muslim majority world in recent decades, these questions have become especially urgent and hotly debated. Based on an in-depth biblical theological study of key Bible texts used by Insider Movement proponents and critics, this book provides a groundbreaking new assessment tool for distinguishing contextualization from syncretism. It provides an invaluable resource for those engaged in ministry amongst Muslims, for those with questions about Insider Movement practices, and for all who seek to grow in their understanding and practice of biblically grounded and authentic contextualization of the gospel. James, Brother of Jesus, and the Jerusalem Church Alan Saxby, 2015-04-08. James, Brother of Jesus, and the Jerusalem Church opens fresh ground in our understanding of Christian origins through an exploration of the role of James in the founding of the church. Based on the author's doctoral research, that first Christian church with its roots in the Baptist movement is shown to be part of the broad contemporary Judaic movement for the restoration of Israel. The events surrounding the death of Jesus, their leader's brother, both confirmed their commitment to Judaic reform and transformed their understanding of it. Despite the impact of that experience, they seem to have had neither knowledge nor interest in the teaching and ministry of Jesus in Galilee. Set in the world of James, this careful study of the difficulties and opportunities facing Judaic peasants in first-century Palestine proposes that James and his other brothers moved to Jerusalem where work was available several years before the final visit of Jesus, and under James's leadership became the kernel of a growing group of followers of the Baptist that would later emerge onto the page of history as the Jerusalem Church. *The Synagogue in Ancient Palestine: Current Issues and Emerging Trends* Rick Bonnie, Raimo Hakola, Ulla Tervahauta, 2020-12-14. This book brings together leading experts in the field of ancient synagogue studies to discuss the current issues and emerging trends in the study of synagogues in ancient

Palestine Divided into four thematic units the different contributions apply archaeological textual historical and art historical methodologies to questions related to ancient synagogues Part One addresses issues related to the origins and early development of synagogues up to 200 CE The contributions provide different explanations to the alleged lack of evidence for synagogues built in the second and third centuries CE and ask how much continuity or change there is between the late Second Temple and late Roman early Byzantine synagogues Part Two deals with architecture and dating of ancient synagogues It gives an overview of all synagogues found so far approaches the dating of Galilean synagogues in the light of the recently exposed synagogue at Huqoq and provides a stylistic re evaluation of the Capernaum synagogue decoration Part three examines leadership power and daily life in late antique synagogue contexts illustrating non monumental inscriptions amulets and dining in synagogue contexts as well as the role of individual benefactors Section four contextualizes synagogue art An overview of synagogue mosaics in late antique Palestine is complemented with reinterpretations of the mosaics two synagogues The section also offers a discussion of the appearance of the menorah

Jesus and the Eyewitnesses Richard Bauckham, 2008-09-22 Noted New Testament scholar Bauckham challenges the prevailing assumption the accounts of Jesus circulated as anonymous community traditions instead asserting that they were transmitted in the name of the original eyewitness
