Althea Vernon Lee,2015-06-29 Excerpt from *Althea Dialogues on Aspirations Duties* A volume of dialogues similar to these which I collected some eight years ago was prefaced by an elaborate account of a personage called Baldwin Re reading those pages just now as a preliminary to prefacing this new set of dialogues I find to my surprise that the only information about him which I am called to add is that this shadowy personage about whose real existence and identity I once seemed so certain has ceased to exist Those readers who quite properly leave the preface to the last will here interrupt with the statement that they have met Baldwin in every one of these dialogues that is true but it does not prevent his having ceased to exist For Baldwin has departed this vague life of reality reality which is vague because it is complex and shifting to reappear in the clear solid existence of imaginary beings of those typical representatives of tendencies and ideas who are so consolingly consistent and who stand being undisturbed by vital processes as gentle and spirited as a saddler s wooden horse that horse which forever paws without moving for the better display of intellectual harness and trappings About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Althea* Vernon Lee,2016-05-02 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Althea* Vernon Lee,2015-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as

Towards an Aisthetics of the Victorian Novel Nadine Böhm-Schnitker,2023-11-16 Towards an Aisthetics of the Victorian Novel Senses and Sensations establishes a new analytical method in the broader context of sensory studies in order to explain how the genre of the novel can impact on our perception of ourselves and our social contexts Taking cultural literary studies ahead the book re integrates aesthetics a much fraught concept in cultural studies that long favoured popular over high culture into cultural studies as aisthetics in the word s root sense of perception Zooming in on period shifts and changes in taste spanning realism sensation fiction and aestheticism aisthetics reveals how these shifts also pertain to new ways of perceiving in selected novels by George Eliot Wilkie Collins and Vernon Lee Connecting Victorian and current literary theories aisthetics helps explore the way in which the novel can shape the way we perceive the world what remains excluded from the realm of the perceivable and how our conduct is consequently always also influenced by the dominant genres of our time

The Victorians and the Eighteenth Century Francis O'Gorman, Katherine Turner, 2017-07-05 Disrupting the common assumption that the Victorians regarded their eighteenth century predecessors with little interest or with disdain this volume re examines these relationships exposing some of the significant and complex ways in which key aspects and texts of the eighteenth century were situated read and transacted with during the post Romantic nineteenth century The contributors challenge long held assumptions about Victorian uses of the past and offer new insights into how the literature and culture of the eighteenth century helped shape the culture and identity of the nineteenth This collection of essays by an impressive array of scholars with a Preface by David Fairer offers a sharply new assessment of the energizing place of eighteenth century literature and culture in the nineteenth century While obviously of great interest to students of eighteenth century and Victorian literature the collection will also appeal to readers broadly concerned questions of literary influence periodization and historiography

Women's Literary Collaboration, Queerness, and Late-Victorian Culture Jill R. Ehnenn, 2017-05-15 The first full length study to focus exclusively on nineteenth century British women while examining queer authorship and culture Jill R Ehnenn's book is a timely interrogation into the different histories and functions of women's literary partnerships For Vernon Lee Violet Paget and Kit Anstruther Thomson Somerville and Ross Edith Somerville and Violet Martin Elizabeth Robins and Florence Bell and Katharine Bradley and Edith Cooper the couple who wrote under the pseudonym of Michael Field collaborative life and work functioned strategically as sites of discursive resistance that critique Victorian culture in ways that would be characterized today as feminist lesbian and queer Ehnenn's project shows that collaborative texts from such diverse genres as poetry fiction drama the essay and autobiography negotiate many limitations of post Enlightenment patriarchy Cartesian subjectivity and solitary creativity industrial capitalism and alienated labor and heterosexism In so doing these jointly authored texts employ a transgressive aesthetic and invoke the potentials of female spectatorship refusals of representation and the rewriting of history Ehnenn's book will be a valuable resource for scholars and students of Victorian literature and culture women's and gender studies and collaborative writing
