Of Israel:

The Triumph of Israel's Radical Right Ami Pedahzur, 2012-12-06 Two decades ago the idea that a radical right could capture and drive Israeli politics seemed highly improbable While it was a boisterous faction and received heavy media coverage it constituted a fringe element Yet by 2009 Israel's radical right had not only entrenched itself in mainstream Israeli politics it was dictating policy in a wide range of areas The government has essentially caved to the settlers on the West Bank and restrictions on non Jews in Israel have increased in the past few years Members of the radical right have assumed prominent positions in Israel's elite security forces The possibility of a two state solution seems more remote than ever and the emergence of ethnonationalist politician Avigdor Lieberman suggests that its power is increasing Quite simply if we want to understand the seemingly intractable situation in Israel today we need a comprehensive account of the radical right In The Triumph of Israel's Radical Right acclaimed scholar Ami Pedahzur provides an invaluable and authoritative analysis of its ascendance to the heights of Israeli politics After analyzing what exactly they believe in he explains how mainstream Israeli policies like the right of return have served as unexpected foundations for their nativism and authoritarian tendencies He then traces the right's steady rise from the first intifada to the Greater Israel movement that is so prominent today

Throughout he focuses on the radical right's institutional networks and how the movement has been able to expand its constituency His closing chapter is grim yet realistic he contends that a two state solution is no longer viable and that the vision of the radical rabbi Meir Kahane who was a fringe figure while alive has triumphed

Shield of David: The Story of Israel's Armed Forces Yigal Allon, 2019-08-09 Shield of David tells the history of the Jews armed forces from the Palestine Yishuv's first efforts at self defense in the early 1900s under the Ottoman Empire and the British Mandate during Israel's 1948 War of Independence the 1956 Suez Campaign and until the 1967 Six Day War In recent years most particularly since the Six Day War of June 1967 people throughout the world have asked themselves how it happened that the Israel Defence Forces won so resounding a victory over the Arab armies What suddenly endowed the Jewish people traditionally non martial with such impressive military skills What is the secret of the prowess of Israeli soldiers airmen and sailors The answer of course is that nothing happens suddenly that the modern story of Jewish self defence in the Land of Israel dates back some eighty years and is the result of the commitment and dedication to national survival of many men and women most of whom seeking no publicity received none This book is my attempt to tell part of that little known story as simply briefly and clearly as possible Yigal Allon Author's Note 1970

The Great Prophecy of Israel's Restoration Matthew Arnold, 2023-11-18 Reprint of the original first published in 1875

BOOK JACKET **What Remains of Israel** Naphtali Benyamin, 2003 What Remains of Israel is a story about people Naphtali Benyamin takes a candid look beyond the nearly daily headlines of terror into the

lives of Israelis from several walks of life Through the stories of both Jews and Arabs the impact of the second intifada and its implications for peace in Israel are described in vivid terms What Remains of Israel touches on the human aspect of a people besieged by the most evil form of terror It tells their stories their courage but above all it tells of their hope and their desire for peace Naphtali Benyamini explains Israel as few have He argues Jerusalem's place in Islam questioning its status in classical Islamic history He explains how the government of Israel is structured and the social tension among Israel's religious secular and Arab citizens he examines the intentions of Hamas and presents an example of its negotiating strategy His work is a careful analysis to describe what remains of Israel What he found is enlightening *The Law of Asylum in Israel Historically and Critically Examined* Allen Page Bissell, 1884 *The Banner of Israel*, 1893 **The History of Israel** Heinrich Ewald, 1883 **A Translation of the Old Testament Scriptures from the Original Hebrew** Helen Spurrell, 1885 **The Church Service Bible, Containing the Old and New Testaments, with the Lessons from the Apocrypha, Marked as Appointed to be Read in Churches According to the Lectionary of M.DCCC.LXXI.**, 1876 *The Early Religion of Israel* James Robertson, 1892 *The Religion of Israel* George Aaron Barton, 1918 **Palestinian Citizens of Israel** Sharri Plonski, 2017-12-13 The contest to maintain and reclaim space is firmly tied to the identity and culture of a displaced population Palestinian Citizens of Israel is a study of Palestinian communities living inside the Jewish state and their attempts to disrupt and reshape the physical and abstract boundaries that contain them Through extensive fieldwork and numerous interviews Sharri Plonski conducts a comparative analysis of resistance movements anchored in three key sites of the Palestinian experience the defence of housing rights in Jaffa the protest against settlement in the Galilee region and the campaign for Bedouin land rights in the Naqab desert Her research investigates the dialectical relationship between power and resistance as it relates to socio spatial segregation and the struggle for national recognition Plonski's examination of Palestinian activism and transgression offers valuable insight into the structures and reaches of power from within the Israeli state This book will be of interest to students and scholars of both Middle East Studies and Palestinian Israeli politics *Historical Dictionary of Israel* Bernard Reich, David H. Goldberg, 2016-08-30 Since its creation the State of Israel has been a magnet for attention A country beset by conflict in its region and faced with the need to integrate mainly Jewish immigrants of disparate backgrounds into a modern and advanced democratic state and society Israel has preoccupied observers scholars and journalists since its independence in May 1948 Although a Jewish state Israel is also a democratic state that guarantees the rights of all of its citizens including its large Arab and Moslem minority in law and in practice Israel and its modern history and politics have been the subject of substantial and often highly partisan literature being hotly and vigorously debated both at home and abroad This third edition of Historical Dictionary of Israel contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1100 cross referenced entries on significant persons places events government institutions political parties and battles as well as entries

on Israel's economy, society and culture. This book is an excellent access point for students, researchers and anyone wanting to know more about the various diplomatic and political personalities, institutions, organizations, events, concepts and documents that together define the political life of the Jewish state of Israel. **The Religion of Israel** Alfred Loisy, 1910

Paul and the Vocation of Israel Lionel J. Windsor, 2014-04-01. The Apostle Paul was the greatest early missionary of the Christian gospel. He was also, by his own admission, an Israelite. How can both these realities coexist in one individual? This book argues that Paul viewed his mission to the Gentiles in and of itself as the primary expression of his Jewish identity. The concept of Israel's divine vocation is used to shed fresh light on a number of much debated passages in Paul's letter to the Romans.

The Variorum Teacher's Edition of the Holy Bible William Sanday, Thomas Kelly Cheyne, Samuel Rolles Driver, Robert Lowes Clarke, Alfred Goodwin, 1886. **The Identity of Israel's God in Christian Scripture** Don

Collett, Mark Elliott, Mark Gignilliat, Ephraim Radner, 2021-01-29. A broad sweeping volume that breaches the walls separating biblical and theological disciplines. Biblical scholars and theologians engage an important question: Who is Israel's God for Christian readers of the Old Testament? For Christians, Scripture is the Old and New Testament bound together in a single legacy. Contributors approach the question from multiple disciplinary vantage points. Essays on both Testaments focus on figural exegesis, critical exegesis and the value of diachronic understandings of the Old Testament's compositional history for the sake of a richer synchronic reading. This collection is offered in celebration of the life and work of Christopher R. Seitz. His rich and wide ranging scholarly efforts have provided scholars and students alike a treasure trove of resources related to this critical question. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
