Alliances And Small Powers:

Alliances and Small Powers Robert L. Rothstein, Columbia University. Institute of War and Peace Studies, 1968

Alliances and Small Powers Robert Lewis Rothstein, 1968 Crucible of Beliefs Dan Reiter, 2019-05-15 How do foreign policymakers learn from history When do states enter alliances Why have some small powers chosen to enter alliances whereas others have stayed neutral In Crucible of Beliefs Dan Reiter uses work in social psychology and organization theory to build a formative events model of learning in international politics History does inform the decisions of policymakers he suggests but it is history of a specific sort based on firsthand experience in major events such as wars Tested against balance of threat theory the leading realist explanation of alliance behavior Reiter's formative events model of learning emerges as a far better predictor of states decisions Crucible of Beliefs shows that contrary to balance of threat theory state leaders ignore the level of international threat and focus instead on avoiding past mistakes and repeating past successes A serious blow to realism these findings demonstrate that to understand the dynamics of world politics it is essential to know how leaders learn from history **The Origins of Alliances** Stephen M. Walt, 2013-08-10 The Origins of Alliances offers a different way of thinking about our security and thus about our diplomacy It ought to be read by anyone with a serious interest in understanding why our foreign policy is so often self defeating New Republic How are alliances made In this book Stephen M Walt makes a significant contribution to this topic surveying theories of the origins of international alliances and identifying the most important causes of security cooperation between states In addition he proposes a fundamental change in the present conceptions of alliance systems Contrary to traditional balance of power theories Walt shows that states form alliances not simply to balance power but in order to balance threats Walt begins by outlining five general hypotheses about the causes of alliances Drawing upon diplomatic history and a detailed study of alliance formation in the Middle East between 1955 and 1979 he demonstrates that states are more likely to join together against threats than they are to ally themselves with threatening powers Walt also examines the impact of ideology on alliance preferences and the role of foreign aid and transnational penetration His analysis show however that these motives for alignment are relatively less important In his conclusion he examines the implications of balance of threat for U S foreign policy **American Alliance Policy in the Middle East, 1945-1992** John P. Miglietta, 2002-01-01 American Alliance Policy in the Middle East provides a stimulating new look at a U S Cold War foreign policy gripped by anticommunist paranoia Through case studies of America's relationships with Iran Israel and Saudi Arabia John P Miglietta reveals how an overriding fear of global communism led to the overcommitment of U S security resources to the region The perceived need to preserve Middle East stability rendered U S policy ineffectual and unresponsive to changing local conditions drastically altering the patron client paradigm to the detriment of American strategic interests This superb analysis of American foreign policymaking illustrates how Cold War anticommunist ideology prevented the evolution of traditional military alliances into broader based relationships and

perpetuated authoritarian regimes that mired the Middle East in a cycle of poverty and despotism **Unipolarity and the Evolution of America's Cold War Alliances** Nigel Thalakada, 2012-05-04 Thalakada argues that the principal purpose of US alliances have shifted since the end of the Cold War from containing communist expansionism balance of power to preserving and exercising US power management of power He also looks across all US alliances highlighting the trend from regionally based to more globally active alliances *The Weaker Voice and the Evolution of Asymmetric Alliances* Andrea Leva, 2023-10-24 Military alliances are a constant feature in international politics and a better understanding of them can directly impact world affairs This book examines why alliances endure or collapse As a distinctive feature it analyses asymmetric alliances focusing on the junior allies decision to continue or terminate a military agreement It deepens our knowledge of alliance cohesion and erosion investigating the relevance of the weaker side s preferences and behavior in alliance politics The author examines the literature on alliance persistence and termination and puts forward a theoretical model that helps interpret historical and contemporary cases in a way that is useful for expert researchers and non expert readers alike **Prospect Theory and Foreign Policy Analysis in the Asia Pacific** Kai He, Huiyun Feng, 2013-01-17 Why does North Korea behave erratically in pursuing its nuclear weapons program Why did the United States prefer bilateral alliances to multilateral ones in Asia after World War II Why did China become nice no more military coercion in dealing with the pro independence Taiwan President Chen Shuibian after 2000 Why did China compromise in the negotiation of the Chunxiao gas exploration in 2008 while Japan became provocative later in the Sino Japanese disputes in the East China Sea North Korea s nuclear behavior U S alliance strategy China s Taiwan policy and Sino Japanese territorial disputes are all important examples of seemingly irrational foreign policy decisions that have determined regional stability and Asian security By examining major events in Asian security this book investigates why and how leaders make risky and seemingly irrational decisions in international politics The authors take the innovative step of integrating the neoclassical realist framework in political science and prospect theory in psychology Their analysis suggests that political leaders are more likely to take risky actions when their vital interests and political legitimacy are seriously threatened For each case the authors first discuss the weaknesses of some of the prevailing arguments mainly from rationalist and constructivist theorizing and then offer an alternative explanation based on their political legitimacy prospect theory model This pioneering book tests and expands prospect theory to the study of Asian security and challenges traditional expected utility based rationalist theories of foreign policy behavior *The Onset of World War (Routledge Revivals)* Manus I. Midlarsky, 2014-07-16 First published in 1988 this historical and quantitative analysis of war defines systemic world wars as conflicts of wide scope and intensity which leave profound historical legacies in their wake Manus Midlarsky examines various possible explanations for the onset of such past wars as the Peloponnesian War the Thirty Years War and World Wars I and II Midlarsky develops his basic theory of systemic war outlining the reasons for the absence of wars of this magnitude and describing the violations of certain structural

conditions that are associated with the onset of world war A timely and relevant reissue this insightful analysis will be of particular value to those with an interest in International Relations War and Peace Studies Military History and Security Studies

Defence Planning for Small and Middle Powers Tim Sweijs, Saskia van Genugten, Frans Osinga, 2024-08-01 This book examines the processes practices and principles of defence planning in small and middle powers Small and middle powers are recalibrating their force postures in this age of disruption They are adapting their defence planning and military innovation processes to protect the security of their nations The purpose of this book is to explore defence planning and military innovation in 11 contemporary case studies of small and middle powers in North America Europe the Middle East Asia and Oceania Employing a structured focused comparison framework it traces patterns in the choices of small and middle powers across the following themes 1 alliances dependencies and national ambitions 2 approaches processes methods and techniques and 3 military innovation strategies and outcomes Breaking new theoretical ground it offers a three pronged typology distinguishing between the strategic defence planner the transactional defence planners and the complacent defence planner The book offers a rich array of insights into cases that fall across different geographies strategic cultures and governance systems These insights can help guide discussions on how to structure decision making structures arrive at ambition levels formulate priorities select partners and design defence planning and military innovation processes This book will be of much interest to students of defence studies security studies public policy and international relations as well as to professionals in defence planning

Handbook of Indo-Pacific Studies Barbara Kratiuk, Jeroen Van den Bosch, Aleksandra Jaskólska, Yoichiro Sato, 2023-03-08 This handbook explores the significance of the Indo Pacific in world politics It shows how the re emergence of the Indo Pacific in international relations has fundamentally changed the approach to politics economics and security The volume explores the themes related to trade politics and security for better understanding of the Indo Pacific and the repercussions of the region s emergence studies different security and political issues in the region military competition maritime governance strategic alliances and rivalries and international conflicts analyses various socio economic dimensions of the Indo Pacific such as political systems cultural and religious contexts and trade and financial systems examines the strategies of various states such as the United States Japan India and China and their approaches towards the Indo Pacific covers the role of middle powers and small states in detail Interdisciplinary in approach and with essays from authors from around the world this volume will be indispensable to scholars researchers and students in the fields of international relations politics and Asian studies

China's Rise and Australia-Japan-US Relations Michael Heazle, Andrew O'Neil, 2018-04-27 One of the most pressing policy challenges for Australia and Japan today is ensuring that China s rise does not threaten the stability of the Asia Pacific while also avoiding triggering conflict with their largest trading partner This book examines how Australian and Japanese perceptions of US primacy shape their respective views of the Asia Pacific regional order the robustness of Asia s alliance system and the future of Australia Japan security cooperation

China's Rise

and the Balance of Influence in Asia William W. Keller, Thomas G. Rawski, 2007-05-31 China's protracted boom and political transformation is a major episode in the history of global political economy. Beginning in the late 1970s, China experienced a quarter century of extraordinary growth that raised every indicator of material welfare, lifted several hundred million out of poverty, and rocketed China from near autarky to regional and even global prominence. These striking developments transformed China into a major U.S. trade and investment partner, a regional military power, and a major influence on national economies and cross-national interchange throughout the Pacific region. Beijing has emerged as a voice for East Asian economic interests and an arbiter in regional and even global diplomacy, from the Asian financial crisis to the North Korean nuclear talks. China's accession to the World Trade Organization promises to accentuate these trends. The contributors to this volume provide a multifaceted examination of China in the areas of economics, trade, investment, politics, diplomacy, technology, and security, affording a greater understanding of what relevant policies the United States must develop. This book offers a counterweight to overwrought concerns about the emerging Chinese threat and makes the case for viewing China as a force for stability in the twenty-first century.

The Soft Power of Non-Western Small States Sarina Theys, 2024-09-12 This book critically engages with the concepts of small states and soft power and advances a new approach to defining small states, a new conceptualisation of soft power, and a method for empirically analysing the exercise of soft power. It revisits the concepts of small states and soft power with a focus on Bhutan and Qatar and their approach to exercise soft power to achieve their foreign policy goals. Building on two main perspectives to define small states, the objective approach and the subjective perspective, this book offers an intersubjective approach to define states as small. The intersubjective approach requires a shared understanding between states that a certain state is small. The book further highlights the importance of deconstructing the meaning of size and to separate the notion of size from the concept of power, because size is not always indicative of power. It argues that although small states tend to have fewer material resources than large states, they nevertheless can have influence through the exercise of soft power. Soft power is in this book defined as the ability of an actor to convince another actor that something is true. Convincing deals with the beliefs of an actor and is a mental decision rather than a physical action. This book argues that the exercise of soft power can be analysed through examining the development, projection, and reception of identities. The findings of this book show that Bhutan was more successful than Qatar in exercising soft power and explains the reasons for this variation. Aimed at a multidisciplinary audience, this book will be of particular interest to practitioners, scholars, and students of International Relations, Political Power, Small States, and Area Studies.

The Foreign Relations of Iran Sepehr Zabih, Shahram Chubin, 2023-11-15 This study of the foreign relations of a small state in a zone of Great Power conflict focuses on the evolution of Iranian foreign policy from a struggle for national survival to the achievement of preponderance in an otherwise unstable region. The topic is of special interest because of the continuing proliferation of new actors on the international stage and the paucity of published

studies of their foreign affairs It is also particularly timely because of the increasing importance of the Persian Gulf and of oil in world politics Recognizing that international politics exercises a major influence on the diplomacy of a small state by imposing constraints as well as offering options the author argue that the success of Iranian diplomacy in achieving a balanced international posture and a strong regional policy is primarily a result of two factors the gradual transformation of Soviet policy toward Iran from expansionism to accommodation and Iran s enhanced economic and political capabilities A perceptive interpretation of the international political environment and a realistic recognition of the constraints and opportunities involved have redounded to the advantage of Iran Consequently Iran has been able to use its proximity to a Great Power with a long history of expansionist aspirations in order to pursue a posture of de facto nonalignment without abandoning a generally pro Western orientation The authors have designed their book to provide a detailed case study of Iranian foreign policy within an analytical framework conducive to theorizing about the foreign policy of other comparable small states Previous treatments of the subject have ignored insights afforded by contemporary international relations and have been largely historical and descriptive The present volume taking a different approach should serve both the specialist on Iranian affairs and the student of international relations and comparative foreign policy This study of the foreign relations of a small state in a zone of Great Power conflict focuses on the evolution of Iranian foreign policy from a struggle for national survival to the achievement of preponderance in an otherwise unstable region The topic

Small Powers in Alignment Omer de Raeymaeker,1974

The Turkish-American Relationship Between 1947 and 2003 Nasuh Uslu,2003 Turkish American Relationship Between 1947 2003 The History of a Distinctive Alliance

Raimo Väyrynen: A Pioneer in International Relations, Scholarship and Policy-Making Raimo Väyrynen,2023-01-03 This book provides a broad overview of Professor Raimo Väyrynen s academic work his role in international research organizations and his contributions to policy debates It offers an interesting review of important political issues during the time span of half a century from disarmament in Europe to the changing relationship between state sovereignty and transnational forces Väyrynen has dealt with the changing agenda of peace and international relations security and the arms race and the world economy This book provides comprehensive analyses of the regional and systemic structure of international relations with the emphasis on conflicts and warfare between nations It argues that while states even smaller ones still matter transnational issues are increasingly important Taking a historical perspective the articles suggest that large scale violence and arms races have been recurrent and cyclical phenomena in international relations These events reflect the deep seated inequalities in the political and economic systems which moreover vary considerably between regions The publication is important reading for any researcher as well as students policy makers and the science oriented public at large Traces the changing agenda of international relations from disarmament and the world economy to the changing relationship between state sovereignty and transnational forces Provides analyses of the regional and systemic structure in international relations with the emphasis on

conflicts and warfare Argues that large scale violence and the arms race have been recurrent and cyclical phenomena in international relations Reviews important political issues from peace and conflict in Europe to the changing power relationship in the world

Weak States in the International System Michael I. Handel, 2016-01-20 This work defines weak states and their strengths and weaknesses It examines why they are weak and their position in different international systems as well as their economic positions

Newcomers No More? Contemporary NATO and the Future of the Enlargement from the Perspective of "Post-Cold War" Members Robert Czulda, Marek Madej, 2015 The central aims of the book is to present in the form of a collection of papers a variety of views on NATO from member states formerly known as new and to assess in this context the prospects for NATO enlargement Therefore the book consists of two parts The main objective of the first part is to present how NATO is now perceived in Central and South Eastern Europe Papers collected here offer an opportunity to reflect on the impact of the enlargements starting from 1999 on NATO functioning and evolution roles tasks and capabilities The issue of how accession has transformed accessioning states will also be discussed Last but not least the perspective of new members on NATO s future will be presented The authors of the articles in this part mainly come from those countries that joined the Alliance after the end of the Cold War The second part is devoted strictly to the topic of enlargement In this part we asked experts from NATO members both old and new potential candidates and other NATO partners including Russia Georgia Ukraine Azerbaijan Sweden Finland etc how they view the future of NATO cooperation with external partners in Europe and the prospects for enlargement of the Alliance

Alliances And Small Powers Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Alliances And Small Powers free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Alliances And Small Powers free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Alliances And Small Powers free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Alliances And Small Powers. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be

cautious and verify the legality of the source before downloading Alliances And Small Powers any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Alliances And Small Powers Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Alliances And Small Powers is one of the best book in our library for free trial. We provide copy of Alliances And Small Powers in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Alliances And Small Powers. Where to download Alliances And Small Powers online for free? Are you looking for Alliances And Small Powers PDF? This is definitely going to save you time and cash in something you should think about.
