Cornish Literature:

Cornish Literature Brian Murdoch, 1993 Comparative study of Cornish literature placing it in a wider context and looking in detail at major works This admirable survey compact smoothly written easy to read and digest yet indicative throughout of profound scholarship and an obvious mastery of the field Cornish Literature provides an enduring guide to this small but significant genre The three Middle Cornish plays in English titles The Creation of the World Life of St Meriasek and the tripartite Ordinalia accompany a long Pascon agan Arluth a verse Passion of our Lord and the odd fragment His last chapter Survivals and Revivals is a fair but detached account covering a long 1611 to 1992 phase that will also interest sociologists The chief strength of his book is the textual analysis of the main plays placing them alongside medieval English drama as well as the larger European manifestation of religious drama and the complex question of all their biblical and quasi biblical sources There is a useful bibliography Modestly priced Brian Murdoch's scholarly and attractive guide should appeal to many beyond medievalist circles it will not be superseded for a long time THE TIMES LITERARY SUPPLEMENT BRIAN

over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators
