three volumes of *My Own Pioneers* together tell a remarkable story of the desperate pioneer struggles of four generations of the author's family. Although the memorable historical journey begins seven generations ago, these three volumes of stories focus on four important pioneer generations. They are the culmination of fifteen years of painstaking research as the author carefully reconstructs her family's pioneer struggles from before 1830 to 1918 using information from family records, journals, memoirs, histories, and letters supplemented by accounts from their pioneer companions and by Church and other official records. Volume I tells about the author's once prosperous pioneer families who survived the French and Indian War and the War of 1812, then eventually relocated to join the newly founded Mormon Church. The stories tell how the pressure of mobs and mob wars eventually forced these families to abandon everything as they were driven from place to place until they found themselves exiled on the westernmost border of the United States at the Missouri River looking toward the wild and hostile West as their only refuge. Stories describe how dozens of family members were among the Mormon refugees who died by the hundreds at the Missouri River of illness, starvation, and exposure. Yet family members had managed to journey among Indians on the frontier to preach and had sailed through nearly catastrophic ocean storms to preach in England. And despite much sorrow and hardship, this volume relates how five family members left their loved ones behind at the sickly Missouri River in order to march down the Old Santa Fe Trail in the U.S. Army's Mormon Battalion to prove their loyalty to the government by helping to fight a war with Mexico.

**Town and Country Planning in the UK** Barry Cullingworth, Vincent Nadin, 2006-10-16. This revised fourteenth edition reinforces this title's reputation as the bible of British planning. It provides a thorough explanation of planning processes including the institutions involved, tools, systems, policies, and changes to land use.

**Sicily** Robert Andrews, Jules Brown, 2002. Offering details of all the sights of Sicily from the mosaics of Monreale and the temples of Agrigento to bustling markets in Palermo, this guide also includes reviews of hotels and restaurants for every budget and region of the island. It also includes information on mountain hikes.
