Corporate Personality In Ancient Israel:

Corporate Personality in Ancient Israel Henry Wheeler Robinson, 1981 Collective Reinterpretation in the Psalms Marko Marttila, 2006 Marko Marttila's study is a new contribution to the old question how the I of the Psalms should be understood. It seems that people who were responsible for editing the Hebrew Psalter more than two thousand years ago identified the suffering anonymous I with the suffering people of Israel. Thus the editors in their own time attempted to make earlier texts more actual. **BOOK JACKET** *Corporate Responsibility in the Hebrew Bible* Joel S. Kaminsky, 2019-04-18 This book explores a variety of biblical texts in order to clarify and better understand the relationship between the individual and the community in ancient Israel. Although much of the argument is focused upon Deuteronomy and the deuteronomistic history, other pentateuchal and prophetic texts are also probed. In particular, certain instances of divine retribution that are corporate in nature are explored, and it is argued that such punishments are quite common and completely understandable of the basic theological ideas that are operative in such cases. The examination turns to other biblical texts that appear to reject the notion of corporate divine retribution, e.g., Ezekiel 18. Here the focus is on whether these texts do in fact reject all forms of corporate divine retribution and how large a shift these texts signal in the biblical understanding of the relationship between the individual and the community. Finally, Kaminsky asserts that certain theological features explored in this study can be used by those scholars who argue that the enlightenment idea of individualism needs to be balanced by a renewed philosophical and theological emphasis on the individual's responsibility to the larger society. **Paul and the salvation of the individual [electronic resource]** Gary W. Burnett, 2001-01-01 This work suggests that it is possible to maintain that Paul had a lively interest in the salvation of the individual without having to revert to traditional Lutheran interpretations of the text. It focuses on three important texts in Romans. Biblical Exegesis in the Apostolic Period Richard N. Longenecker, 1999 The discovery of the Dead Sea Scrolls, the Nag Hammadi texts, and new Targums has greatly increased scholarly interest in the relationship between the New Testament and first century Judaism. This critically acclaimed study by Richard Longenecker sheds light on this relationship by exploring the methods the earliest Christians used to interpret the Old Testament. By comparing the first Christian writings with Jewish documents from the same period, Longenecker helps to discern both the key differences between Christianity and Judaism and the Judaic roots of the Christian faith. This revised edition of *Biblical Exegesis in the Apostolic Period* brings Longenecker's valued work up to date with current research in this important field of study. The World of Ancient Israel Society for Old Testament Study, 1989 Encapsulating as it does research that has been undertaken on the sociological, anthropological, and political aspects of the history of ancient Israel, this important book is designed to follow in the tradition of works in the series sponsored by The Society for Old Testament Study, which began with the publication of *The People and the Book* in 1925. *The World of Ancient Israel* is especially concerned to explore in greater depth than comparable studies the areas and degrees of overlap between approaches to the

subject of Old Testament research adopted by scholars and students of theology and the social sciences Increasing numbers of scholars have recognised the valuable insights that can be gained from a cross disciplinary approach and it is becoming clear that the early biblical traditions about the formation of the Israelite state must be examined in the light of comparative anthropology if useful historical conclusions are to be drawn from them

Nature of Religious Language Stanley E. Porter,1996-02-01 The papers in this volume were presented at a conference held at the Roehampton Institute London in February 1995 and are concerned with either theological or literary issues related to the nature of religious language The papers offer different interpretations of a range of issues and suggest further issues that are still unresolved about the nature of religious language from its early usage in the biblical texts to its recent use in contemporary writing and religious discourse as well as many points in between

Trinitarian Pneumatological Personhood and the Theology of John Zizioulas Ronald L. Adkins II,2023-02-28 In a growing secular society what distinguishes a Christian from a non Christian Is a Christian identified by certain religious and ceremonial activity social action principles or do their relationships identify them as Christian This book suggests that a Christian person is in a continual relationship with the Triune God through the Holy Spirit Furthermore this living relationship reflects the eternal relationship of the Father Son and Holy Spirit because people have been created in the image and likeness of the Triune God This book uses historical theological philosophical and biblical approaches to understand the Christian person Throughout this book the reader will be engaged with the modern Greek theologian John Zizioulas However this book is a study on the person of the Holy Spirit though never separated from the trinitarian relationship who makes a human person a Christian

Gender Complementarity and Christian Personalism Mary Veronica Sabelli,John P. Hittinger,2025 When in the 1970 s Sister Prudence Allen RSM began to investigate philosophical thought on woman the question was considered to be at best a marginal area for philosophical research Rather it was seen as a sociological anthropological psychological or political issue This book confirms that today partly due to Allen s groundbreaking work the complementarity of man and woman is an important and fruitful area of research in philosophy providing an evaluative framework that enriches and challenges many other disciplines No one could have foreseen the centrality of her research for questions of gender theory that are in the third decade of the 21st century in the forefront of public attention In the present volume leading authors in the area of sex gender complementarity reflect upon and further develop various aspects of Allen s research In 14 original scholarly essays some contributors build upon Allen s project of exploring the concept of woman throughout the history of philosophy Others explore the work of 20th century philosophers most of them Christian Personalists whom Allen credits with significant influence on the development of integral gender complementarity such as Karol Wojty a John Paul II Jacques Maritain Edith Stein Emmanuel Mounier W Norris Clarke SJ and Bernard Lonergan SJ Still other contributors consider Marian spirituality analogies between Benedictine spirituality and the physiological realities of a woman s body during pregnancy seminary education in the writings of Allen and others and the

impact of Allen's work on the real lives of women in families, the Church, and professional life. Upon completing her magisterial three-volume work *The Concept of Woman*, Allen passed the baton to a new generation of scholars, stating, "The next phases will be developed by those who themselves take the argument further and deeper in their own research, writing, living, and lecturing." The present volume takes up the baton, carrying Allen's work forward and paying tribute to the lifetime achievement of a great scholar. *Spoken into Being* Søren Lorenzen, 2022-10-26

How are names related to the self in the Hebrew Bible? Are names simply ornamental, or are they tied to the essence of the embodied bearer? To answer these questions, Søren Lorenzen traces various functions of proper names and explores how the lexeme name is conceptualized as an object to be perceived by the senses. With Paul Ricoeur as a dialogical partner, the author brings a new perspective on how the self is formed in the intentional relation between persons and names. **Handbook on the New Testament Use of the Old Testament** G. K. Beale, 2012-09-01

This concise guide by a leading New Testament scholar helps readers understand how to better study the multitude of Old Testament references in the New Testament. G. K. Beale, coeditor of the bestselling *Commentary on the New Testament Use of the Old Testament*, focuses on the how-to of interpreting the New Testament use of the Old Testament, providing students and pastors with many of the insights and categories necessary for them to do their own exegesis. Brief enough to be accessible yet thorough enough to be useful, this handbook will be a trusted guide for all students of the Bible. This handbook provides readers with a wonderful overview of key issues and tools for the study of the use of the Old Testament in the New. I expect it to become a standard textbook for courses on the subject and the first book to which newcomers will be directed to help them navigate through these sometimes complex waters. Roy E. Ciampa, Gordon-Conwell Theological Seminary

Vessels of Wrath, Volume 1 Richard M. Blaylock, 2023-08-17

Hardening hearts. Blinding eyes. Sending deceitful spirits. Crafting vessels of wrath. Few will deny that certain biblical passages make claims about God that are difficult to accept. But perhaps the most troubling are the verses that describe God as influencing individuals or groups towards wicked behavior for the purpose of condemning them. What are readers to do with these texts? In *Vessels of Wrath*, Richard M. Blaylock tackles the thorny subject of divine reprobating activity (DRA). Through an exhaustive biblical theological study of the Old and New Testaments, Blaylock argues that the Bible does not present DRA as an insignificant or monolithic concept; instead, the biblical authors showcase both the significance and the complexity of DRA in a variety of ways. The book aims to help readers of the Bible to wrestle with the Scriptures so that they might come to better understand its testimony to this mysterious and awesome divine activity. *Yves Congar's Theology of the Holy Spirit* Elizabeth Teresa Groppe, 2004-01-15

The French Dominican theologian Yves Congar is recognized by many as the most important Roman Catholic ecclesiologist of the 20th century. He was the thinker behind some of the major decrees of the Second Vatican Council. He was also a leader in the ecumenical movement in Europe throughout most of the century. Despite his importance, there are few books about Congar in English. Congar's pneumatology, argues Groppe, can enrich various

ongoing theological discussions including reflection as to whether the church should be hierarchical or a democracy the development of persons in communion as a framework for contemporary theological anthropology and ecclesiology and deliberations about the personhood of the Holy Spirit **God, Self, and Death** Shannon Burkes Pinette, 2021-12-28 This volume considers the emerging Jewish interest in an afterlife during the second temple period in relation to developing views of the deity and the self In some circles God is understood as increasingly distant from the human sphere and so justice must occur in another world or after death at the same time more autonomous constructions of the self in response to community breakdown suggest that reward and punishment come not only collectively but also on the individual level in a post mortem realm The book traces the interconnections between these themes in Job and Ecclesiastes Ben Sira and Daniel then Wisdom of Solomon and 4 Ezra crossing genre boundaries in an attempt to offer a more encompassing historical investigation

Complex Communities Benjamin W. Porter, 2013-11-28 Introduction the persistence of community Communal complexity on the margins Measuring social complexity in the early iron age Producing community Managing community Conclusion the complex community **Together in the Land** Gordon Mitchell, 1993-11-01 The book of Joshua is well known for its tales of slaughter and destruction This reading shows that ambiguity created by means of juxtaposing contrasting ideas is a feature of the compositional arrangement in Joshua While there may be a dream land emptied of foreigners awaiting Israelite occupation there is also a grudging acceptance of co existence in the land with a certain class of foreigner represented by the exceptional outsiders such as Rahab and Gibeonites Mitchell s conclusion is that such ways of dealing with reality were a feature of the disillusionment and hope of post exilic Judaism The Idea of Retribution in the Book of Ezekiel Ka Leung Wong, 2001-07-12 The objective of the book is to examine the idea of retribution in the Book of Ezekiel The book seeks to show that underlying Ezekiel are three principles of retribution covenant the disposal of impurity and poetic justice That is to say the consequence of an act is either governed by the terms of a covenant or seen as the disposal of impurity produced by the act or made to look like the act by incorporating some features of the act The present study shows that retribution can be juridical in nature as in the case of the covenant but it can also be non juridical as in the cases of disposal of impurity and poetic justice This study also provides an examination of these three important ideas seldom noted in detail in current literature on Ezekiel **The Fall of the Prison** Lee Griffith, 1993 Examining prisons from the perspectives of sociology theology history and biblical exegesis Griffith argues that the church has taken a woefully wrong turn by aligning itself with the traditional justice system He shows how prisons are clearly ineffective at deterring crime and rehabilitating offenders and maintains that Christians should be even more concerned with how the prison fails in principle than how it fails in practice God's Design, 4th Edition Elmer Martens, 2015-11-11 How does one summarize the thirty nine books of the Old Testament How might one determine the message of the Old Testament with others This book attempts an answer to these questions The answer is taken from a single Scripture passage Exodus 5 22 6 8 which is here considered a theological

Table of Contents for the Old Testament In addition to such topics as Deliverance Community and Experiencing God the book has an extended discussion on Land a subject which deals with a wide range of interests but which only rarely receives attention in books on biblical theology The current edition features reflections and a set of discussion questions following each of the seventeen chapters a boon for university and seminary teachers and students and of large help for church study groups

A Theology as Big as the City Raymond J Bakke, 2025-07-29 As we look at the world class cities around our planet we face five new urban realities a crack cocaine epidemic assault weapons massive numbers of homeless children HIV AIDS and in the U S what Time magazine has called the browning of America The needs of the urban population are greater than ever As our cities swell with immigrants I m reminded that Jesus was born in a borrowed barn in Asia and became an African refugee in Egypt so the Christmas story is about an international migrant Furthermore a whole village full of baby boys died for Jesus before he had the opportunity to die for them on the cross Surely this Jesus understands the pain of children who die for the sins of adults in our cities How does God see the city What does Scripture have to say about urban ministry These are the questions Ray Bakke has systematically addressed beginning with Genesis and continuing through to Revelation Here is a biblical theology that will constantly surprise and challenge as you get a glimpse of how big God s view of the city really is
