Soccer Systems and Strategies Jens Bangsbo, Birger Peitersen, 2000 Build a successful team around the strengths of your players In Soccer Systems and Strategies two coaches of the Danish national team provide a practical guide to implementing the world s top styles of play into your game plan They present soccer s four primary systems of play defined by the number of players at each position and their alignment on the field and then break down the different strategies tactics and styles of play that can be used within these systems First learn the basics of the four primary systems of play the 4 3 3 the 4 4 2 the 3 5 2 and the 3 4 3 Second choose a style of play that can be used within some or all of these systems These include different attacking styles various defensive styles and styles that are characteristic of international soccer powers including the Latin British Norwegian South American and African styles of play After you determine the optimal system and style for your team you learn how to counter opponents tactics and how to teach your system style and tactics through practice instruction and drills Detailed diagrams and plans of action for implementing the systems are included along with insights on how to make

adjustments during the game Top coaches throughout the world have proven that adapting your system to match your players strengths and your opponents weaknesses is the key to developing teams that are competitive year in and year out With Soccer Systems and Strategies you have all the information you need to implement the ideal system for your team

Coaching 6, 7 and 8 Year Olds Tony Waiters,2010-09-17 WHY WE HAVE CHANGED The first edition of Coaching 6 7 8 Year Olds was written in collaboration with Bobby Howe at that time the Director of Coaching for the Washington State Youth Soccer Association later Director of Coaching for the United States Soccer Federation That was a long time ago 1988 One year later we published Coaching 9 10 11 Year Olds Until recently we hadn t changed a word in either of them Why Like the Energizer Bunny they just kept on going and going and going Over 100 000 copies of each of the originals have been sold As I m sure you would understand we were reluctant to change Consequently nothing did except the photographs of the two authors The book didn t age but the authors did Since 1989 we have learned so much So now it is time to change in order to update and improve the books but at the same time we will retain much of the core content that has worked so well The 21st Century has given us another great technological opportunity digital printing We are now able to customize modify and change the content of the manuals and the covers at will We can update with every printing And we can print just one book or 1000 So if for instance the Lake Washington Youth Soccer Association wants their version of Coaching 6 7 8 Year Olds we can do it If the Franklin Pierce Club only needs 10 customized copies of 9 10 11 Manual for the coaches of their small club we can do that too And if we come up with the newest game that children think is a blast we can insert that in the very next print Tony Waiters

The Passion for the Beautiful Game, Soccer Gene Ventriglia, 2022-05-23 Gene Ventriglia was a very poor fourteen year old immigrant when he arrived in New York harbor in early July 1958 Coming from the tiny village of Alife Italy he had grown up in a farm village of about three hundred inhabitants The village as well as his parents house had been leveled by bombs in the final days of World War II In 1958 the memories were still very much alive as postwar reconstruction was far from completion These were the surroundings where Gene Ventriglia grew up Gene had only known his small village and was unaware that common items such as telephones and TV sets even existed One can only imagine his reaction upon seeing the New York skyscrapers and the size and number of cars when he first walked on the New York streets He had no idea how his life would change in the very near future How would he react He wondered if he would make friends After all how would he communicate He did not know a word of English Gene soon realized that getting a good education was the key to success However he also realized that it would take great efforts and motivation on his part Was he willing to put in the necessary effort He needed to learn a new language in a community where he only heard Italian His search to find that American Dream lasted more than sixty years During this time Gene was faced with one challenge after another in his search for that dream In each case Gene used his passion for the game of soccer to fuel his inner motivation and determination not to give up every time he arrived at a dead end Gene's path to finding that dream was full of surprises In all cases he was very determined and he demonstrated outstanding motivation to achieve his goal
