The Fantasy of J. R. R. Tolkien Robert J. Dobie, 2024 At the heart of Tolkienian fantasy is recovery a cleaning of the windows of our perception that we may learn to see the world again in all its strange and bewildering beauty And for Tolkien to recover the world anew is to recover a sense of the world as a meaningful act of creation by a living and loving Creator How does Tolkien accomplish this Through sub creation or mythopoeia the fashioning of myth For it is in creating an imaginary world ourselves through poetry fairy story and myth that we come to see our primary world as itself an act of creation In short mythopoetic creation far from being lies breathed through silver uncovers for us the truth of our world as a story of creation This book is the first sustained attempt to show not only the centrality of recovery to Tolkien's fantasy but the way in which his fantasy affects that primal recovery in every reader In doing so this book not only reveals the marvelous philosophical and theological riches that underlie Tolkien's fantasy but shows how his mythopoetic fiction allows the recovery and enactment of these riches in our own lives In these pages we learn how Tolkien's fantasy addresses fundamental problems such as the relation of language to reality the nature of evil the distinction between time and eternity and its relation to death and immortality the paradox of necessity and free will in human action and the grounds for providential hope in a happy ending Indeed *The Fantasy of J. R. R. Tolkien* shows how for Tolkien fantasy has within itself a healing power through which intellectual moral and existential paradoxes are resolved and our intellectual and perceptual faculties are made whole again so that they may participate with renewed vigor in the life giving work of creation of every sort

Letters From Father Christmas J.R.R. Tolkien, 2012-02-15 Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien's children Inside would be a letter in a strange spidery handwriting and a beautiful colored drawing or painting The letters were from Father Christmas They told wonderful tales of life at the North Pole how the reindeer got loose and scattered presents all over the place how the accident prone North Polar Bear climbed the North Pole and fell through the roof of Father Christmas's house into the dining room how he broke the Moon into four pieces and made the Man in it fall into the back garden how there were wars with the troublesome horde of goblins who lived in the caves beneath the house and many more No reader young or old can fail to be charmed by Tolkien's inventiveness in this classic holiday treat
