Almost Independence The Place Between Loss And Laughter:

The Laugh of Lost Men Brian Lalor, 1997 Between encountering dinosaurs in Donegal and experiencing hallucinations in Kerry Brian Lalor wandered around Ireland for a year attempting to understand something of the nature of the place and its people In the search for some sustaining image of modern Ireland his journey explores the political religious economic and cultural climate of the different regions of the island With Lalor convinced that in defiance of logic Ireland is larger on the inside than it appears on the outside the diversity which he encounters becomes a central theme of his book as does the manner in which the constant struggle between a lively present and a living past influences Irish people today Abused in Northern Ireland assaulted in Dublin rained upon everywhere he nonetheless witnesses the extraordinary resurgence of contemporary Irish culture alongside equally vigorous sectarian bigotry Eccentricity wit and humour form an enlivening thread throughout Lalor's journey as do the enchanting landscapes of the country Inside jacket flap **Public Papers of the Presidents of the United States** United States.
