Alternative Rock:

The History of Alternative Rock Stuart A. Kallen, 2012-05-09 This volume discusses the history of alternative rock and the ethos of alt rockers as rebels who value independence experimentation and truth telling Rather than making music for broad commercial appeal these musicians drew from a variety of styles that were considered unfriendly for consumers Over the years alternative rock has spawned mash ups of garage rock punk new wave rap thrash and hardcore This group of indie rockers not only created a new sound but also put forth a different attitude as they outwardly rejected the musical standards and sales practices set by major record companies

Alternative Rock Dave Thompson, 2000-11 Provides profiles of solo performers bands producers and record labels from the alternative rock movement ranging from the mid 1970s to the present and includes discographies album reviews and photographs
