Verl Frehner s book The Mysterious Howard Hughes Revealed is a revealing new book on a somewhat seasoned subject It is an extensive and comprehensive work about the life of Howard Robert Hughes It is biographical in nature and is thought to contain the most complete in depth far reaching and extensive first hand personal information available about him As such it promises to provide the reader with numerous additional insights into this man Under normal circumstances this book about Howard Hughes would normally have been written years ago Despite this the mystery and intrigue attributed to him has only partially mellowed with the passing of time The wall of reclusiveness that he created to isolate himself from the media produced a shortage of information about him that still begs to be satisfied The content of this book accomplishes what most people want to know about him what he thought what he said what he felt what he did and what he was about in his everyday business and private time activities Much of the basic information in The Mysterious Howard Hughes Revealed comes from a confidential employee to Howard Hughes named Chuck Waldron who shares in a very respectful and forthright manner some of the very human characteristics that Howard Hughes possessed It is through this confidential employee and many other sources of information that the reader is allowed to see the strengths weaknesses and even the oddities of Howard Hughes By design the thrust of this story begins on January 1 1970 and tells of the last seven years three months and four days in his life until his death on April 5 1976 Howard Hughes most reclusive years Against this frameword there is much more information included and inserted in the numerous flashbacks about his personal life found in records recordings stories and historical events that parallel his entire life and adds significantly to the Howard Hughes story Because of his reclusiveness it was difficult for people to really get to know him As a result of this book those who read it will come away with the feeling that they know Howard Hughes Conventional Correspondence Willemijn Ruberg,2011-09-09 Egodocuments are
