Ogacheko Omale 2015 Corporate failure within the framework refers to instances where a company's practices policies or behaviors contravene ethical values and standards violate sound governance principles and disregard the duties of its leaders towards stakeholders leading to adverse effects on the company's viability reputation and societal and environmental impacts

OECD 2015 The

Tesco grocery chain is an excellent case study of an organization that collapsed due to a board level connection to a significant accounting fraud. This study critically analyzes Tesco's organizational flaws that contributed to the accounting crisis from the angles of ethics and corporate governance, examining the origins and effects of the scandal while leveraging empirical literature as well as ethical and corporate governance frameworks. The study will further provide recommendations for Tesco's management to improve the organization's ethical and corporate governance practices and prevent similar failures in the future. In September 2014, Tesco reported inflating its revenues by 250 million. Kukreja and Gupta (2016) state that as a result of the occurrence, eight of the corporation's senior executives were given administrative leave, which caused the stock price to fall noticeably. A top executive in the accounting division noticed illegal practices among colleagues that were obviously harmful to the common good and decided to report them to protect the interests of investors and other shareholders. After an employee expressed reservations about the firm's accounting procedures, the Financial Conduct Authority (FCA) launched an inquiry that revealed the accounting scandal.
