The Impact of Seleucid Decline on the Eastern Iranian Plateau Jeffrey D. Lerner, 1999 The topic of this study is highly relevant for the history of the Seleucid Empire Due to the patchiness of the known sources the study deals with a difficult area In order to determine a more coherent picture of this relatively obscure and largely misunderstood history Lerner disentangles from the various literary traditions from the individuals and events to which they relate Numismatic evidence is also taken into consideration for instance in the discussion of Euthydemus Sogdian coinage Mit seiner instruktiven analyse des numismatischen Befunds hat der Verfasser den Rahmen abgesteckt fuer weitere Forschung Das Historisch Politische Buch

Roman Egger, Igor Gula, Dominik Walcher, 2016-03-02 This book examines the concepts of open innovation crowdsourcing and

co creation from a holistic point of view and analyzes them considering their suitability to the tourism industry Methods

theories and models are discussed and examined regarding their practical applicability in tourism The book illustrates the

theoretical mechanisms and principles of Open Innovation Crowdsourcing and Co creation with case studies and best

practices examples In addition to the scientific target group the book is a useful resource for managers of the entire tourism

industry First the book presents the theoretical fundamentals and concepts in 11 specific chapters This basis is then enriched by three parts with case studies focusing on information creation and provision respectively Finally in a concluding part the editors sum up the book and give an outlook on the implications learnings and future perspectives of open innovation crowdsourcing and collaborative consumption in the tourism industry

Molecular Targets and Therapeutic Uses of Spices Bharat B. Aggarwal,2009 Most therapeutics available today are highly toxic very expensive and exhibit minimum efficacy The issue of toxicity is even more critical for prevention than for therapy because the former involves normal subjects Thus therapeutics that are safe and affordable are needed for both prevention and therapy Spices of Southeast Asian origin once employed for taste appearance and preservation of food now appear to have therapeutic value for humans What the active principles in these spices are and how they mediate their effect against various diseases are beginning to emerge from extensive research carried out within the last half century The current monograph is an attempt to address the active constituents their molecular targets and the therapeutic uses of these spices
